well established that consumption if attending to in its first stages, can be cured. There is, however, no true and rational way to cure this disease, which is really scrofulous ulceration of the lungs, except through purifying the blood. Keep the liver in perfect order and pure blood will be the result. Dr. Pierce's "Golden Medical Discovery," a purely vegetable compound does all this and more; while it purifies the blood it also builds up the system, strengthening it against future attacks of disease. Ask for Dr. Pierce's "Golden Medical Discovery." Take no other. Of druggists.

KNOXVILLE, Tenn., Nov. 6.—A dastardly strempt was made to assassinate William Carr and family of Union county, Wednesday. Carr and his son were unloading cora at the barn, and a daughter, nine years old, was on top of the wagon, when they were surprised by a volley of shot from a thicket. Each of the three received a portion of two loads of buckshot, and it is thought all were fatally injured. Carr tennot recover. Tom Berry, a distant relative of the Carr's has been arrested and made a confession. It is feared he will be lynched.

CERTIFICATE:

GENTLEMEN,—For a number of years I surfered from the terrible complaint of dyspepsis to such an extent that, for two years, I was unable to eat meat. Having read of the different cures wrought by the use of St. Leon Mineral Water, I commended to drink it as prescribed in your advertisement. I used it for a month, and can now eat meat. I have a good appetite and gain strength every day. I deem it my duty to recommend this marvellous water to those who suffer from the same complaint.

Menales Among Northwest Indians.

From the Edmonton Bulletin.

It is reported that mesales are making serious rayages in the Lae la Biche settlement. A number of grown people, chiefly women, have died as well as children. The sickness being in every house, the fishery which is now commencing cannot be attended to and great destitution will certainly result this winter. The disease is not quite so had at Whitefish Lake and Victoria, but is bad enough even there. —A single bottle of Ayer's Sarsaparilla will establish the merits of this medicine as a blood purifier. Many thousands of people are yearly cured of chronic diseases by the faithful use of this remedy. It is unequaled for the cure of scrofula.

Statistics as to the supply of gas under municipal ownership at Glasgow show that the people are supplied with gas at the rate of about 75 cents per thousand feet. This is intended to convey the impression that public ownership would accomplish a similar cheapness for American cities, but it entirely overlooks the fact that Glasgow is Glasgow and American cities are something else.

At this season of the year it is very secessary to keep a bottle of West's Cough Syrup in the house for sudden colds. Nothing like it. Curse like magic.

Indignant Australians.

BRISBANE, Australia, Nov. 6.—A meeting has been held here to express the indignation felt by the people of Queensland at the apathy displayed by England in not punishing the natives of New Guinea for murdering white men and rendering the island unsafe for trade. — Avoid the harsh, irritating, griping com-sounds so often sold as purgative medicine, and correct the irregularities of the bowels by the use of Ayer's Cathartic Pills. They are invaluable as a family medicine.

Why it is Overlooked.

From the Omaha World.

Indignant Citizen—"Uncle Sam, do you mow that snuggling is carried on by our naval vessels?"
Uncle Sam—"Yes, I've heard about it."
"Why don't you do something about it?"
"Oh! the navy can't do any smuggling orth mentioning. It isn't big enough"—

—Do not neglect a cold or cough, as it frequently results in consumption. You will find a never-failing remedy in West's Cough Syrup. All druggists.

From the New York Sun.

"Here, waitah, is a dime for you," said a young man, as he got up from the table.

of nearly \$2500 for St. Patrick's Church in Rome, Archbishop Walsh of Dublin makes the following significant allusion to the collapse of the pro English influence at the vatican:

"The Holy Father takes special personal interest in this work. You may rest assured then that your splendid contribution to it will attract his special attention. It will furnish him with another evidence of the truth which he has so fully realized that our Irish movement is very far indeed from being what our semiles a short time since so industriously labored to deceive him into believing it to be."

Track Table 1. The work of the will attend the country we have sudden the standard of the standard point of the stand in will fasten its fanges in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden dolds. We cannot avoid them, but we can have been been so fully realized that our Irish movement is very far indeed from being what our enemies a short time since so industriously labored to deceive him into believing it to be."

A Radical Change.

Daniel Sullivan of Malcolm, Ont., takes pleasure in recommending Burdock Blood Bitters for dyspepsia. It cured him after years of suffering. From being a sceptic he is now a confirmed believer in that medicine. 246
