New Trojan-Enz® with Spermicide helps reduce it.

Now you can reduce the risk of sexually transmitted diseases with new Trojan-Enz® Condoms with Spermicidal Lubricant. We've added Nonoxynol-9 spermicide to our quality condoms, so you can be confident about protection. Use new Trojan-Enz® with Spermicide. And don't take risks with love.

While no contraceptive provides 100% protection, Trojan® brand condoms when used properly are highly effective against pregnancy. When properly used, Trojan® brand condoms can also aid in reducing the risk of spreading sexually transmitted diseases (STD).
