Dear Sir,

A certain Andrew Francis
who owns wooded land
near the Fisher's grant reserve
is making a claim against
the Department of one hundred
dollars as he says the Indians
have taken wood from his
property for the past two
years to the value of \$100.00.

I told him I would acquaint
you with the matter and
find out what is the done
in the matter.

Yours as J.D. Mac Don
