Ottawa, July 20, 1925.

Dear Mr. Dennis:

I received your telegram some days ago. Sir Henry Drayton at the time was in Toronto but meantime has returned and has now gone back to his constituency. He has a very large picnic engagement there, the picnic being given by himself on August 5th. He has acceded to my request to leave very shortly afterwards, that is, during the second week of August for the Maritime Provinces. The intention is that he will devote his time to examining into the state of our organisation in the various ridings, encouraging and assisting to the best of his ability, and generally advancing the cause. I am sure Sir Henry will leave an excellent impression wherever he goes. I will ask him to advise you as to the exact date of his leaving. I am sending similar letter to Mr. Frank Stanfield.

I am leaving for Manitoba in a few days and will return about the middle of August.

You might kindly at your convenience advise Mr. Rhodes of the contents of this letter.

Yours very truly,

W.H. Dennis, Esq.,
