Sir,

I have to acknowledge the receipt of your letter of the instant, enclosing a copy of a joint report from Inspectors Wedderburn and McGilbert stating their views as to the proportion of cows under tags in relation to those which contractors may deliver under contract to supply beef for Indian purposes in 1892-93, and in reply I beg to inform you that the Department does not consider necessary any alteration.

The Indian Commissioner
 St. Paul & N.W.
