

17 YEARS' PERFECT SKIMMING

STILL AS GOOD AS NEW

Twice-a-day—every day for seventeen years—that is the wonderful record of a Magnet Cream Separator. Ask William Dykeman of St. George, Ont. what kind of service this best of all separating machines has given on his farm. He will tell you that it is skimming to-day just as cleanly, just as perfectly as it did when bought 17 years ago. It still runs just as easily as it did the day he bought it. He spends only 5 minutes each morning and evening cleaning his Magnet. He has spent only a couple of dollars for repairs, oil, etc.—and this is the USUAL thing with the Magnet. The Magnet is so sturdily, so honestly built that every machine will give this splendid satisfaction.

MAGNET CREAM SEPARATORS

Gives 50 Years Service

The first Magnet ever built is in our own factory and has been run the equivalent of fifty years twice-a-day service. It still skims perfectly and runs easily. Every Magnet made to-day is even better than this first one. Seventeen years of manufacturing the best separator made has taught us pretty well all there is to know about separators.

Easy to Run

Square gears give Magnet long-life. They're the secret of easy running also. No check on the speed like worm-gear machines have when milk is poured in. The square gears run true and have the belt to carry the load. And the longer you use the Magnet, the easier and more smoothly it runs. Every moving part is machined exactly as a watch.

Easy to Clean

Women will appreciate the fact that it takes less than five minutes to clean the Magnet perfectly. The open one-piece skimmer makes cleaning easy—no trouble at all. No discs used means no taking apart. Bowl and spouts too, are constructed for convenient cleaning. Catalog will tell you of scores of children who clean Magnets every day in 5 minutes.

Skims Milk Hot or Cold

The Magnet skimmer is different from any other on the market. A cheap machine cannot give you a skimmer that is so efficient with hot or cold milk of any degree of butter-fat.

Free A DAIRY LIBRARY Write To-day.

Skims the Last Drop of Cream

A money-saving skimmer too! It will deliver the very last drop of cream—clean, sweet, free from froth and dirt. The wonderful double-supported bowl cannot wobble—spins on bronze bearings at both top and bottom. You can separate with the Magnet even on rough ground.

MAGNET CREAM SEPARATORS

FREE Demonstration in Your Own Dairy—and Big Catalog

We are satisfied that the Magnet is the best separator on the market. To convince you we gladly make this offer. Say you are interested and we will bring a Magnet right to your own dairy, and operate it free from any charge whatsoever to you. You can learn all about the Magnet, all about the thousands of farmers who have had Magnet satisfaction for years, in our beautiful catalog. We send that free, and gladly too. Write today.

Terrebonne, Que., Can.

AGRICULTURAL LIME

From the celebrated Beachville Quarries. Highest testing and purest lime in Canada. Why pay \$20 to \$35 per ton for your fall wheat fertilizer when we can give Ontario farmers the highest testing Phosphate and Lime ingredients to make two tons for \$20, analyzing 14.87% Phosphoric Acid and 50% Lime? Progressive farmers by thousands are using these high-grade materials for profitable, permanent agriculture. No high-priced soil stimulants for them. Our traveller will call if you are interested. Agents wanted in unrepresented districts.

THE HENDERSON FARMERS' LIME & PHOSPHATE CO., Woodstock, Ont.

Gurney-Oxford tremendous output makes this value possible
