that many preparations thoroughly deserve on a count of their utter worthlessness. Langley's Cordial Rhubarb has however managed not only to escape censure but also to obtain high praise. This it has done

simply by being what it purports to be A Reliable Medicine or a specified complaint. It does not propose to cure a dozen different diseases of most opposite natures, but confines itself with great modesty to

one particular class of diseases, viz: those arising from a disordered state of the Stomach and Bowels. This Cordial is therefore good for DIARRHOEA, DYSENTERY & CHOLERA It has been used with great success in the EAST INDIES, and having been introduced there by officers at one time stationed in this garrison. Lately it has found its way to the Coast of Ar-arca, and is there fast becoming esteemed for its curative powers as a specific for Asiatic Cholera. Each bottle has around it a copy of the "Reccommendations of the Royal College of Physicians on the subject of Cholera"—of itself worth the price of the bottle. Price 50 cts per bottle. A liberal
