

HELP WANTED

From every Canadian Farmer to make this year 1914 break all records in business and financial growth and general helpfulness

The Poet was also a Prophet when he said:

"All are wanted by each one"

Is this not true today? Was united action ever as much needed as it is today among the Western farmers? Co-operation is the only remedy for the evils from which we are suffering.

Do you want to help to cast off the burden of unjust conditions? You can help by:

1. Joining the Grain Growers' Association and engaging actively in its work.
2. **Taking Stock** in The Grain Growers' Grain Company Ltd., thus placing your money where it will work for you and for your fellow farmer.
3. **Shipping your Grain** to The Grain Growers' Grain Company, so that the commissions may be used to help and not hinder the farmers' cause.
4. **Buying** your binder twine, lumber, fence wire and fence posts, apples, coal, etc., through your own Company.
5. **Boosting** your own Company and Cause at every opportunity.
