

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, but the Trouble Lies in the Blood

Spring weather is bad for rheumatic sufferers. The changes from mild to severe weather, cold, raw, damp winds following mildness start the aches and twinges, or in more extreme cases, the tortures of the trouble going. But it must be borne in mind that it is not the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pains. The only way to reach the trouble and to cure it is through the blood. The poisonous rheumatic acids must be thrown off and driven out. This is a solemn medical truth every rheumatic sufferer should realize. Liniments and outward application may give temporary relief, but they never did and never can cure rheumatism. Any doctor will tell you this is true. The sufferer is only wasting time and money with this sort of treatment, and all the time the trouble is becoming more firmly rooted—and harder to cure. There is just one sure, speedy cure for rheumatism—Dr. Williams' Pink Pills. They act directly on the weak, impure and tainted blood. They purify and strengthen it and thus root out the cause of rheumatism. Here is a bit of proof out of thousands of similar cases that might be given. Mrs. F. X. Boissau, St. Jerome, Que., says: "For almost two years I was a terrible sufferer from rheumatism. The trouble first located in the right leg, making work about the house impossible, and walking very difficult. I tried to cure myself by means of all sorts of liniments and lotions, but with no result—it was only money wasted. The trouble constantly grew worse and the pains more unbearable. Finally it attacked the other leg, and I was all but helpless and completely discouraged, thinking I would be a sufferer for the rest of my life. At this time I read in our home paper of the trouble being cured by Dr. Williams' Pink Pills and I decided to try them. After using the pills for several weeks I could see that they were helping me, and I continued taking them until I had used nine or ten boxes, when every symptom of the trouble had disappeared and I could walk as well as ever I did. Had I known of Dr. Williams' Pink Pills earlier I would have saved myself much suffering and much money spent in other useless treatment as well."

Whether you are ailing or not a few boxes of Dr. Williams' Pink Pills will increase your vitality and give you increased strength to withstand the torrid summer weather coming, when even the strongest feel easily fagged out. You can get these pills from any dealer in medicines or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WHEN SAVAGES DIE.

Cattle, Slaves and Relatives Slain to Accompany Departed.

By many savages the dead are supposed to be only asleep, so the departed spirit must be provided for any contingency. The Tongous races of the South Pacific places weapons on "the grave," etc., to be ready for service the moment the dead man awakes from his temporary repose. "And a like course," says Herbert Spencer, "is followed by the Kalmucks, the Eskimauks, the Iroquois, and by tribes, savage and semi-civilized, too numerous to mention."

The dead man needs not only his inanimate, but also his animate possessions; so his slaves—even his relatives—are slaughtered. "With the Kirghiz chief," says Spencer, "are deposited his favorite horses, as also with the Yakut, the Comanche, the Patagonian; with the Bedouin, his camel; with the Toda, in former times, his entire herd."

"The custom of sacrificing wives and slaves and friends develops as society advances and the theory of another life becomes more definite. Among the Fuegians, the Andamanese, the Australians, with their rudimentary social organizations, wives are not killed to accompany dead husbands. But it is a practice shown us by more advanced peoples."

It was in ancient America, however, that immolation to the dead was carried to its greatest extent. "In Mexico every great man's chaplain was slain that he might perform for him, the religious ceremonies in the next life as in this. Among the Indians of Vera Paz, when a lord was dying they immediately killed as many slaves as he had, that they might precede him and prepare the house for their master."

CANCER IS NOT HEREDITARY

DR. HERBERT SNOW EXPLAINS THE SCOURGE.

Purely Local Disease Brought On Largely By Modern Trouble and Worry.

"Mere baby talk, fit only for the nursery and unworthy of scientific men," were the terms in which Dr. Herbert Snow, of London, England, characterized assertions made by vivisectionists for results in cancer research obtained by experimenting on living animals. The noted physician delivered a lecture in New York on the subject of cancer and pleaded for the adoption of more intelligent methods in the treatment of the disease.

"One of the greatest bubbles of this generation and one of the greatest frauds is what passes at present for cancer research," said Dr. Snow. "Not a single particle of knowledge has been added by these ridiculous experiments to our comprehension of cancer. The propagation of mouse tumors constitutes a perfectly monstrous bluff on the part of the gentlemen who indulge in it's form or research."

DUE TO WORRY.
After reviewing the various forms of cancer, Dr. Snow related his experiences in treating the disease. One of the most common forms, carcinoma, the most frequent cause of fatal results, he said, was induced primarily by worry, care and trouble.

"Cancer," said Dr. Snow, "differs from all other diseases in that it cannot possibly be diverted by hygiene or sanitation. It is caused by the wear and tear of modern civilization. All cancer is local, and begins in a single cell extending itself by a multiplication of the cells."

The physician expressed the belief that alcohol was productive of certain forms of the disease. The use of opium in moderate but continuous doses, he said, had beneficial results in curing or retarding the ravages of the growth. He placed no faith in theories of hereditary cancer, and stated that another fallacy was the belief that it had some relation to the soil or to certain forms of food, such as tomatoes or pork.

HOW TO CHECK ITS RAVAGES.
"The mortality from this disease has increased all over the world. In Great Britain and Ireland it killed 16,813 in 1880; the deaths advanced to 32,941 in 1900 and 37,641 in 1905. How can this great mortality be checked? The answer is extremely simple. A great many of these cases should be arrested. The answer is to educate the doctors to understand cancer scientifically and educate them as practical surgeons."

"There is no disease to which less attention is paid in medical schools. There ought to be special cancer licenses and special examinations on the subject. By such simple means as that you would in a short time greatly retard the terrible ravages of cancer."

DELICATE BABIES NEED BABY'S OWN TABLETS

Mrs. H. L. Boone, Tay Mills, N. B., writes: "I think Baby's Own Tablets are an excellent remedy to keep in the house and I would not be without them. My baby was not exactly sick, but was very delicate, and I gave him the Tablets and they have made him strong and healthy." Such is the testimony of thousands of mothers. Baby's Own Tablets always do good—never harm. They can be given with absolute safety to the youngest child, as they are guaranteed by a government analyst to contain no harmful drugs. Never give baby "soothing" stuffs—that only does him harm. Give him a medicine that will act right on the root of his trouble. A medicine that will strengthen his stomach; regulate his bowels; sweeten the breath and make him bright, healthy and strong—such a medicine is Baby's Own Tablets. They are sold by medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

She—"I heard you singing in your room this morning." He—"Oh, I sing a little to kill time." She—"You have a good weapon!"

Always Serviceable.—Most pills lose their properties with age. Not so with Parmelee's Vegetable Pills. The pill mass is so compounded that their strength and effectiveness is preserved and the pills can be carried anywhere without fear of losing their potency. This is a quality that few pills possess. Some pills lose their power, but not so with Parmelee's. They will maintain their freshness and potency for a long time.

CARRIED GLADNESS TO HIS HOME

MRS. ANNIE VANVORST'S
HEART DISEASE CURED
BY DODD'S KIDNEY
PILLS.

She found quick relief in the old reliable Kidney remedy, and advises all her friends to use Dodd's Kidney Pills.

St. Benedict, Sask., March 20 (Special).—Gladness has replaced the anxiety that reigned in the household of Mrs. Annie Vanvorst of this place. For some time past Mrs. Vanvorst had suffered from Kidney Trouble and palpitation of the heart, and fears were entertained of those terribly sudden fatalities that so frequently accompany affections of the heart. But relief from both ailments was quickly found in the old reliable remedy, Dodd's Kidney Pills. In an interview Mrs. Vanvorst says: "I had palpitation of the heart and my kidneys were out of order. I took one box of Dodd's Kidney Pills, and found great relief. For a kidney pill Dodd's Kidney Pills cannot be beat. You may publish what I say as it may be the means of benefiting others who suffer with Kidney Trouble or Heart Disease."

Pure blood is the basis of all health, and you can't have pure blood unless your kidneys are in good working order. Dodd's Kidney Pills never fail to put the kidneys in perfect working order.

WISE PEOPLE.

Bocker—No; they named it for the cook so she wouldn't leave.

An Oil That is Prized Everywhere—Dr. Thomas' Electric Oil was put upon the market without any flourish over thirty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this hemisphere. There is nothing equal to it.

COMPETITION.

"Do you find that it is costing you more to live than it used to?"
"No, not more to live; but more to keep from being eclipsed by my foolish neighbors."

The prodigal son had returned. "Father," he said, "are you going to kill the fatted calf?" "No," responded the old man, looking the youth over carefully; "no, I'll let you live. But I'll put you to work and train some of that fat off."

It is Wise to Prevent Disorder.—Many causes lead to disorders of the stomach and liver are free from them. At the first manifestation that the stomach and liver are not performing their functions, a course of Parmelee's Vegetable Pills should be tried, and it will be found that the digestive organs will speedily resume healthy action. Laxatives and sedatives are so blended in these pills that no other preparation could be so effective as they.

A 60,000 RUBLE REAPING JOB. Russian Girls' School Built by Work in a Field of Oats.

M. Maxim Kolibaba, a provincial commissary of the Russian province of the Tauride, had for years attempted to found a girls' intermediate school at Kamrat, but the 60,000 rubles necessary for the building and foundation were not forthcoming. He complained of this to M. Tsanko, a local millionaire, who retorted that he did not believe in education, as what Russia wanted was good agricultural laborers, and sneered at M. Kolibaba as a type of educated good for nothing.

M. Kolibaba retorted that, despite his education, he could reap his own twenty-three acres of oats with a hand sickle and without help, and he undertook to do this in twenty-eight days. The incredulous millionaire declared that if this were done he would subscribe the whole 60,000 rubles needed for the school.

M. Kolibaba thereupon set to work and, despite a temperature of forty degrees Reaumur, reaped the whole twenty-three acres before the term expired. The millionaire fulfilled the terms of the bet, and paid over the 60,000 rubles for building the school.

M. Kolibaba, who lost fourteen pounds during the operation, is now being bombarded by other localities which want schools and expect the commissary to get money for them by further reaping exploits.

FACE SORES AND ERUPTIONS.

Zam-Buk Will quickly Heal.
The approach of Spring finds many people with unsightly face sores, eruptions, boils, etc. In this connection Zam-Buk is invaluable. Mr. R. H. Barker, of Glencairn, Ont., says: "I never could have believed that any remedy could cure so quickly and at the same time so effectively as Zam-Buk cured me. My face began to be covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me much good, and the eruption got worse and worse until my face was just covered with running sores."

Apart from the pain (which was very bad), my face was such a terrible sight that I was not fit to go out. This was my state when someone advised me to try Zam-Buk. I got a supply, and within a week I could see that the sores were rapidly healing. A little longer, and Zam-Buk had healed them completely, and my skin was as clear as if I had never had a sore."

Zam-Buk is unequalled for Spring rashes, eruptions, ringworm's sores, scalp diseases, children's sores, abscesses, eczema, tetter, piles, cuts, burns, bruises, and skin injuries and diseases generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price Zam-Buk Soap, (25c. a tablet) should be used instead of ordinary soap in all cases of eruptions and skin diseases.
