

CHATHAM NOW

A DRY TOWN

Scott Act Is Being Vigorously Enforced.

Scumiac Man Badly Injured by Accidental Discharge of Gun While Out Shooting.

CHATHAM, N. B., Oct. 5.—Charles Critch and Edmund Friday charged with stealing apples and breaking trees in the rear of the Hotel Dieu Hospital. The charge was not pressed, as the hospital management only desired to put a stop to the damage being done there.

The second Scott Act case within a week against Mrs. John R. McDonald was taken up on Friday morning. Several witnesses testified to getting liquor at the New Brunswick Hotel, but the case was stood over until Friday for further witnesses.

David Martin of Scumiac was badly injured while out hunting with his brother on Wednesday. His gun caught in a branch and was jerked out of his hand and as it struck the ground, went off, the contents of the cartridge striking Mr. Martin under the arm and mangleing it terribly, exposing the bone.

Dr. McKenney, summoned and reached Mr. Martin's home at three o'clock in the morning. He dressed the wound and later in the day Mr. Martin was removed to the Hotel Dieu Hospital, where he is now under the care of Dr. Duffy.

A garage and an auto repair shop will soon be a necessity here. In Chatham and the immediate vicinity there are now nine cars, and several others are reported to be on order. Ernest Hutchinson of Douglastown has two, and F. M. Tweedie, S. D. Hubbert, W. L. E. Weldon, L. O. Snowball, O. McLennan, Dr. Byrne and R. H. Wing each have one automobile.

Arch. Frazer was fined \$50 and costs for violation of the Scott Act.

"We are going to enforce the Scott Act to the limit," said Chief Lawson last week. "The council wants it, and we will show them just what a law enforcement the Scott Act is. No doubt the staff will be peddled in the streets when the bars are all closed up. To date Lahey's Hotel, Albert House, Bowser House, John McKinnon, Canada House, and Jerry Musserall have notified me that their bars are closed."

"I intend to do just as the council has instructed me and will put the third and fourth offenses against defaulters if they continue selling. The third offense carries with it a suspension of months in jail and the fourth conviction means four months in the county jail without the option of a fine."

The chief left on Friday for Glace Bay, where he has to give evidence in a case and he expects to return here and go into the campaign with even greater vigor. The slot machines have been removed from the hotels.

The Sinclair case was dismissed on Tuesday by the magistrate after a witness had stated that he had seen the damage, could not have been done by the accused boys. A peculiar feature of the case was that the real culprit was in court and had the case gone against the defendants he would have gone to the stand and confessed.

WOLFVILLE, N. S., Oct. 5.—Acadia College opens with a substantial increase in attendance. All expected students are not in yet, but that final figures cannot be given; but it is now certain that the freshman class will enroll over 50, the largest in the history of the college, while an unusually large number of new students with advanced standing have entered the higher classes.

The new professor in mathematics, Raymond C. Archibald, Ph. D., is already winning golden opinions. Dr. Archibald graduated at Mt. Allison in 1894, and later pursued special study in mathematics at Harvard and Leipzig, taking his doctor's degree from the latter famous university. He has taught several years in the institutions at St. John's and comes to Acadia in the fullness of his powers. He promises to be a worthy successor to Dr. D. F. Higgins, Dr. C. C. Jones and Prof. E. R. Morse.

The "Second Forward Movement" so successfully launched by the former president, Dr. Thomas Trotter, has now entered upon its last quarter. By the end of the year it is confidently expected that the friends of Acadia will add to her endowment \$100,000. Of this amount, about \$80,000 has now been paid in. Dr. W. L. Archibald, the efficient light secretary, is now being assisted by Rev. M. W. Brown, and other helpers will be appointed soon. The successful issue of this campaign will bring two other most important gains, the gift of \$100,000 additional endowment from Mr. Rockefeller and the gift of \$30,000 from Mr. Carnegie for a new science building. With this additional equipment Acadia will be able to do better work than ever.

Wolfville has been in semi-darkness during the past week in consequence of an accident to the boiler of the new Acadia Electric Light Co. on Saturday evening. A new boiler has been ordered and should be here by the first of next week. It will probably be the end of next week at latest before the plant will be again running.

FRICITION AND SPLIT IN SUFFRAGETTE RANKS

Mrs. Despard and Two Other Women Secede and Form New Society

CAMPAIGN PLANNED

LONDON, Oct. 4.—There has been a split in the suffragette ranks. Three of the active members of the rational committee have seceded, and are going to form a union of their own, which will probably be called the Women's Suffrage party.

The three are Mrs. Despard, sister of General French; Mrs. How Martyn, B. Sc., and Miss Hodgson, M. A., and the ground of their disagreement is a pledge which the Women's Social and Political Union has called upon each member to sign.

When first the suffragettes started their campaign there were no rules, and only one object—the securing of the vote for women. Butties with the police have been fought, and many members have spent period in Holloway jail. HOW THE TROUBLE OCCURRED.

No. 3 of the "methods," just issued, says that the objects of the union shall be promoted by "participating in parliamentary elections in opposition to the government candidates, and independently of all other candidates."

Mrs. Despard would not agree to this; she has publicly stated that she will support the labor members in their candidatures, and, being a strong member of the Independent Labor party, thought it best to work on other

lines, rather than be fettered by a pledge of that kind.

Mrs. Despard, the organizing secretary of the union, said it was perfectly true that the three members had seceded, and that yesterday fresh elections to fill the vacant places on the committee, had already been made. It was not a serious matter.

"We do not want any controversy on the question," she said. "Mrs. Despard and Mrs. How-Martyn have not seen their way clear to subscribe to our pledge, and the committee has been reconstructed."

ENCOURAGEMENT FOR NEW PARTY. "Things came to a head during the past week. The pledge is partly a cause and a result of the severance. The three members wanted to feel free to do what they liked, and we feel that we ought to support no one until we have the vote. "We hope the new party will be successful and that it will help us to get this vote. After all, our own union is only an off-shoot from another branch. Only we must be independent, and our first claim on members is that they hold themselves aloof from party. There will be no antagonism to the new society, which will only carry on the 'good work' in another direction. Meanwhile the union is bracing itself up for big things during the coming winter. It is going to circulate 50,000 women by post and take every means to gather in as many adherents as possible before parliament meets next year. "Then the union will throw its full weight against the government and will take every means to get the vote next session or know the reason why."

VACANCIES FILLED. The vacancies caused by the retirement of the three ladies were filled at a meeting of the union. Mrs. Pankhurst, the founder of the union, was appointed honorary secretary, while Mrs. place of Mrs. How-Martyn, while Mrs. Mabel Tuke replaces Mrs. Despard as joint honorary secretary. The new committee has been strengthened by the election of Miss Elizabeth Robbins, the authoress and actress, and Miss Mary Neal, one of the original Jersey grade cow-keepers, with the mare that they are more flourishing than ever and are now busy preparing an extremely active campaign for the autumn and winter. They are waiting for the house to sit again.

ST. MARTIN'S FAIR. ST. MARTIN'S, Oct. 2.—The St. Martin's Agricultural Society, No. 54, held their annual exhibition Wednesday. The day was very fine, attendance good both in regard to exhibits and interest. A special feature was the booth of A. F. Bently & Son, which is the first time in the history of the society that special booths by firms have been erected. The showing of this firm was excellent. Photograph music added to the interest. The following is the list of prizes:
