There is nothing so bad for a cough as coughing. It tears the tender membrane of the throat and lungs, and the wounds thus made attract the germs of consumption. Stop your cough by using the family remedy that has been curing coughs and colds of every kind for over sixty years. You can't afford to be without it.

Ayer's Cherry Pectoral

Loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; and the cough drops away.

Three sizes: the one dollar size is the cheapest to keep on hand; the 50c. size for coughs you have had for some time; the 25c. size for an ordinary cold.

"For 15 years I had a very bad cough. The doctors and everybody else thought I had a true case of consumption. Then I tried Ayer's Cherry Pectoral and it not only cured me, but it also cured my wife and a half to cure me."

F. HASTON MILLER, Camden, N.Y. Oct. 28, 1898.

Write the Doctor. If you have any complaint whatever and desire the best medical advice, write the Doctor freely.

Dressing Well At Small Cost Is Easily Accomplished

Diamond Dyes enable thousands of women to dress well at small cost. One or two packages of some fashionable color of the Diamond Dyes will give new life and beauty to any old and cast off skirt or dress. Your faded cape or jacket of last year can be colored a rich black, navy, seal brown or dark bottle green, and made to look as if it came new from the store. Your husband's suit and children's clothes may, with a little care, be made as good as new.

Now is the time to dye your rags for the making of pretty mats and rugs. If you desire a novel and stylish pattern, buy one of the Diamond Dye Mat and Rug Patterns now sold by the majority of dry goods merchants everywhere. These beautiful patterns are colored in the best Scotch Hessian and ready for working. If your dry goods dealer does not keep them, send to The Wells & Richardson Co., Limited, Montreal, for design sheets. Mailed free to any address.

The Ladies' Home Journal for Sept. is the special Autumn Fashion Number of that excellent magazine. In addition to an unusual number of interesting stories and striking features, it devotes seven pages to a complete setting forth of the styles-to-be in dresses, bodices, hats and wraps. The most important literary feature, perhaps, is the initial installment of Miss Alcott's Letters to Her Laurin—letters which have never before been printed. They are edited by Laurie herself—now grown up. There is a delightful description of a day in the woods with Ernest Seton Thompson, and a jolly recital of The Cottage Scrapes We Got Into. A Graduate. The fourth part of Miss Thompson's Aileen brings that charming story to its close, and Mr. Bok discusses the need for parental cooperation in education in his editorial on The School Question Again. Three articles about Cats That Draw Salaries, Famous People as We Do Not Know Them, and How a Village Changed its Name combine to make an exceptional page, and a double page is devoted to photographs of The Handsomest Laces in America. The New Wedding Stationery is shown, also some of the photographs which won prizes in The Journal's recent rural contest. In addition to the regular departments there are valuable articles on A Cleverly Planned Nursery, Plants Which Can be Raised in the House, and Plans for an Ideal \$7000 house. By The Curtis Publishing Company, Philadelphia. One dollar a year, ten cents a copy.

Dr. Tufts writing from England says the following in regards Canada's exhibit at the Glasgow Exhibition:—Canada makes a good showing of her natural resources, grains, fruits, furs, timber and also in carriages and machinery. Her agricultural display is one of the finest things in the exhibition. In the fruit corner, some pears and small fruit raised by G. V. Rand, Wolfville, have the most prominent place, and attract a great deal of attention. A jar of pears is exceptionally fine. They have not their equal for pears in the exhibition.

composed of men and women that spend heart and soul in the vain effort to overcome a lack of vigor in the body. To replace inertia by vigor, to make good red blood that will build up the system, to have strong nerves, you must eat more, digest more, assimilate more. How can it be done? By using Ferruzone. It invigorates, strengthens, possesses magical health giving powers. Get Ferruzone to-day and make yourself strong and well.

"Save the Child!"

That is the heartfelt cry of many a mother who sees her beloved child wasting and fading day by day. Sometimes it's too late for medical aid to help the child.

It is so weak, so lacking in stamina that there is no chance of recovery. One of the results of the use of Dr. Pierce's Favorite Prescription preceding maternity is a strong healthy child. Thousands of mothers testify to this. Frequently mothers write, "I was never able to raise a child before using 'Favorite Prescription' or 'All my other children are sickly except this one, and I took your 'Favorite Prescription' this time. All the child's strength comes from the mother. 'Favorite Prescription' gives the mother strength to give her child."

There is no alcohol in "Favorite Prescription"; it contains neither opium, cocaine, nor any other narcotic. It is a purely vegetable and perfectly harmless medicine in any condition of the female system.

Accept no substitute for "Favorite Prescription." There is nothing "just as good" for women's ills.

Sick women are invited to consult Dr. Pierce, by letter, free. Correspondence confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I am so thankful for what Dr. Pierce's Favorite Prescription has done for me," writes Mrs. John T. Smith, of Stouan, British Columbia (Box 90). "It helped me through the months of pregnancy and I have a big, strong baby girl, the most healthy of all my three, and it cured me of a disease which was taking away all my strength."

A HOME WEDDING

The residence of Mr. and Mrs. Peter Middlemas, Berwick, was a scene of a pretty home wedding on Wednesday morning, when their elder daughter, Lena Eloise, was united in marriage to Mr. Clifford Lee Martin of Amherst. The ceremony was performed at nine a. m., Rev. J. Austin Huntly of Amherst, being the officiating clergyman. The pleasant, home like parlor was most attractively arranged for the happy occasion. The large bay window was banked with potted plants in luxuriant bloom, while the curtains, walls and pictures were wreathed in vines. The guests included only the immediate relatives of the bride and groom. At the close of the ceremony Mr. and Mrs. Martin were driven to Aylesford Station, where they took the express for Digby, thence to St. John and Montreal, afterwards visiting the Pan American Exposition at Buffalo and other points of interest in the United States. The bride wore a handsome travelling suit of dark blue mixed cloth, with white silk waist and hat to match.

After their wedding tour, which will occupy some three weeks, Mr. and Mrs. Martin will take up their residence in Amherst, where they will be at home to their friends about the last of September.

Many useful and valuable gifts were received by the young couple.

BADLY RUN DOWN

SYMPTOMS THAT MAY LEAD TO SERIOUS TROUBLE

The Experience of Thomas Cada of Essex Co.—Nerves Seemed Shattered, and He Felt Unfitted to stand Hard Work.

From the Review, Windsor, Ont.

Mr. Thomas Cada of Pike Creek, a small village in Essex county, is known to almost everyone in that section. He is a son of Mr. John Cada, mill owner, and a prominent politician in his locality. A representative of the Windsor Review, who had known that some time previously Mr. Cada was in poor health, recently met him looking anything but an invalid, and naturally asked what had restored him to health. Dr. Williams' Pink Pills, promptly replied Mr. Cada. When asked if he would give the particulars for publication, Mr. Cada said certainly, if you think it worth while; but there is nothing very wonderful about my case. I was simply badly run down; my nerves seemed to be all shattered, and I was unable to stand hard work. In fact work of any kind left me badly used up. There did not seem to be any organic trouble, it was just a case of being run down and worn out. I felt myself gradually getting worse, however, and I began taking medicine. I tried several advertised remedies, but they did not help me, indeed some of them did me more harm than good. Just then I read of a case much like mine cured by the use of Dr. Williams' Pink Pills, and I purchased a few boxes. Very soon I noticed a decided improvement in my condition and in the course of a few weeks I was feeling my old time self. I can now eat heartily, do a good day's work with no unusual fatigue, and in fact feel thoroughly renewed in health and strength. Naturally I think Dr. Williams' Pink Pills a great medicine for those who are weak or ailing.

If you are feeling run down, and easily tired, you need a tonic to put you right—to make you feel bright, active and strong, and the only always reliable tonic is Dr. Williams' Pink Pills for Pale People. Give these pills a fair trial and you will find that their curative powers have not been over praised. Sold by all dealers in medicine, or sent post paid at 50 cents a box, or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
