E'S J-T For Fifteen Years Face and Body I Mass of Itching Sores-Could Not Express Suffering - Doctors Did No Good.

#### CURED BY CUTICURA WHEN HOPE HAD GONE

"My head was one mass of scabs, my forehead was covered down almost to my eyebrows, and I had to wear my hat all the time. My body was covered with spots in size from a pinhead to as large as a silver dollar. A white, crusty scab would form and itch, and words cannot express the torture and humiliation I suffered for fifteen years. I tried many doctors, and all kinds of treatments, but could get no help, and I thought there was no hope for me. A friend told me to get Cuticura. I did, and in three days my head was as clear as ever. I applied Cuticura Ointment night and morning, also taking a hot bath with Cuticura Soap three times a week, and using the Ointment freely after the bath. After using one cake of Cuticura Soap and two boxes of Cuticura Ointment I was completely cured, without mark or blemish. I was so pleased I felt like running down the street to tell every one I met what Cuticura had done for me. (signed) H. B. Franklin, 717 Wash'n St., Allegheny, Pa."

### COMPLETE TREATMENT For Every Humour from Pimples to Eczema

Complete external and internal treatment for every humour, consisting of Cuticura Soap, Ointment, and Pills, may now be had of all chemists. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning, and scaly humours, eczemas, rashes, and irritations, from infancy to age, when physicians and all else have failed.

BOOTS IN CHINA.

The common people in China wear boots only when it rains. The rest of the time the use of the modern footwear is confined to officials, soldiers, sailors and servants. The commonest form of foot covering is the shoe of the peculiar shape familiar to all but the goolies have to content shoe of the peculiar shape familiar to all, but the coolies have to content themselves with sandals of straw or go barefoot. Shoes for women are made at home, and only in Shanghai are they ever exposed for sale in the shops. Of fate years there has been a large sale of rubber shoes patterned after the Chinese shapes, but of Occidental manufacture, and these are growing in favor as wet weather shoes among all classes. These shoes are made both in Germany and the United States and are now to be found in all of the treaty ports, although they have not yet been largely sold in the interior. The Manchus wear shoes perched upon small stifts, with sheepskin as a protection against the cold.

### THE FRUIT OF ONTARIO

Apples Will Only Show One-Third of Usual Crop.

ate Fruit of This Variety Will Be Good-Government Report For August Issued-Peaches Likely To Be Brought From Michigan - Winter Killing, San Jose Scale and General Neglect Had Their Influence.

rai Neglect Had Their influence.

Toronto, Sept. 5.—The first crop report for August, issued from the fruit division of the Department of Agriculture, Ontario, yesterday, shows conditions practically unchanged since the July report. The weather has been on the whole most favorable. A few wind storms have been reported, but the effects have been local and not in the large commercial orchards. Insects are slightly more numerous than last year, especially the codlin moth and San Jose scale. Fungous diseases have not developed abnormally during the month.

The Apple Crop.
The apple crop is now so far advanc-The apple crop is now so far advanced that a fair estimate can be made of the crop, the most serious disturbing factor being the usual September windstorms. The southern Ontario (Lake Erie) district will give a very light crop of winter apples. Three-fourths of the orchards have reported a total failure in early and fall varieties. Lake Huron district and central counties east to York wil give a light to medium crop, with very few more than enough for local use. Some fall apples will be available for shipping more than enough for local use. Some fall apples will be available for shipping purposes. Lake Ontario district will show a medium crop of good fruit. Ben Davis, russets, and spys showing in a few cases a full crop. The early and fall apples are relatively a better crop than the winter fruit. British Columbia will be the only Province giving a medium to full crop. The Dominion as a whole will produce about one-third as many apples as last year, giving a medium to full crop. The Dominion as a whole will produce about one-third as many apples as last year, but the fruit will be freer from scab, but somewhat more infected with codilin moth. There is also a general consensus of opinion that the present favorable weather conditions and light crop will cause the apples now on the trees to fill out much better than usual. It is also certain that much fruit that would be wasted in years of plenty will this year find its way to the market, so that the final result in barrels will be larger than present indications might otherwise justify.

Pears.

With the exception of British Columbia, all districts show a light pear crop. No full crops are reported except in Keiffers, Bartletts and Clapps are better than later varieties.

Plums.

Plums are reported a medium crop in the Niagara and Georgian Bay districts, with much uncertainty on account of rot and curculios. British Columbia is harvesting a very full crop of plums, that with a larger acreage would seriously affect the market. The Japans have been a good crop every-

would seriously affect the market. The Japans have been a good crop every-

Peaches Early peaches have been a medium to full crop. The later peaches are a medium, and in some orchards a full crop in Niagara district, but almost a total failure in Essex and Kent. Kings-ville and Leamington do not expect to ship any peaches this season to dis-tant markets. The acreage everywhere has been so reduced by winter killing, San Jose scale and general neglect, that the acreage of good late Canadian peaches placed on the market will be much below the average. This will lead probably to the importation of peaches

from Michigan, where the crop is good.

Grapes.

Black rot is not nearly so prevalent as for the last two years. A full crop of grapes is almost assured.

of grapes is almost assured.

Tomatoes.

Early tomatoes have been a heavy crop and later yields are showing well.

Foreign Countries.

Conditions in Europe and the United States are unchanged. The crop is everywhere short, good prices are being paid for good fruit. This has stimulated shippers to send forward immature fruit. Several shippers have been prosecuted under the fruit market been prosecuted under the fruit market act for branding such fruit No. 1.

# Alleged That He Has Wife There and Also In Detroit.

Also In Detroit.

Detroit, Sept. 5.—For nearly 11 years George Stubbs, a teamster of Sarnia, Ont., has been alternating regularly between his own home, wife and family and Sarnia and a Detroit home and woman, who claims that she believes herself to be his true wife.

The latter woman was formerly a resident of Watford, about 30 miles from Sarnia. In Detroit Stubbs called himself George Elgin. The Sarnia wife learned accidently three weeks ago of the Detroit woman, but took no action upon Stubbs promising to remain in Sarnia. On Sunday, however, he came to Detroit. Mrs. Stubbs followed him yesterday and went direct to his Detroit house.

After an altercation, it is alleged Stubbs threw his wife out of the house.

Stubbs threw his wife out of the house. She sought the police, but this being a holiday was unable to procure a warrant.

Buys Alberta Land. Eugs Alberta Land.

London, Sept. 5.—As the outcome of the recent trip to Canada of a party with the view of assisting young men of the North Lancashire district, wishing to improve their prospects in life, Ald. W. Smith of Preston has purchased 7,680 acres of land in Southern Alberta.

See Canal Tonnage.

Sault Ste. Marie, Sept. 5.—August was another big month in the See canal traffic. The total net tonnage was 6,327,095, an increase of about 700,000 tons over last August. The total for the season to date is 26,164,799 tons, nearly double the same period last year. Soo Canal Tonnage.

Live Stock For Canada.

Liondon, Sept. 5.—(C. A. R.)—The
Donaldson Liner Marina takes to Montreal a large number of sheep, pedigree
horses and some Shetland ponies.

C. P. R. THROWN DOWN.

Under Government's Consent Railway Commissioners Refuse to Change G.T.P. Route or Allow Appeal. Ottawa, Sept. 5.-The railway commission yesterday approved the plan and profiles of the G.T.P. railway from

mission yesterday approved the plan and profiles of the G.T.P. railway from Portage La Prairie to the little Saskatchewan River.

The application was vigorously opposed at Aylesworth, K.C., on behalf of the Canadlan Pacific, the claim being that the new line paralleled the C.P.R., whereas it was the intent of Parliament that it should go farther to the north. The latter road objected to the invasion of its territory. It also demanded to know the route from Winnipeg to Portage La Prairie.

The G.T.P. counsel relied on the fact that the Minister of Railways and the Government had already approved its route and maintained that there was no deviation from what Parliament had intended.

The commission took the view that

ment had intended.

The commission took the view that it had no arbitrary power to prevent the road taking the course proposed, and, according to the reading of the act, there was nothing to prevent the lines going as near together as desired as long as the Government consented.

"It's perfect nonsense, Bessie, for you to talk of being laid on the shelf. Why, it all depends on yourself. Porget your worries, your aches and ailments; do as I did, take plenty of out-of-door air, cultivate happiness by not allowing your mind to dwell on the trifles and the worries of life. I sent fifty one-cent stamps to Dr. R. V. Pierce, of Buffalo, N. Y., for his 'Common Sense Medical Adviser,' and found it contained much useful information about the care of my health, about physiology, anatomy, and everything a woman should know. I then decided to write Dr. Pierce and tell him all about my ailments. I received such a nice, carefully considered and confidential letter, in reply, giving me advice about my diet, exercise and all. This advice is free to everyone and I wonder you don't write him at once. It didn't take me many months to regain my good looks. Ever since I was fifteen I have suffered untold agonies periodically but now I am free from pain, worry and bad temper. Occasiohally I took Dr. Pierce's Pleasant Pellets—this for the complexion, and to stimulate the liver. Then I took Dr. Pierce's Pavorite Prescription three times a day for those womanly weaknesses I told you about. That's my secret of beauty. It's the easiest thing in the world to be happy and keep one's good looks. Look at the thousands of women who have been made well by Dr. Pierce's Favorite Prescription; look how they keep their good looks. Dr. Pierce's Favorite Prescription; look how they keep their good looks. Dr. Pierce's Favorite Prescription; look how they keep their good looks. The letter of the good looks. The receiver of the cannot cure. All he asks is a fair and reasonable trial of his means of cure." The plans were approved and the application of the C.P.R. for a reference to the Supreme Court on law

Italian Stabs Peacemaker. Toronto, Sept. 5.—As the result of a drunken brawl at Edward and Chestnut streets about 9.30 last night, John Holman, No. 224 Chestnut street, is in the Emergency Hospital with two large cuts in his abdomen. His condition is serious and a consultation of doctors was held early yesterday morn. ing to see what should be done. The Italian who committed the stabbing is still at large. Holman was acting as peacemaker when the stabbing was done. He has a wife and a small child. His habits generally were good.

### BASEBALL MONDAY.

## "PENINSULAR" RANGES

HAVE WELL VENTILATED OVENS

Maybe you don't know how important it is to have the oven of a range properly ventilated. Unless the ventilation is perfect, everything that is baked, tastes PENINSULAR RANGES are

ventilated just right. The odors and steam are drawn from the oven, and a fresh amount of heated air is supplied, keeping the ovensweet. And all this without the loss of any heat or waste of fuel.

Each PENINSULAR RANGE has extra wood grate, so that you can use e ther coal or wood. PENINSULAR RANGES are well made—they save fuel—and are so handsome in design and finish, that they are ornaments to any home.

Ask your stoveman to show you a PENINSULAR RANGE. CLARE BROS. & CO., LIMITED,
