Next meeting in Temperance Hall, Thursday, Aug. 3d, at 3.30 P. M. The meetings are always open to any who wish to become members.

...Gospel Temperance meetings, conducted by members of the W. C. T. U. are held every Sunday afternoon at 4:15 o'clock, in the vestry of the Methodist church. All are welcome.

Trial and Triumph.

The days of heroism are never past, and the history of temperance in the days when it was everywhere denounced would afford some noble specimens. I have often spoken of Willie Bartlett, and out where we stand. t will interest those of your readers who admire pluck wherever it is found to read of his trial and triumph. Willie's father was a noble father, one of the multitude whom the drink sweeps away, who are said to be "nobody's enemie but their own"-a saying terribly false as Willie's mother and the fatherless children soon felt. Burdened with debt and with six small children to support her prospects were very dark indeed. Early in life, howeve, she had become a true Christian, and though her husband who had once walked with her in the narrow path, had been led away by the drink flend, she remained faithful, and whether the coat tackle now that the day of trouble had come she knew where to go for support and guid-ance.

A ST JOHN'S MIRACLE.

Eight Hundred and Twenty-Five Dollars Spent in Vain Efforts to Regain Health.

An Engineer's Painful Existence and Wonderful Rejuvenation—Hospitals and Doctors Failed to Cure Him—Health Restored by a Remedy Almost Forced Upon Him. A Story Worthy of a Careful Perusal.

The News commenced publishing reports of the wonderful results produced by Dr Williams' Pink Pills, and every one must dmit that many of the cures affected cemed little short of the miraculous The names of the remedies which claim to cure all the ills flesh is heir to are to day legion, and whatever the merits and demerits of these preparations may be there is no question as to the great repu-tation achieved by Dr Williams' Phia Pills for Pale People. Some people no doubt laugh at these stories and believe doubt laugh at these stories and believe them to be advertising dodges to catch the unwary and rope in some of their shekels. We have now printed and pub-lished The News for nearly half a century; it enjoys the reputation of being a high-toned weekly with a large circulation and we naturally do business with the advertising men of the day, and from the reputation of the Dr Williams' Medicine Company, we have never had any reason to doubt the perfect accuracy of the cures related; but it is only now that we are placed in a position to testify personally as to the wonderful curative powers of Pink Pills. The story we relate, though no less remarkable than others regarding the same medicine naturally impresses itself more upon our mind and upon the minds of others in the community because the party chiefly concerned is known to us, and we are enabled to bear personal testimony as to the correctness of his declarations.

The gentleman who was a short time age so greatly afflicted is now almost as well as he ever was and cheerfully related his story to the representative of 2he News, in the hope that those who read it

Dr W. B. Richardson humorously warms any young medical man seeking a livelihood in a certain place where every man woman and child was a total abstainer. The King of Remedies. Dock Blood Purifier.

From MRS HENRY OUTHOUSF, TIVERTON. N. S.

About three years ago I was sick with consumption, which was brought on by a heavy cold. I employed a doctor who advised me to use emulsions. I did so but they did me no good. I was growing waker fast—my cough was very bad—with night sweats; in fact my parents had given me up as I belong to a consumptive family. Two of my sisters and one brother have already died of that dread disease. As my appetite was very poor, a friend advised me to use Dr Norton's Dock Blood Purifier. I got six bottles, the use of which soon gave me a craving for food. Soon my cough was better and I began to gain in strength. I used twelve bottles of the medicine and by that time had gained forty-four pounds in flesh with good health. Have had no symptoms of any lung trouble since and believe that Dr Norton's Dock Blood Purifier saved in the control of the canadian Pacific Railway (General Manager and Secretary. K. SUTHERLAND, Resident Manager.)
