Owing to the bad weather on Tuesday evening the meeting of the Horticultural Club was postponed until next Tuesday evening, the 19th, when Mr. Ernest Johnson will give his paper on "Spraying" and there will be a general discussion on this most important subject. Everybody interested is invited to attend.
A lady remarked to me the other day: "What a blessing to be able to select such beautiful room paper at home, instead of standing around a store and then not getting what you want." Send a word to B. We have much pleasure in announcing the appointment of our young townsman, Saml. A. Moore, to the responsible position of manager to the Wolfville Laundry Co., Ltd. Although Mr. Moore is young in years, we believe the shareholders made no mistake in choosing him for the position. We wish him and the company he represents much success.
Mr. William Regan is making a number of changes and improvements in his building on Main street. A false front is being put on with plate-glass windows in the most modern style. Some considerable changes are being made in the carrying on of the affairs of the Wolfville Fruit Land Improvement Co. Dr. DeWitt has retired from the management and Mr. C. R. H. Starr has been appointed to the position of manager. Mr. Starr is well qualified to look after this important work, and the company is fortunate in having secured his services. During the summer active work will be carried on and the whole property put in first-class condition. Two pairs of heavy horses have been purchased and three good men engaged for the summer. This property is getting to be a valuable one, and we expect to see those who have put their money into the venture repaid for their enterprise.
The reception given by the Acadia Athenaeum Society in College Hall last Friday evening was a most successful and enjoyable affair. A large number of invitations were issued for the occasion, and most of those favored with an invitation were present. The hall was prettily arranged and presented a very tasty appearance. The guests were received by Mr. C. P. Charlton, president of the Society, and Mr. R. W. Hibbert, chairman of executive committee. A program of "topics" was arranged and successfully carried out, and the evening passed very pleasantly. Excellent music was furnished by Ward's Orchestra, of Halifax. Many of the costumes of the ladies present were decidedly pretty.

On THE ACADIAN'S first page this week will be found a very pretty sonnet on "Grand Pre" from the pen of Mr. Edward Blackadder. The writer was formerly a frequent contributor to our columns and his writings were always read with interest, particularly by his many warm friends in this vicinity. It will therefore be with pleasure that our readers learn that it is Mr. Blackadder's intention to publish in the near future another volume of his latest poems. This book will be sold at \$1.00, and will be issued as soon as he obtains 500 subscribers at that price. Any of our readers who wish to become subscribers may send their names to THE ACADIAN.
Our readers will note that the rate of taxation in Wolfville this year is a considerable increase over last year, or in fact any year in the history of the town. This may be accounted for in a number of ways. The particular cause of increase in the sewerage tax, which is made up to include the last year as well as this year. This, we understand, was held to be necessary, as the rate was arranged too late to go in last year's tax. The school rate has been advanced from 49c last year to 53c this year. This was done in consequence of the need of another department being added to our schools in order to provide for the increased attendance. While these services have been advanced the general town tax has been decreased from \$1.00 to 93c. Still, the total has been increased from \$1.49 last year to \$1.84 for the present year. Considering all things, however, our taxes cannot be said to be excessive and are yet considerably less than many of the other towns of Nova Scotia.
The regular Mothers' Meeting in connection with the local W. C. T. U. was held in the vestry of the Methodist church on the afternoon of Thursday, April 7th. The meeting was conducted by the Supt., Mrs. Trotter. After the singing of a hymn the leader read appropriate selected passages of Scripture containing the teaching of Christ concerning the treatment of children, and after a short, intelligent exposition of the same, Mrs. Jones led in prayer. An article recently published in a Toronto weekly, entitled "The Child," was read and discussed at some length. The aim of the writer was to show how different the child is from the adult and thus should not be measured by adult standards. The points of difference were noted in the discussion:—First, the physical differences were dwelt upon; second, those that partake of the nature of mind and relate to the child's ability to govern his actions; third, the child as a thinking being. The interchange of thought and experience between the mothers present was mutually helpful, and all felt at the close of the meeting that the hour had been well and profitably spent.
