G. T. P. Awarding Contracts For Pacific Sections.

Vancouver, Thursday.—Foley Bros. Larson & Stewart have been awarded the contract by the Grand Trunk Pacific for the construction of the section 120 miles west of Edmonton. A representative McArthur Bros., of Winnipeg, is now at the coast preparing a bid in competition with the above firm for the Pacific section.

It is learned that there has been a combination formed of local and interior physicians to obtain representations of the latter on the provincial medical council. The local doctors are said to have been very warm on many points, and after the meeting the reformers suggested a plan to divide the province into districts, giving three representatives on the council to the lower mainland, two to the island and two to the interior. The names mentioned for the latter are Dr. Rutherford, of Revelstoke, and Dr. Arthur of Nelson.

Alton vs Power. A Davidson for plaintiff; I W Butler for defence. Gremley vs Stubbs Charging negligence driving horse and claiming damages Davidson for plaintiff; R A Lawlor for defence.

McLean vs Carvell A charge sale of horse, R Murray for plaintiff; R A Sawlor defending.

Court resumed this morning

the public interests demanded the improvement of the property.

Mr. Williston approved the principle of the motion, but thought it too far in advance of public sentiment at the present time. He thought that a satisfactory solution of the evils complained of could be secured by taxing vacant lots the same as improved lots, improvements upon the land to be taxed much less than at present. The whole system of assessment was wrong. Assessors should be compelled to value land at its full worth.

The motion was opposed by Messrs. Lingley and MacLeod. Mr. Lingley thought expropriation wrong in principle and impossible in practice. Mr. MacLeod wanted more light on the subject and thought the discussion should be postponed. He said the assessors had now the right to assess as Mr. Williston wished.

Principal Steeves supported the motion, and in reply to Mr. Lingley, declared that the right of expropriation depends solely upon whether such expropriation is considered in the public interests.

W. J. Black and others also supported the motion.

At the previous meeting Rev. Mr. Rice (P. H. Gough in the chair) had strongly endorsed the petition.

When the question was called the vote stood as follows:—Yea—Black, Day, Jeffrey, Johnson, Leard, Mullin, Richardson, Rowe, Steeves, Stuart and Williston—11. Nay—Gough, Lingley and MacLeod—3.

Messrs. Steeves, Stuart and Lingley were appointed the committee to draft the necessary legislation.

Council meetings are held once a month. Next one will be on Monday evening, Feb. 10th.

FURNITURE FACTORY IN LIQUIDATION.

With liabilities estimated at \$46,000 and assets valued at \$88,000, the Anderson Furniture Co., Ltd., of Newcastle, has gone into liquidation. Allan A Davidson, Esq., has been appointed liquidator. The business will be continued until a final disposition has been made.

A very large audience considering the wretchedly bad weather, assembled in the Opera House on Monday night, to greet H. Price Webber, Edwin Grey and the rest of the talented Company. The play was an exciting Western drama—Beyond The Rockies. The Company will return for one night only on Saturday, Feb. 8th, giving a new Saturday play "Brough"—which will no doubt draw a full house.

MEN'S UNION
MOCK COUNCIL.

Interesting Debate Upon Important Questions of Civic Administration.

The second meeting of the Men's Union Mock Council was held in the Methodist vestry on Monday evening 20th inst., Rev. H. C. Rice in the chair. The following councillors were present: Principal B. P. Steeves, ex-alderman H. Williston, R. E. Richardson, F. H. Gough, S. McLeod, T. J. Jeffrey, H. H. Stuart, John Lingley, W. C. Day, W. J. Black, John A. Mullin, John Rowe, H. Leard and J. S. Johnson, the last five being new members of the Union.

S. McLeod, chairman of the finance committee, continued the submission of the estimates for coming year. The amounts proposed for coal and electric light were considered too low, and were referred to Water and Light Committee. Mr. Williston advised the building of a coal shed and importation of coal by water in the summer so as to greatly reduce its cost. He claimed that these services were costing far too much, and could be run more economically.

The estimates were then dropped, and the petition of "A. Brown, I. Jones, and R. Smith," favorably reported by committee of the whole on Dec. 9th, was taken up for final disposal.

The petition, read as follows:—

"Whereas it is difficult to obtain suitable dwelling houses in Newcastle, and

"Whereas the cost of rent is much greater than in former years, and therefore we, the undersigned, request your honorable body to immediately take steps to acquire, by agreement or expropriation, vacant lots in the town, and build houses thereon, to be rented at reasonable rates; and, in case the town has not the power to do this, to petition the Legislature to give it the necessary authority."

The granting of the prayer of the petition was moved by H. H. Stuart and seconded by R. E. Richardson.

Mr. Richardson cited Berlin, Ontario, as an instance where several public utilities had been successfully operated by the civic government, and declared that Newcastle could manage tenement houses as well.

Mr. Stuart explained that Glasgow, the second city of the Empire, had made a success of municipal tenements, street cars and factories, and so could Newcastle. It was wrong to allow persons to hold land idle when
