

## MONK'S PLOT IS DEVELOPING.

A Partisan Motion to Prejudice  
Voted Down.

## "HATCH" CROPS UP AGAIN.

Money Has Been Offered to Witnesses  
—Who Was the Would-be Subor-  
ner?—Tests of the Food on a  
Hospital Sergeant — The Case  
Petering Out Miserably.

Yesterday at the Emergency Ra-  
tion Committee in its policy of  
trickery and scheming for partisan  
effect, moved. "That whereas it  
appears by the report of Mr. Mac-  
Farlane, the Dominion Analyst, in-  
troduced before this committee, that  
the emergency rations provided for  
the Canadian contingents now in  
South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and  
whereas it is urgent in the interest  
of the Canadian troops now on active  
service that the commanders of such  
troops be fully informed in regard to  
such emergency rations, that this  
committee do recommend to the  
House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

Mr. Britton objected that there  
was no necessity for such action at  
present, as the emergency rations  
were only intended to supplement the  
imperial rations, and the Dominion  
Analyst's report was a good and nutri-  
tious ration.

The Entries.

In the afternoon when the com-  
mittee met, Mr. Campbell moved that  
the Collector of Customs be required  
to furnish a statement of all entries  
of emergency ration powder or simi-  
lar materials imported by the Hatch  
Company or any other firm, from Jan-  
uary, 1899 and 1900, showing the  
price at which it was entered for  
duty. The motion was adopted.

Mr. Britton's Amendment.

Mr. Monk again brought up his  
motion that a cable message be sent  
to South Africa informing the authori-  
ties of the result of the Dominion Analyst's  
analysis. Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now  
in South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and  
whereas it is urgent in the interest  
of the Canadian troops now on active  
service that the commanders of such  
troops be fully informed in regard to  
such emergency rations, that this  
committee do recommend to the  
House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now  
in South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and  
whereas it is urgent in the interest  
of the Canadian troops now on active  
service that the commanders of such  
troops be fully informed in regard to  
such emergency rations, that this  
committee do recommend to the  
House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now

House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

the trunk was semolina, the gluten  
of wheat.

Hospital Sergeant Cotton.

Hospital Sergeant Cotton, now at  
St. John's, formerly of Kingston, one  
of the men who went through the  
test at Kingston, swore that he had  
undergone another test at St. John's  
with Dr. Devlin's food. He took the  
food in the same way as at King-  
ston, made with two ounces of milk  
in the morning, with eight ounces  
of beef test at noon, and again  
with two ounces of milk in the  
evening. The result of  
the test was precisely the same as  
at Kingston, and he took the food in  
exactly the same way as at King-  
ston, only that he did not take quite  
as much because he did not take the  
bread, although he might have taken  
a little more of the powder to make  
up for the bread, but the quantity of  
nutriment in the recent test was  
about the same as in Kingston. The  
conditions of the test were more  
stringent in this case in respect to  
the beer, but the effects were much  
about the same. The next part of this  
witness' evidence was given with all  
the enthusiasm of a patient medical  
advertisement, but apparently with  
absolute earnestness by the wit-  
ness, who is an exceedingly intelli-  
gent looking Englishman and who  
looks as if at all times there had  
been a fair amount of proteids and  
carbohydrates and all other neces-  
sary ingredients in the food. He said  
he had taken in his earlier days. He  
said: "Before the test in Kingston I  
suffered from indigestion; after tak-  
ing the food, I was relieved."  
I have felt no evidences of indigestion  
since taking the test. The same re-  
sults were obtained in the test at  
St. John's. There was no difference  
at all between the two as nutri-  
ment."

"You say they were substantially  
the same material?" Dr. Russell  
asked.

"Hatch" at Work Again.

The witness answered: "We had two  
kinds of powder, King's and Hatch's.  
The Hatch's was similar to King's.  
The food was furnished to him by Dr.  
Devlin, and the test was from the Hatch  
Company, arrived at by the Dominion  
Analyst."

Mr. Britton objected that there  
was no necessity for such action at  
present, as the emergency rations  
were only intended to supplement the  
imperial rations, and the Dominion  
Analyst's report was a good and nutri-  
tious ration.

In the afternoon when the com-  
mittee met, Mr. Campbell moved that  
the Collector of Customs be required  
to furnish a statement of all entries  
of emergency ration powder or simi-  
lar materials imported by the Hatch  
Company or any other firm, from Jan-  
uary, 1899 and 1900, showing the  
price at which it was entered for  
duty. The motion was adopted.

Mr. Britton's Amendment.

Mr. Monk again brought up his  
motion that a cable message be sent  
to South Africa informing the authori-  
ties of the result of the Dominion Analyst's  
analysis. Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now  
in South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and  
whereas it is urgent in the interest  
of the Canadian troops now on active  
service that the commanders of such  
troops be fully informed in regard to  
such emergency rations, that this  
committee do recommend to the  
House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now  
in South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and  
whereas it is urgent in the interest  
of the Canadian troops now on active  
service that the commanders of such  
troops be fully informed in regard to  
such emergency rations, that this  
committee do recommend to the  
House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

Mr. Britton moved in amend-  
ment, "That whereas it appears by the  
report of Mr. MacFarlane, the Dominion  
Analyst, introduced before this com-  
mittee, that the emergency rations pro-  
vided for the Canadian contingents now  
in South Africa contain 15 per cent.  
of proteids or nutritive substances,  
are not a concentrated food and have  
not the value assigned to them; and

House at once that it order a cable  
message to be sent immediately to  
the commander of the Canadian con-  
tingent in South Africa, informing them  
of the conclusion arrived at by the Dominion  
Analyst."

## CONSUMPTION'S VICTIMS

Can Obtain New Health if Promptly  
Treated.

It Was Thought Miss Lizzie Smith,  
of Waterford, Was in Consumption,  
But Her Health Has Been Restored  
—Advice to Similar Sufferers.

(From the Star, Waterford, Ont.)  
Throughout Canada there are thou-  
sands of girls who owe the bloom of  
health shown in their cheeks, the  
brightness of eye and elasticity of  
step, to Dr. Williams' Pink Pills for  
Pale People. There are few girls in  
the first years of womanhood who do  
not suffer more or less from anaemia.  
We see them everywhere, and they  
are easily recognized by a sal-  
lowness of complexion, or perhaps  
tremulous pallor; they are subject to  
headaches, dizziness, palpitation of  
the heart, and feel tired and worn  
out on the least exertion. To those  
who suffer in this manner, Dr. Wil-  
liams' Pink Pills offer speedy and cer-  
tain relief. Proof of this may be had  
in our own town. Miss Lizzie Smith,  
formerly of Kingston, is a girl of 22  
years, the embodiment of health and  
activity, yet not so long ago her  
friends feared that consumption had  
taken its fatal grip upon her. A re-  
presentative of the Star recently in-  
terviewed Mrs. Smith as to the means  
employed to restore her daughter's  
health, and she gave the following re-  
sponse: "My daughter is nine-  
teen years of age, and was very weak  
and subject to sick headaches. Last  
summer she went to work in an estab-  
lishment in Paris, and had not been  
there long when her health grew  
much worse. She consulted a doctor  
there who said that her blood was in  
such a bad state that the trouble  
was likely to develop into consump-  
tion, and on hearing this Lizzie at  
once returned home. When we saw  
her we feared she was in a decline,  
and that she would not survive. She  
was as white as chalk, with dark  
circles under her eyes and the  
eyes shrunken. Her appetite was  
very poor, and she ate very little.  
She was very despondent and at  
times said she did not care whether  
she lived or not. I decided to give  
her Dr. Williams' Pink Pills. I had  
heard very highly recommended in  
cases like hers, a trial. She had  
only taken the pills for a couple of  
weeks when we could see an improve-  
ment. By the time she had used a  
couple of boxes her appetite was  
much improved, her headaches less  
frequent, and the spirit of depression  
passed away. Four boxes more fully  
restored her health, and to-day she  
is as well and as active as though  
she had never had a day's illness. I  
really think Dr. Williams' Pink Pills  
saved her life, and believe they are  
worth their weight in gold to girls  
suffering as she did."

Dr. Williams' Pink Pills make rich,  
red blood, strengthen the nerves,  
bring the glow of health to pale and  
sallow cheeks, and make the feeble  
and despondent feel that life is  
once more worth living. The genuine  
are sold only in boxes, the wrapper  
bearing the full name "Dr. Williams' Pink Pills for Pale People." May be  
had from all dealers or by mail at 50c  
a box or six boxes for \$2.50, by ad-  
dressing the Dr. Williams' Medicine Co.,  
Brookville, Ont.

DEATH OF COL. TYRWHITT.

The End Came Last Night on His  
Return From Ottawa.

Bradford, June 22.—Lieut.-Col. Tyr-  
whitt, M. P. who returned from Ot-  
tawa this evening, died at the family  
residence at 10 o'clock. The journey  
from Ottawa completely exhausted his  
wasted strength.  
Ottawa, June 22.—News reached the  
city to-night of the death of Lieut.-  
Col. Tyrwhitt, M. P., at his home in  
Bradford. The Colonel had not enjoyed  
good health for the last three years,  
and he had been suffering from a  
long illness, which he had attributed  
to his Parliamentary duties here.

THE LATE COL. TYRWHITT.

was seized with hemorrhage. He was  
taken to St. Luke's Hospital, and was  
visited daily by Dr. Sprague, M. P. He  
continued to grow worse, however, and  
a few days since was removed to his  
home, his death being only a question  
of a few days. The Colonel was a man  
of genial disposition, and an ardent  
soldier. His death is greatly regretted  
in Parliamentary circles.

Lieut.-Col. Tyrwhitt was a native of  
Simcoe county, lived there all his life,  
and represented the south riding in  
the House of Commons for eighteen  
years. He was born in 1844, and after  
instruction by private tutors, went to  
France to complete his education. He  
was a farmer by occupation, but was  
best known for his connection with  
the militia. He served as a lieutenant  
in a provincial militia battalion on the  
Niagara frontier during the Fenian raid  
in 1866. He was raised to the com-  
mand of the 35th Battalion, Simcoe  
Forsters, in 1876, and fought in the  
Northwest campaign in 1885, being  
awarded a medal for his services. He  
was the commandant of the Wimbles-  
ton team from Canada in 1886.

Lieut.-Col. Tyrwhitt was a Wimbles-  
tonian. He was first returned to the  
House of Commons in a bye-election  
in 1882. He was re-elected at the gen-  
eral election in that year, and again  
in 1887, 1891 and 1896. In 1887 he  
unsuccessfully contested North York  
against Mr. William Mulock. He was  
married in 1870 to Emma, daughter  
of the late Venerable Archdeacon  
Whitaker, Provost of Trinity College,  
Toronto.

Two Burned to Death.

St. Anne de Bellevue, Que., June 22.—  
Fire broke out last night in the house  
of Samuel Bebel, whose family were  
all asleep. Napoleon, a boy of 10 years,  
and his baby sister, were burned to  
death. The husband and wife, when  
all chance of rescuing their children  
was gone, barely managed to escape  
by jumping from a window.

## DOMINION PARLIAMENT.

Possibility of Prorogation Next  
Week.

Ottawa, June 22.—In the House to-  
day Sir Wilfrid Laurier announced  
that Lieutenant-Governor Melnes has  
been dismissed from St. John's. Sir  
Laurier has been appointed to suc-  
ceed him, and that Mr. Michael Edras  
Bernier, M. P. for St. Hyacinthe, has  
been appointed Minister of Internal Af-  
fairs in succession to Sir Henri.  
The Speaker announced that St. Hyacinthe  
is vacant, and that he has issued his  
warrant for a new election. Sir Wil-  
frid also announced that prorogation  
is expected at the end of next week.  
He also read letters showing that the  
complaints against Mr. Sifton in con-  
nection with Yukon dredging leases  
arose from the fact that Mr. Sifton  
refused to grant special favors to his  
personal friends. Excellent progress  
was made in supply from 5 o'clock on.  
Immediately after routine Sir Wilfrid  
moved that on and after Monday next  
the House shall sit in the morning at  
11 o'clock, and that Government or-  
ders have precedence at all such sit-  
tings after questions on Mondays,  
Wednesdays and Thursdays.  
Sir Charles Tupper asked in view of  
the apparent near approach of proro-  
gation, when the supplementary esti-  
mates, railway subsidies and the Gov-  
ernment's financial statement would be  
brought down would be given to the  
House.

Mr. Fielding replied that the sup-  
plementary estimates would be  
brought down on Monday, he trusted.  
Sir Wilfrid Laurier replied that the  
railway subsidies would be down  
to-morrow, and that there are no im-  
portant measures to be brought  
down except the conciliation bill.

Sir Charles Tupper suggested that  
there was nothing to prevent the  
business of the session being brought  
to a close at the end of next week.  
Mr. McNeill said he desired to call  
the attention of the Government to  
the report of the Dominion Analyst,  
which had been laid upon the table  
of the House, and which showed that  
the food which was being supplied to  
the troops was not as concentrated  
as it should be.

At this point the Speaker called Mr.  
McNeill to order, stating that the  
question had already been referred  
to a committee of the House.  
Mr. McNeill persisted in speaking,  
and said that the food was not as  
valuable as pease meal, when he was  
called to order by the Speaker. Mr.  
McNeill said he would move the  
adoption of the resolution.

Seymour Was Misled.

London, June 22.—The silence of  
Pekin continues unbroken. Four thou-  
sand men of the allied forces were  
having sharp, defensive fighting at  
Tien Tsin Tuesday and Wednesday,  
with a prospect of being reinforced  
Thursday. This is the situation in  
China as set forth in the British  
Government despatch of yesterday.

"Eight hundred Americans are tak-  
ing part in the fighting at Tien Tsin,"  
says the Shanghai correspondent of the  
Times. "The situation is becoming  
more and more serious. The Chinese  
are apparently forming a part of  
a supplementary force, arriving with  
Germans and British after the com-  
bat started. It is impossible to esti-  
mate the number of Chinese there, but  
they had a surprising number of guns."

The English Consulate at Shanghai  
is said to have received information  
from natives reports of a tragedy in  
the palace at Peking, though precisely  
what is not defined. The Consulate  
wishes to extend any particular infor-  
mation of the international relief  
column was misled by information  
from Peking, and consequently under-  
estimated the military force of the  
Chinese, and the Chinese power of resistance  
with Maxim guns and Mausers.

The Consuls at Shanghai still be-  
lieve the misstatements at Peking as to  
the state, although Japanese reports re-  
ceived at Shanghai allege that up to  
June 15th one hundred foreigners had  
been killed in Peking.

Foreigners in China.

Washington, June 22.—Statistics  
concerning foreigners in China are  
contained in the report of the trade  
commissioners between China and the  
United States received at the State De-  
partment from Consul Fowler,  
of Choochow, dated May 7th. The na-  
tionalities of foreigners in China, ac-  
cording to the latest report, are as fol-  
lows: American—Residents, 2,335, in-  
crease over 1898 of 279; firms, 70,  
increase of 27.  
British—Residents, 5,562, increase  
of 414; firms, 401, increase of 3.  
German—Residents, 1,134, increase  
of 91; firms, 115, increase of 8.  
French—Residents, 1,181, increase of  
263; firms, 76, increase of 39.  
Dutch—Residents, 106, increase of  
49; firms, 9, increase of 1.  
Danish—Residents, 135, increase of  
41; firms, 4, increase of 1.  
Spanish—Residents, 418, increase of  
53; firms, 9, increase of 5.  
Swedish and Norwegian—Residents,  
214, increase of 44; firms, 2, increase  
of 10.  
Korean—Residents, 42, increase of  
2; no firms.  
Non-treaty powers—Residents, 29,  
increase of 2; no firms.

The total number of residents, 17,  
193, shows an increase of 3,772 over  
1898. The total number of firms,  
199, shows an increase of 160 over  
1898.

\$9.40.—Hamilton to New  
York, via Lake.

The above low rate of fare from  
Hamilton to New York is by the popu-  
lar route, the T. H. & B. R. and New  
York Central. This rate is by the  
going train leaving Hamilton at  
6.25. The fare by the morning train  
(Empire State Express) is \$10.65. The  
difference is very slight, if time is any  
value to you. Ask T. H. & B. agents  
for information.

An Important Question.

Why should Gerrie's Perfected Bak-  
ing powder be used? Because it is  
pure, it is wholesome, it is economi-  
cal, it is the best sold, it is used by  
our best housekeepers, and perfection  
in cookery cannot be attained with-  
out it. Sold at Gerrie's drug store, 32  
James street north.

At an invitation of the Montreal  
Harbor Commissioners several mem-  
bers of the House of Commons will go  
down to-day to inspect the works now  
in progress at the harbor.

## TIENTSIN BOMBARDMENT.

No Word From Admiral Sey-  
mour's Expedition.

BRITAIN SENDING MORE TROOPS.

London, June 23.—There is still no  
word from Admiral Seymour's ex-  
pedition. The commander of the in-  
ternational force which recently  
started to the relief of that city.  
Authentic information up to June 20  
as regards the serious situation at  
Tien Tsin, which is comparatively  
well garrisoned, increases the anxiety  
as to the condition of the foreign Min-  
istries, and their guards at Peking.  
Shanghai still provides a rich crop  
of sensational rumors, which are  
chiefly based on Chinese imagination.  
The Japanese are stated to have  
heard that 1,500 foreigners have been  
killed at Peking, while the Emper-  
or, Empress, and Prince Tuan are be-  
lieved to have fled to the interior, and  
being revived with painful regularity.

Three Days' Bombardment.

Berlin, June 22.—The commander of  
the German squadron at Tientsin, Ad-  
miral von Dittmar, has written to the  
German Government: "A French officer who has arrived  
from Tien Tsin, which he left June  
20th, reports that for three days the  
city had been bombarded by the Ger-  
mans, and that the troops of the for-  
eign detachment were short of am-  
munition. The German cruiser Irene  
plenty of shells, and was engaged with  
who with 380 English and 1,500 Rus-  
sians proceeded to Tien Tsin. The  
railway is working from Taku to  
within 15 kilometres of Tien Tsin."

Leave England for China.

London, June 22.—The Admiralty  
has ordered 841 able seamen and 400  
marines, now at Plymouth, to start  
for China on June 30th.

News From Admiral Bruce.

London, June 22.—In the House of  
Commons Mr. Bruce said: "We  
have further heard from Admiral  
Bruce, dated Taku last night, and  
Chiefly this morning, as follows:  
"I am having news that the Ger-  
mans are not yet to be re-  
lieved to-night. No news from the  
commander-in-chief. The terrible  
landed this morning 32 officers and  
men of the 'Seymour'."

In conclusion, Mr. Bruce announced  
that he believed various other  
troops would arrive in a day or two.  
If they had not already landed, and  
that arrangements had been made by  
the Government to supplement very  
considerably the force already ordered  
to China.

Seymour Was Misled.

London, June 22.—The silence of  
Pekin continues unbroken. Four thou-  
sand men of the allied forces were  
having sharp, defensive fighting at  
Tien Tsin Tuesday and Wednesday,  
with a prospect of being reinforced  
Thursday. This is the situation in  
China as set forth in the British  
Government despatch of yesterday.

"Eight hundred Americans are tak-  
ing part in the fighting at Tien Tsin,"  
says the Shanghai correspondent of the  
Times. "The situation is becoming  
more and more serious. The Chinese  
are apparently forming a part of  
a supplementary force, arriving with  
Germans and British after the com-  
bat started. It is impossible to esti-  
mate the number of Chinese there, but  
they had a surprising number of guns."

The English Consulate at Shanghai  
is said to have received information  
from natives reports of a tragedy in  
the palace at Peking, though precisely  
what is not defined. The Consulate  
wishes to extend any particular infor-  
mation of the international relief  
column was misled by information  
from Peking, and consequently under-  
estimated the military force of the  
Chinese, and the Chinese power of resistance  
with Maxim guns and Mausers.

The Consuls at Shanghai still be-  
lieve the misstatements at Peking as to  
the state, although Japanese reports re-  
ceived at Shanghai allege that up to  
June 15th one hundred foreigners had  
been killed in Peking.

Foreigners in China.

Washington, June 22.—Statistics  
concerning foreigners in China are  
contained in the report of the trade  
commissioners between China and the  
United States received at the State De-  
partment from Consul Fowler,  
of Choochow, dated May 7th. The na-  
tionalities of foreigners in China, ac-  
cording to the latest report, are as fol-  
lows: American—Residents, 2,335, in-  
crease over 1898 of 279; firms, 70,  
increase of 27.

British—Residents, 5,562, increase  
of 414; firms, 401, increase of 3.  
German—Residents, 1,134, increase  
of 91; firms, 115, increase of 8.  
French—Residents, 1,181, increase of  
263; firms, 76, increase of 39.  
Dutch—Residents, 106, increase of  
49; firms, 9, increase of 1.  
Danish—Residents, 135, increase of  
41; firms, 4, increase of 1.  
Spanish—Residents, 418, increase of  
53; firms, 9, increase of 5.  
Swedish and Norwegian—Residents,  
214, increase of 44; firms, 2, increase  
of 10.  
Korean—Residents, 42, increase of  
2; no firms.  
Non-treaty powers—Residents, 29,  
increase of 2; no firms.

The total number of residents, 17,  
193, shows an increase of 3,772 over  
1898. The total number of firms,  
199, shows an increase of 160 over  
1898.

\$9.40.—Hamilton to New  
York, via Lake.

The above low rate of fare from  
Hamilton to New York is by the popu-  
lar route, the T. H. & B. R. and New  
York Central. This rate is by the  
going train leaving Hamilton at  
6.25. The fare by the morning train  
(Empire State Express) is \$10.65. The  
difference is very slight, if time is any  
value to you. Ask T. H. & B. agents  
for information.

An Important Question.

Why should Gerrie's Perfected Bak-  
ing powder be used? Because it is  
pure, it is wholesome, it is economi-  
cal, it is the best sold, it is used by  
our best housekeepers, and perfection  
in cookery cannot be attained with-  
out it. Sold at Gerrie's drug store, 32  
James street north.

At an invitation of the Montreal  
Harbor Commissioners several mem-  
bers of the House of Commons will go  
down to-day to inspect the works now  
in progress at the harbor.

## A. R. KERR & CO.

Sell Wash Suits and Waists that stand washing.  
Sounds queer, doesn't it. How many of those 30c Shirt Waists will  
withstand the terrors of the wash tub, with unbroken seams and a  
clear color? The trouble is many of you can't tell the difference be-  
tween that sort and ours, until the wash tells you. Our prices at 50c  
up to \$1.50 are high class goods. If not satisfied, money back.

FREE SATURDAY NIGHT  
From 7 until 10.

Every lady buying a Shirt Waist or Skirt over \$1.00 will get a vial  
of Samito's Tooth Powder for nothing. On Monday morning from 9  
a. m. until 12 noon the same gift will be given. The powder is put  
up in two ounce vials with glass stopper; sold usually by druggists at 20c.  
Remember to-night and Monday forenoon, at

A. R. KERR & CO'S.,  
High Class Dry Goods and Ladies' Tailors.

## Absolutely Safe Shoe Buying.

You run no risk when buying shoes from us. We do not handle the  
cheap, trashy shoes such as are kept by the bargain-day dealers. Our  
business is steadily increasing, partly owing to the public becoming tired  
of these cheap, shoddy, bargain-day shoes. Our stock is now in better  
shape than ever before at this season.
