

UNEMPLOYED MADE A DEMONSTRATION.

(Continued from page 1.)

said Roadhouse, "for they were never hungry as long as they were willing to work. You are willing to work and you are starving. It is a time to think."

Those who were arrested at the City Hall window estimated that fully half of the crowd was there through curiosity, and that there were not more than a hundred and fifty idle men present.

Mr. Wilson, J. Beddoe, F. Brown and W. J. Chester were appointed a deputation to wait on the Mayor. They marched around to the front of the City Hall while the crowd waited outside.

Chairman Sweeney met the deputation at the City Hall entrance and informed the leader that the Mayor would hear what they had to say at noon.

"I have been in this city twenty-one years paying taxes," said one of the men. "I have a family of four small children, and I have not been able to get a tap of work to do since last October."

"I have not been here that long," said another. "I have only been here about a year, but I have a wife and three small children, who are starving. Whether you are here one year or fifty years you have to live. I am willing to work, but can't get anything to do. It's a shame to put men who are willing to be broken down after having started nearly all winter up in the quarry to break stone where they get soaked, and are exposed to the weather."

That says the little strength they have left, and which they need to support their families if there is work when the spring opens up."

Chairman Sweeney introduced the deputation to the Mayor at noon. The men declared that it was absolutely necessary they should have work to do of some kind. They seemed to be particularly bitter against the Salvation Army for bringing emigrants to this country, and urged that a resolution be passed discriminating against outside labor.

On the suggestion of Chairman Sweeney it was agreed to open a registry office in the basement of the City Hall to-morrow morning at 10 o'clock. A clerk will be there to register the names of all those seeking employment.

The Mayor and Chairman Sweeney also agreed that a resolution would be introduced at the council meeting next Monday calling on the Dominion Government to stop emigration for the present to the cities in Ontario, and especially Hamilton.

A crowd of about a hundred men waited outside the City Hall to hear the result of the interview. Some of the crowd seemed to treat it as a joke. While a box was being hauled up for the speaker to stand on one called for "the hook."

The crowd seemed quite pleased when the result of the interview was related to them, and cheered lustily when it was stated that the council would pass a resolution asking the Dominion Government to stop the Salvation Army bringing emigrants to this city.

The Mayor explained to the reporters that he made no mention of the Salvation Army. He thinks that by the first of April and with the opening of the season in the building trade that nearly all the unemployed in Hamilton can be given work.

Mr. Westgate, of South Africa, a returned missionary, and in the evening Rev. Dr. Hoyle, of Toronto, preached a mission sermon.

The remains of Mrs. Margaret Grant arrived here this morning from Detroit and were taken to the residence of Miss Tully, corner Fernie and Catharine streets. The funeral will take place on Wednesday morning at St. Lawrence's Church, thence to Holy Sepulchre cemetery for interment.

TOOK SAFE OUT. Loaded it Into Buggy and Left It There. Late Saturday night or early Sunday morning a daring attempt was made to steal the safe from the offices of H. J. Dow, wood and coal dealers, 81 Main street west. Yesterday morning one of the Dow brothers went to the office and discovered a horse and buggy standing in rear of the office and the safe in the buggy. The buggy belonged to the Dows, but the horse belonged to A. Lavis, grocer, King and Caroline streets. In the meantime a man in a dark coat had been driven in an attempt to open the door but this had failed. The safe was uninjured and nothing was taken from it as it had not been opened. The office was entered by a rear window which was broken.

CITY WILL STAND BY PROPOSITION.

(Continued from page 1.)

that the bondholders have first claim on the revenue for their six per cent. interest, and that the city should continue collecting on the gross receipts as in the past. When Chairman Sweeney was asked today if he thought it meant negotiations were off, said, "I hope not. I would very much like to see some settlement made."

It is not expected that the company's offer to sell the lighting plant to the city will be received for a week or so. The Board of Works will not meet to-morrow night, and Chairman Sweeney points out that there is no need for a rush, as nothing can be done until Engineer Sothman's estimates are received. The company will not sell the city the poles, only the cross-arms and lighting wires on them.

The municipalities which have applied to the Hydro-Electric Power Commission for power contracts will have the forms of contract submitted to their representatives at a meeting to be held in Toronto during the present week, according to a Toronto despatch.

So far as the municipalities in the west are concerned, there is no doubt, as intimated by Premier Whitney, that power will be taken from the Ontario Power Company. Up to the present no actual agreement with the company has been signed.

The city began the work of street cleaning on a small scale this morning and gave about a hundred unemployed men work.

FOR ARMENIANS.

Special Service In Barton Street Methodist Church.

For a considerable time the Barton Street Methodist Church has been giving special attention to Christian work among foreigners in the east end, undertaking the problem of helping these people to become Canadian citizens, and they are undertaking it in a vigorous manner. Regular classes are held for their instruction in Bible truth, and in Christian and Canadian citizenship. A lady missionary is employed to go into their homes and help their women and children into better conditions. The workers among these people are meeting with not a little success. Last night a special meeting was held in the church at 8 o'clock for one nationality, the Armenians. There was a large attendance of men, women and children of this race. Rev. S. Sarkisian, a native Armenian, addressed the meeting. He also preached to the regular congregation at 7 o'clock and thanked the members of Barton Street Church for their day-of-care-taking for the brethren of his race.

AN OTTAWA MAN.

Rev. A. E. Mitchell Will Probably be Called by Knox.

There will be a meeting of Knox Church congregation on April 8 to call a new pastor to fill the vacancy left by Rev. S. Nelson, who resigned several weeks ago to go to Minneapolis. It is said to be pretty well understood among the congregation that Rev. A. E. Mitchell, of Erskine Church, Ottawa, who preached here two weeks ago, will be extended the call. There are still two ministers who will preach in Knox before the congregation meets.

AFTER ANNA.

Prince Helia de Sagan Follows the Countess Here.

New York, March 23.—Prince Helia de Sagan, who is a suitor for the hand of Mme. Anna Gould, is believed to have arrived in New York within a few days with the object of renewing his attentions to the American heiress. The man who is believed to be Prince Helia registered at the New York hotel as "W. H. Thomson," and gave no address. The visit of Prince de Sagan here at this time was unexpected, at least by those who know something of the affairs of the prince and of Mrs. Gould.

SHOT BY COREANS.

DIPLOMATIC ADVISER TO COREAN GOVERNMENT ATTACKED.

Knocked Down by Four Koreans Last Night, Who Wanted to Kill Him—Attacked Again This Morning and Shot Three Times—He Shot One of the Koreans.

San Francisco, March 23.—D. W. Stevens, diplomatic adviser to the Korean Council of State, who arrived on Friday from Corea, was attacked and knocked down by a committee of four angry Koreans last night in the lobby of the hotel. Only the prompt arrival of guests and employees of the hotel, in response to his loud cries for help, saved his life, for the Koreans declared later that they would have killed him. Stevens was severely bruised, but not dangerously injured.

The Koreans took offence at an interview by Stevens upon his arrival here, for he said the Korean people have been greatly benefited by Japanese protection, and that they are beginning to look more favorably upon it.

D. W. Stevens, adviser to the Korean Council of State, who was attacked by a committee of Koreans in the Fairmont Hotel last night, for favoring the course of Japan in Corea, was shot three times by two Koreans at the Union Ferry building this morning.

Stevens drew a pistol and shot one of the Koreans. The extent of Mr. Stevens' injuries is not yet known.

Oldest of Temples.

The oldest temple in the world has been discovered by explorers excavating at Bismya, in Central Babylonia. The walls of a tower were uncovered, the summit was cleared and the first inscription discovered upon the surface was a brick stamped with the name of Sargon, of 2750 B. C. A little lower appeared a crumpled piece of gold, with the name of Naham Sin, of 3750 B. C. Just below that level were the large, square bricks peculiar to Sargon, of 3800 B. C., probably the first of the Semitic Kings of Babylonia. A large platform was discovered two and a half yards below the surface, constructed of the peculiar convex bricks which were the building material of 4500 B. C.
