## HUNDRED MILLION DOLLAR MERGER LATEST PROJECT

The Enterprise is the Most Important Ever Launched in Montreal.

### SECURITIES ACTIVE.

Montreal, Jan. 2.—A hundred million dollar merger is the latest project to come under consideration in this city. For several days past there has been unusual activity in Montreal Street and Power securities, consequently there have been all kinds of rumors regarding the alleged merger of these interests.

It appears however, that the half has not yet been told in this respect, as a great tunnel and subway project taking in the Montreal Street Railway and Power Companies, is behind the immense project, with a capital of one hundred millions, sixty millions being in stock and forty millions in bonds.

## ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free and always helpful.

It is well to have on hand a remedy, simple, effective and easily applied, for mosquito bites, insect stings, sores, bruises, sunburn, and injuries to the skin, and forty other ailments not always dangerous, but which can be cured by outward application. Such a remedy is Davis' Menthol Salve (The D. & L.), which comes in tins for 25 cts. at druggists.

## DECISION OF THE HAGUE TRIBUNAL WILL BE WORLD-WIDE

The Right of Americans to Fish in Canadian Waters of the North Will Come Before the Court

Ottawa, Dec. 28.—At the request of the United States government the date for the hearing at the Hague of the case in respect to the rights of the United States fishermen in Newfoundland and Canadian waters in the North Atlantic has been postponed for six weeks from the date set for the hearing namely April 4th next. The Government at Washington represented that the postponement was desirable in order to allow further time for the preparation of the case, and Great Britain, Canada and Newfoundland have consented to the postponement.

## TWENTY-NINE NOVA SCOTIA FISHERIES PERISHED IN THE FOG

The Ocean's Toll for the Year From Gloucester's Leading Industry is Forty-Seven Men and Four Vessels—Losses Below Average

Gloucester, Dec. 31.—With the close of another year there was published today as usual a resume of the loss of lives and vessels in the fisheries from this port during the year, giving as far as ascertained the names of the men, their ages and places of birth, whether married or single with the number of children left fatherless, and any other matter of interest connected with their death.

As has been the usual custom, the list includes the men who were lost from their vessels by falling or being knocked or washed overboard, or who met their death by going astray from their vessel in fog or snowstorm and were never again heard from, those drowned while attempting to board their vessels, those dying on shipboard from natural causes, and those who while claiming Gloucester as their place of residence were temporarily employed engaged in fishing on board vessels from other ports.

Another year has passed, making the sixth in succession, in which it has not been necessary to record the word "missing" against any vessel of the fleet until the anxious watchers have given up all hope of the return of the loved ones, and the belief has become fixed that

vessel and men would never again return to port.

TWENTY-TWO MEN LOST. Included in the list however, are a portion of three crews, one of 11 men who met their death by the capsizing of their schooner, six who strayed from their vessel in a snowstorm and were unable to reach port or any other craft, and five men who slipped temporarily to the red snapper fishery from Pensecola, Fla., and whose craft sailed from port and who never heard from, having probably foundered in a gale.

"I'D RATHER BE DEAD than suffer again the tortures of insomnia, palpitation and nervous twitching of my muscles induced by simple neglect of a little indigestion." These are the forceful and warning words of a lady who proclaims that her cure by South American Nerve when everything else had failed was a modern miracle. A few doses gives relief. Sold by A. E. SHAW'S Pharmacy.—92

### DALHOUSIE LUMBER SHIPMENTS

Shipments of deals, etc., to trans Atlantic ports for 1909, were as follows: Number of vessels, thirty; tons, 49,190; superficial feet deals, battens, etc., 19,509,000; 1,400 cords of pulpwood; 9,979,999 laths; one million shingles.

## NOVA SCOTIA SCHR. RESCUED BOAT'S CREW

The E. A. Sabean Picked Up Capt. Dickinson and Eleven Men.

### SHIP JOHANNA LOST

New York, Jan. 1.—Such are the fortunes of those who go down the sea that twelve men who were lost on Thanksgiving Day of last year when the British ship Johanna went down not 150 miles from the Delaware Breakwater, were not even known to be missing until the survivors were brought to Port Meredy from St. Thomas in the Danish West Indies by the steamer Kerona of the Quebec Steamship Company.

## CREW THE PALMER MAY BE LASHED TO THE MASTS OF SUNKEN SHIP

Wreck of the Big Five-Masted Schooner Located Near the Entrance to Broad Sound Channel—May Have Been Collision.

Hull, Mass., Dec. 28.—That the five-masted schooner Davis Palmer foundered herself to pieces on the rocks one mile southwest of Commissioner's Ledge, beyond the entrance to Broad Sound channel while riding at anchor during Sunday's storm, and that the bodies of her captain and crew of twelve men will be found lashed to the masts below water is the theory advanced by Captain Wm. T. Sparrows of the Light House district, after an inspection of the scene of the wreck today. Captain Sparrow believes there was no collision. His statement as to the location of the wreck differs from that of other captains who report sighting it. Her exact location he says is one mile northwest of Commissioner's Ledge, and one quarter of a mile southeast of Finn's Ledge. He found a general depth of seven fathoms, or forty-two feet of water thereabouts. The Palmer drew thirty feet of water. This shows twelve feet of water between her keel and the rocky bottom.

## BRITISH POLITICAL CAMPAIGN BEARING THE FINAL STAGES

The Peers on the Platform Continue to Furnish the Picturesque Element of the Battle and the Electors Are Enjoying the Fun

LONDON, Jan. 1.—With the first pollings of the general elections only a fortnight away, the campaign shows less popular excitement than the last stages of most previous general elections. Since the first tremendous uproar over the rejection of the Budget by the House of Lords and the general explosion of oratorical efforts by rival politicians the contest has settled down into a dull bombardment of speeches and newspaper articles dealing with the House of Lords and Tariff Reform. The list of candidates is still far from complete.

FUN WITH THE PEERS. The Peers on the platform continue to furnish a picturesque element in the battle. They feel compelled to face the public in order to vindicate the claims of their class to power. A good proportion of these shine more brilliantly at fox hunting than statesmanship their audiences get plenty of fun out of them.

### WOMAN ACID THROWER

A woman believed to be a suffragette attempted today to destroy with acid a quantity of literature at the political headquarters of John Burns at Battersea. The clerk in charge was seriously burned about the face and hands by the acid before he could prevent her design. The woman gained an entrance to the headquarters on the pretense of assisting to address envelopes.

THERE ARE MANY Cough Mixtures, but only one Allen's Lung Balsam; try it.

### WORN, WORRIED MOTHERS

Much of the worry which every mother of young children undergoes would be spared if the mother kept Baby's Own Tablets on hand and gave an occasional dose when the child was fretful, cross or feverish. Nearly all the ailments of childhood can be traced to the stomach, bowels or teething. For these troubles no medicine can equal Baby's Own Tablets, and the mother has the guarantee of a government analyst that the Tablets are absolutely safe. Mrs. Ed. Suddard, Haldimand, Que., says:—I have used Baby's Own Tablets in my home for a long time and always with the best results. I do not know how I could get along without this medicine." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ALL OLD PEOPLE SUFFER from attacks of sudden exhaustion, weak heart action and prostration. The best aid in such case is FERROVIM, the invigorating tonic which is prepared from fresh lean beef, Citrate of Iron and pure old Spanish Sherry Wine. It stimulates the digestion and strengthens the whole body. \$1.00 a bottle.

## Don't Boil Clothes

It isn't necessary—it's expensive and it means doubling your work. You don't have to boil clothes when you use Taylor's Borax Soap, for it dissolves and removes the dirt in a jiffy—yet it never harms the daintiest textures, nor shrinks woollens.

It leaves everything whiter, sweeter and cleaner than you ever dreamed possible. Try it and see.

### TUB TALK No. 2

To wash colored muslins, linens or lawns, first make a strong suds with Taylor's Borax Soap and luke warm water. Wet but one piece at a time. Unless the article is very much soiled, do not run the soap directly on the article. Rub gently with the hands until perfectly clean. Wring out the clothes, and rinse thoroughly in water of the same temperature as that previously used. Never boil colored clothes. A very little Taylor's Borax Soap added to boiled starch will prevent it from sticking, and makes the clothes iron smoother and easier.
