### In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets hoarse, but the wiser one is he who adopts proper measures before his hoarseness becomes serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from cold or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alternative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

**GENERAL BUTTE, SASK.**—"I have used the Golden Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal. I think my boy would not be alive to-day had it not been for the Discovery." I from other medicines, instead of upsetting the stomach as cough syrups do, it is good for the stomach.—Mrs. FRANK WOOD.

### THE INDUSTRIAL OUTLOOK

No one who is in a position to know what possibilities there are for widespread trouble between employers and employees throughout the Province within the next three weeks can view the situation with other than deep concern. The prospect of impending conflict between capital and labor is not inviting. We have only just emerged from the anxiety, distress, and turmoil of international conflict. The minds of men are unsettled. The wheels of industry are not yet turning with their normal smoothness and production. The sight of relief which the world has taken that the great struggle is over has not yet expended itself. Are we to have further troubles before humanity will settle down to steadiness and advancement?

It is not argued here that the tollers of the world are not entitled to a greater share in enjoyments and advantages of life, but the history of unrest and disturbance shows that the civil consequences of disruption fall heaviest on those who are least able to withstand them. Some one of note, writing as a labor leader in England, points out that strikes were a useful instrument in their day but that they have become obsolete or nearly so. The most approved forms of getting concessions today are negotiation, discussion, reason and governmental pressure. May we express the hope that these agencies will be employed throughout the country instead of drastic methods if the workers feel they are entitled to what they are not now receiving.

### CARNIVAL CONDITIONS

Gambling of all kinds is at Fever Heat in Berlin

Berlin, April 14.—Barbed wire barricades, camouflaged armored cars with white death's-head and cross-bones emblems, cannon and machine-guns have vanished from Berlin's streets.

Life is again so superficially normal that nothing reminds you of democracy's death grapple with Bolshevism in the German arena.

The sporting world of last week was absorbed in Berlin's six-day bicycle race, drawing crowds despite the nightly increasing price of seats, soaring prices being a typical Berlin phenomenon—a new way discovered for parting natives from their money.

At two of Berlin's largest cafes continuous billiard tournaments are going on. Mechanical gambling on the rolling ivorys made a hit with devotees of sport.

In a Berlin paper is an "ad." in which the advertiser seeks a partner with 100,000 marks for opening a bar of a new type to Berlin. New gambling clubs for ladies and gentlemen continue to sprout, proffering sumptuous free banquets of illicit liquors and free liquor as bait to catch members, with vaudeville and operatic stars as an added attraction.

## THE OVERSEAS FLIGHT AGAIN POSTPONED

Hawker Forced to Delay Attempt to Fly the Atlantic—Developing Into a Real Race.

Saint John's, N. F., April 14.—Dense fog and drizzling rain yesterday forced Harry G. Hawker, daring Australian aviator, again to postpone his attempt to fly across the Atlantic in quest of fame and the \$50,000 prize offered by the London Daily Mail. Yesterday a blustery southeaster made a "hop off" impossible.

Hawker plans to begin his adventure at the first signs of favoring wind and weather, but mariners wise in the lore of fog and rain said tonight it might be a week before the misty curtain lifted, as thick weather is to be expected at this season.

Meanwhile the trans Atlantic flight is developing rapidly into a real race. Encouraged by the delays encountered by Hawker, Captain E. P. Raynham, British airman, is rushing the work of assembling his Martinsyde biplane, which he hopes to have ready in time to take the air at least as soon as Hawker's Sopwith machine hops off.

As the rivalry between the two camps increases, there are indications that Hawker and Commander Mackenzie Grieve, R.N., his navigator, are ready to sacrifice every possible safeguard in the sporting desire of "getting the jump on the other fellow."

Despite rains overnight, continuing into this morning, Hawker prepared to begin the flight as soon as the fog lifted measurably.

## GERMAN U-BOAT MAY STOP AT THOROLD LOCK

Officials Anxious to Give People of This City and District a Chance to View the Submarine.

Niagara Falls, Apr 14.—Efforts are being made by prominent men of Niagara— Falls, Ont., to have the German U-boat, which will shortly pass through the Welland canal, stop at Thorold, Ont., for several hours to give the residents of the Canadian and American Niagara districts an opportunity to inspect it. The Welland branch of the navy league has asked to have the U-boat stop for a day in Welland.

Officials of Niagara Falls, Ont., are in communication with Commodore Ameline Jarvis of Toronto to have the U-boat stop at Thorold. Thorold is conveniently located so that residents from all the Niagara district could go there to view the U-boat.

COUGHING IS FATAL

NO DAYLIGHT SAVING MEASURE

EASTER STARS WON

Quebec, April 15.—In a fit of coughing yesterday morning, Mrs. F. X. Pagenau fell dead in her home, an artery having snapped, and a fatal case of hemorrhage resulted.

Premier Hearst yesterday expressed the opinion that there would be no daylight saving legislation enacted but pointed out that such a measure had been placed on the agenda.

The junior Eastern Stars defeated the Lyceum club in a six-inning game played on the St. Nicholas school yard diamond last night, by a score of 12 to 2.
