Crown Land Sale.

The usual weekly sale of crown lands took place Wednesday morning at the crown land office. There were only 11 miles of land offered for sale at the request of the applicants, all of which was sold at the upset price of \$8 per mile. The names of the applicants and the territory purchased by each are as follows: Alfred West, 3 miles; W. S. Loggie, 2 miles; Geo. Burchill, 2 miles; Knowlton & Co., 2 miles; F. H. Hale, 2 miles.

A Brutal Attack.

A number of drunken roughs, mostly from Bartholomew River, on Saturday afternoon, attacked William Alexander, in the store of Alex. Gibson, at Blackville. After vainly trying to escape a quarrel, Mr. Alexander felled the leader of the gang, Brian McCarthy, when the whole number, foremost among whom were Bernard Mc-Cormick and Constable Benjamin Walls, fell upon Alexander, beating, kicking and jumping upon him. When at last he was allowed to make his escape he was in a fearfully bruised and cut condition. His wounds were, however, well attended to and he is now doing well.

Wallace Broad, until recently a member of the St. Stephen school board, writing in the Courier, has good words for Miss Clara Bridges, of this city. He says: "Very general regret was expressed when it became known that Miss Bridges had resigned her position on the teaching staff of the St. Stephen schools. Her departure from St. Stephen will be keenly felt, especially by the parents of the children under her charge, and it may be some time before the trustees succeed in securing the services of a teacher so well qualified to instruct little children as she has shown herself to

Officers Installed.

The officers of Hiram Lodge, F. & A. M., installed by P. M. Alex. Burchill Wednesday evening, are as follows:

John Black, W M; J H Hawthorn, I P M; M Tennant, S W; W E Smith, J W; Geo Todd, chap; A F Street, T; Alex Burchill, S; F St John Bliss, S D H V B Bridges, J D; R S Barker, S S; Willard Kitchen, J S;

Harry Beckwith, D of C; Wm Lockhart, I G; R M Pinder, Tyler.

After the installation the brethern dined together at the Barker House, and enjoyed a pleasant evening in speech and song. Abolished the Band.

On Saturday last just when the officers and men of the R. R. C. Infanty stationed here, were making preparations for a merry Christmas, an order was received from Gen. Herbert at Ottawa, ordering the abolition of the fine band of the corps. The order was read to the band by Col. Maun sell, and each member was called up to hand over his instrument. Subsequently the instruments were packed up and sent to the capital, accompanied by many maledictions from the corps. Bandmaster Haves took great pride in his organization, which had a provincial reputation, and there is general regret throughout the city that the General's "cussedness" should deprive the corps and the city of its services. When the corps marches out hereafter it will be to the music of the ear splitting bugles.

The Civic Elections. Probably there will be some hustling in Probably there will be some hustling in the mayoralty election next week, but at the present time the contest is decidedly flat. There will be only some seven hundred votes to poll, out of an assessment roll of 1340, and the candidate who gets 300 is going to be elected. Mr. Jordan, we believe, does not count on receiving that number. The nominations for mayor must be ber. A POLITICAL PLOT.

The enemies of Charles B. Harrison, the popular and respected member for Sunbury in the House of Assembly, are endeavoring The matrimony mill has started up again. to make capital against him, because of his connexion with the Foss note, which is alleged he endorsed to provide Foss with means to assist in Mr. Harrison's last election. THE HERALD, having heard the version of the matter opposed to Mr. Harrison, sought out that gentleman when he was in the city Thursday, and learned his side of the affair, which is given below. Mr. Harrison's word is respected and believed wherever he is known, and the public will accept, without hesitation, his statement of the facts.

Here is his recital as it was

Taken from His Lins: "On the night before the last local elect ion, John Foss came to me with a note, drawn up for \$60, and said to me: "If you'll endorse it I'll spend part of it for The president's aggregation beat the vice | your election." Thos. McElroy of Oromocto. The three months expired, and he came to me to renew it. He said then that his boys, who were working in the woods, would be home with \$500 or \$600 before the renewal expired. I endorsed the renewal and he paid the interest both times. The note was renewed a second and third time with my endorsement, and after maturing the last time, Foss came to me and wanted me to make some arrangement with James Kenny, Supervisor of Roads in Burton, whereby Mr. Kenny could draw \$100 over the usual grant to retire Foss' note with. I of course absolutely refused to do that, and he then wanted me to speak to Wm. Jones. bye road commissioner, to give him work to do on the roads, that he might earn money to retire the note. I absolutely refused to be a party to any such transaction. Then he let the note go to protest. Later, without my knowledge, A. R. Miles bought the note, paid the amount of the note and interest, and sued Foss. At his examination before Raymond, J. P., Foss tried to create the impression that the last note was forged, but the man who wrote the note swore that it was the note prepared for Foss to bring to me for my endorsement, and my son saw Foss sign the note. Previous to the note passing out of McElroy's hands, I received a letter purporting to be signed by Foss, stating that McElroy wanted his money as soon as possible, and for me to attend to it at once. I saw Mc-Elroy, and he said he had never authorized on August 15, 1892, she threw a carving He did not want his money then, only

THIS is a well-made, practical machine, writing capitals, small letters, figures, and punctuation marks (71 in all) on full width paper, just like a \$100 instrument. It is the first of its kind ever offered at a popular price, for which the above claim can be truthfully made. It is not a toy, but a Typewriter built for and capable of REAL WORK. While not as rapid as the large machines sometimes become in expert hands, it is still at least as rapid as the pen, and has the advantage of such simplicity, that it can be understood and mastered almost at a glance. We cordially commend it to helpful parents and teachers everywhere.

Writes Capitals, small letters, figures and

marks, 71 in all. Writes just like a \$100 machine. No shift keys. No Ribbon. Prints from the type direct.

Prints on flat surface. Writing always in sight. Corrections and insertions easily made. Takes any width of paper or envelope up to 8½ inches.

Easy to understand, learned in five minutes. Weighs only four pounds, most portable. Compact, takes up but little room.

Built solid and simple, can't get out of Capital and lower-case keyboard alike, easily mastered. More "margin play" for the small letters

which do most of the work. Takes good letter press copies.

Packed securely in handsome case and expressed to any address on receipt of price, \$8.00, in registered letter, money order or certified check. We guarantee every machine and are glad to answer all enquiries for turther information.
