You can scarcely tell what—It may be Hysteria, Insanity, Nervous Collapse.

You can only throw off this depression when the nerve cells are restored to health by such meatment as Dr. Chase's Nerve Food. Your digestive system has failed to supply proper nourishment to the nerves and you are compelled to seek aid from other sources.

are compelled to seek aid from other sources.

It will take some patience and persistent treatment, but there is no way by which you can so certainly restore health and vigor as by the use of Dr. Chase's Nerve Food.

The best time to restore the nervous system is long before such a critical condition is reached. Such symptoms as sleeplessness, heacaches, nervous indigestion, muscular weakness, loss of energy, failure of memory and power of concentration, irritability and discouragement tell of a failure of the nervous system and warn you of the approach of serious trouble.
