### Feat of Photography.

The "Canadian Colliers" of the issue of February the 1st, publishes as its frontpiece a very striking picture from a photograph executed by Mr. R. Holloway, photographer of this city. The photograph was taken by Mr. Holloway last season from a canoe which was moored below the "Big Falls" of the Upper Humber River. The picture of the Falls is a graphic one, but the striking feature of it is that when the photographer was manipulating his camera he snapped a

salmon in mid-air as it leaped in its ascension of the Falls. The fish was a thirty pounder and the exposure in snapping it only occupied the 1/1500 of a second. It is recognized to be the best salmon jumping picture ever taken. The fish can clearly be seen taking its leap and so perfect is the work that in the original photo the eye of the fish can be distinctly seen. The work reflects the greatest credit on Mr. Holloway.

Cane chairs can be cleaned by sponging them until soaked with soap and hot water.

### M.C.L.I.

The subject for last evening's debate was, "Let it be granted that the Methodist Club scheme be an accomplished fact. Resolved, that the M.C.L.I. take over the management of the Literary Department." The speakers for the affirmative were Mr. J. P. Blackwood, Mr. H. N. Burt and Mr. H. Macpherson, whose main points were presented with good speeches and were in effect, "That the M.C.L.I. should help the men's club, and do a more important work on a broader basis; that the club would give 'Institute' members all the advantages of the new institution; that the M.C.L.I. may not survive in competition with the Literary Department of the Club or that both may fail unless united; that the M.C.L.I. can be all and more than it has been as the Literary branch of the Club."

The negative was led by Mr. A. W. Knight, supported by Mr. Will McNeilly and Mr. W. Joyce. Enthusiastic speeches were given, the contention being that the M.C.L.I. would be submerged, that an amalgamation would be suicidal, that the success of the club was doubtful, that the M.C.L.I. can do better work alone as proven by its 47 years existence as a debating club, etc.

The other speakers were Messrs. C. Bowden, W. Butt, Dr. Macpherson, J. Moore, W. White, R. Holloway, W. Soper, H. Young. The vote showed a large majority for the affirmative. The chair was ably filled by M. H. V. Wyllie.

Next week's debate is "Should Ireland be granted Home Rule?" As this debate is a very live subject at present, a large attendance is expected; members have the privilege of bringing in a friend.

### Governor Boyle's Gift.

The Christian Brothers of Mount Cashel, acknowledge thankfully the receipt of two guineas from Sir Cavendish Boyle, per Hon. J. D. Ryan, as a donation to the Slattery Memorial Fund. Sir Cavendish was a former Governor of this Colony, and at present is acting in that responsible capacity in Mauritius. It is about nine years since Governor Boyle departed from our shores and his recent donation is sufficient assurance that although in a far-off land, he has not forgotten his affection and admiration for the Industrial Home at Mount Cashel, inaugurated by the late Bro. Slattery. The good Brothers at present in that institution feel justly proud to know that their zealous labors and efforts are so recognized and appreciated.

### Wedding Bells At Salmonier.

A pretty wedding took place at Salmonier on February the 2nd, the contracting parties being Mr. Michael Kelly and Miss Margaret Power, both of Salmonier. The ceremony was performed by the Rev. Fr. O'Flaherty. The bride looked pretty in a robe of pink silk with a wreath of orange blossoms and veil and hat to match and carried a bouquet of crimson and white flowers. The bridesmaids were Mrs. Bride McDonald, sister of the bride, and Miss Bride Power, niece of the groom. The bride's boys were Mr. David Power, brother of the bride, and Mr. Francis Fowler, cousin of the bride. A number of people drove to the church, and after the ceremony the happy couple drove to the groom's home where a comfortable supper was awaiting them. The mothers of both the bride and groom were present at the table. After the supper a dance took place at the brother-in-law's. David Power, which was kept up until an early hour in the morning. We wish Mr. and Mrs. Kelly many years of happiness in their future home.

### Importers Meet.

The Importers' Association met yesterday afternoon to consider the observance of St. Patrick's Day, March 17th, as the B.I.S. had requested to keep the holiday the previous Saturday. After much deliberation it was decided to adhere to the first arrangement and to observe Monday, March 17th, as a general holiday, that date having already been gazetted as a Government and Bank Holiday, the Association regretting that they overlooked the fact that St. Patrick's Day came in Holy Week when they were drawing up the schedule. After all could not the Association re-consider matters and appoint Easter Monday, March 24th, as the holiday in honour of St. Patrick's Day.

**RECKLESS DRIVING.**—To-day teamsters are at work taking oil to the Reid Co's freight sheds, and one of them in particular, is noted for driving his horse at a gallop. This is highly dangerous especially in crossing opposite J. J. Healey's as there is no sidewalk there and people must use the centre of the street to get to and from the station. At 12.30 to-day the man alluded to came near killing two little boys at this spot. There is no excuse for his conduct. The police should stop the furious driving in this section.

### An Old Timer.

Mr. John Healey, an old-time resident of the Southside, arrived here from Bay of Islands a couple of days ago where his vessel is loading fish for the Gorton Pew Company. Capt. Healey left here forty years ago, has commanded a banker out of Gloucester successfully and is now reviving old acquaintances in St. John's. He went to Briggs yesterday to see some friends there.
