

# Germans Hastening Retreat

## No Fraternizing With Huns

Revolution Urged in Sweden--Warning to Germany That More Speed Must be Shown --- Bolshevism Spreading Amongst Huns.

### GERMANS MOVING BACK.

WITH THE AMERICAN ARMIES AT THE MEUSE and MOSELLE, Nov. 13, the German army was moving back along its whole front towards the west. The American forces were exactly where they were when the armistice went into effect. So far as the American army head-quarters no disposition has been made at any point that part of the movement providing for the withdrawal of the German troops. It is believed that the reversing of the progress of the great German machine will not be simple. There would be no surprise among the American officers had the German front remained untroubled, but already there appears to have been left immediately behind the American line little more than a fringe of soldiers. In some places even that line has been withdrawn so far that the army men on this side do not know its location. The Germans reluctantly abandoned their efforts to continue fraternization where the lines were still in proximity, but threats to hold as prisoners were practically stopped their visits. Behind the American line the activity of the supply trains mobilized at the front settled down to routine duty. There was an increasing number of reports of absence, however, and the men in the rear where troops are engaged were rarer than at any time since the beginning of the war. The celebration that began on Monday night gathered momentum instead of showing signs of abating.

### SWEDEN'S TURN NEXT.

LONDON, Nov. 13. The revolution in Germany has made an impression in Sweden, where some of the Independent Socialists publish a manifesto urging the establishment of Soldiers' and Workmen's councils everywhere in order to establish a Socialist Government and, according to a Copenhagen ad-

vice to the Exchange Telegraph Co. General demobilization of the army and an eight-hour working day were also demanded.

### WANTS TO ESCAPE.

COPENHAGEN, Nov. 13. The new Bavarian Government has sent a message to President Wilson through Switzerland, expressing its fears that the armistice "terms" will bring chaos to the disordered young republic, and requests the Great Britain, France and Italy be asked to punish the guilty. The message adds that the German autocracy and military party do not deserve mercy.

### SOCIALIST VIEW OF ARMISTICE.

BASEL, Nov. 12. The Socialist Vorwarts, of Berlin, describes the German armistice conditions as terrible, and adds, since the old regime has collapsed, the new government must accept the conditions and execute them loyally. The treaties have been signed and must be executed. It will be the task of the new government to conclude rapidly the best peace possible.

### A THREAT TO POLAND.

GENEVA, Switzerland, Nov. 12. Baron Von Wangenheim, the German military Governor of occupied Poland has issued a proclamation in which he declares that in the midst of the realization of Poland of her national ideals, a section of the population, the enemies of order, are attacking like brigands the German army officials and are seeking to cut communications. The proclamation threatens that the most severe measures will be taken against those elements, and concludes: "Take care lest a fresh struggle break out and your beautiful country be reduced to ruins, thanks to a few agitators."

### RENOUNCES POSITON.

BERNE, Nov. 12. Budapest newspapers received here

contain details of a remarkable ceremony in which Archduke Josef, of Austria, and his son, Josef Francis, took oath to the Hungarian constitution as simple Hungarian citizens, named Hapsburg. The newspapers say this was the first instance in four hundred years when such a renouncement was made. All privileges were given up by the Archduke and his son. The newspapers also say that the little principality of Liechtenstein of 10,000 inhabitants, situated on the Swiss Eastern frontier, also had a revolution. The Prince of Liechtenstein was forced to leave the country. He was superseded by Dr. Ritter, a lawyer of Innsbruck.

### KAISER REACHED HOLLAND.

AMSTERDAM, Nov. 12. (By the A.P.)—William Hohenzollern, former German Emperor, arrived Monday afternoon at the Castle of Amerongen, Count Von Bentick's country seat, at Maarn, in the province of Utrecht.

### THE EX-EMPEROR'S COMPANIONS

LONDON, Nov. 12. A despatch to the Daily Mail from Maarn, Holland, says that among those who accompany the former German Emperor to the Castle of Amerongen, were Generals Von Plessen, Von Gontard, Von Brannberg, Von Lintoff and Von Griesman. The correspondent of the Daily Mail says he hears that the former emperor is not regarded as an officer, because he has resigned his titles and offices. The other officers in the party were Colonel Count Von Moltke, Surgeon General Von Misser, Major Von Hirschfeld, Marshal of the Court, Von Plann and five captains. After the arrival of the German party, General Onen of the Dutch army asked all the members to give parole.

### IMPERIAL CONFERENCE TO MEET

LONDON, Nov. 12. (Via Reuter's Ottawa Agency.)—

Reuter's Agency learns that the Imperial War Cabinet will shortly resume its sittings in order to deliberate on the terms of peace. There will be also important conferences and discussions in London between the Imperial and Dominion statesmen.

### REVOLUTIONARY RECRUITS.

BASEL, Nov. 11. The crews of the German battleships Posen, Caldesland, Nassau and Oldenburg, have joined the revolutionary movement, according to a despatch from Brunsbutel, Prussian Holstein. The four battleships named are among the largest in the German navy.

### FOR HUMANITY SAKE.

PARIS, Nov. 12. Premier Clemenceau in concluding his speech in the Chamber of Deputies to-day on the armistice terms, said Germany surrendered to us all locomotives and 150,000 cars which had been taken from us. This will embarrass her means of provisioning. Germany has waited until the last minute and when exhausted she has been obliged to accept capitulation conditions that are not normal. In this first hour we must come to her aid. We do not make war against humanity but for humanity.

### MONTENEGRO CAPITAL LIBERATED.

LONDON, Nov. 12. Cetinje, the capital of Montenegro, has been liberated, says a Serbian official statement issued Tuesday. On Sunday Serbian troops entered the town of Versec, in Hungary, 25 miles north of the Danube, dispersing and capturing elements of German rear-guard. A number of guns and war material were captured. The Serbians also entered Novissad.

### FOOD SITUATION STILL SERIOUS.

LONDON, Nov. 12. John Robert Clynes, British Food Controller, said to-day that the food situation in Europe continues to be serious and necessitated larger shipments until spring. He said that he confidently expected the United States to back up any British sacrifices which might be necessary in behalf of the needy peoples of Europe recently freed from German domination.

### WANT WILSON AT CONFERENCE.

WASHINGTON, Nov. 12. Messages from high sources in Europe are reaching President Wilson urging that he personally attend the great peace conference that will finally settle the issues growing out of the war. The President, it was said to-day, had given no indication of how he regards the suggestion, though some of those usually well informed believe he has an open mind on the subject and may give it consideration.

### EXPECTED TO CRUSH REVOLUTION.

COPENHAGEN, Nov. 12. Telegrams found in the Palace of the former German Crown Prince, according to a Berlin telegram to the National Tidende, show that it had been planned to send loyal troops from the front to Berlin in an attempt to crush the revolution.

### THE DAY OF GLORY.

PARIS, Nov. 12. "The day of glory has arrived," a line from the Marseillaise in the text of editorial comment in the morning newspapers. Former Premier Viviani in the Petit Journal, says France during four years has showed an example unique in the annals of the human race. Her calm has been magnificent. Who could have expected the impassiveness of a nation known for the spontaneity of its enthusiasm. The people of France knew from the first that on the war was staked the end of the world of the Teutons or the end of the Latin world. M. Capus, in the Figaro, says, as to the vanquished Germany the future relations of the civilized world with her will depend on the manner in which she accepts defeat and punishment. To-day, says the Matin, the civilized world gives itself up unreservedly to superhuman joy at the triumph over the forces of barbarism. Tomorrow we must get to work and build a lasting edifice of a free and just humanity.

### EARTHQUAKES AT PORTO RICO.

SAN JUAN, Nov. 12. Two earthquakes occurred in Porto Rico yesterday, the first at eight o'clock in the morning and the second at 6 o'clock in the evening. Both shocks caused some damage in cities reporting loss in the earthquakes of October, but there was no additional loss of life.

### BOLSHEVIKI CAUSING TROUBLE.

STOCKHOLM, Nov. 12. Russian Bolshevik forces are marching on Finland. They are now threatening the Finnish seaport of Viborg, 72 miles north west of Petrograd.

### WILL COMPLETE WARSHIPS.

WASHINGTON, Nov. 12. All warships now under construction or contracted for will be completed, Secretary Daniels said to-day, after the weekly meeting of the War Cabinet.

"If I Could Only Be Strong and Healthy Like Other Girls."

THIS is the longing of the girl who is pale, weak and anemic.

She is lacking in energy and she does not feel like taking outdoor exercise, or joining others in social gatherings.

The healthy, happy outdoor girls get in the way of leaving her to herself, and she gets lonely, discouraged and despondent.

The source of trouble is in the condition of the blood, which has become thin and watery, and utterly lacking in nutritive qualities.

The anemic condition is shown in the pallor of the lips, the gums and the eyelids, as well as in the pale face and angular form.

Nature has provided for the purifying of the blood by having it sent to the lungs, periodically to come in contact with the fresh air and take up new oxygen.

Unfortunately this plan of nature has been defeated by human beings living too much indoors and breathing over and over again the vitiated air of ill-ventilated rooms. This is the usual cause of anemia, as well as a reason for its continuation.

The blood gets ever thinner and more watery, until the human system is literally starved.

The digestive system has failed, and your health must go naturally downhill until you can find some means of restoration.

Fortunately, Dr. Chase's Nerve Food furnishes the vital substances needed for regenerating the entire organism when in a run-down condition.

Gradually and certainly the building-up process is established, and the pure, rich blood created in the system carries health and strength to every part of the body.

Weakness and disease, the cause of discouragement, failure and unhappiness, give place to new hopes, new confidence and stronger determination to succeed.

The appetite is sharpened, digestion improves, and you find yourself enjoying your meals and taking a new interest in life. As you gain in strength and energy you feel encouraged to keep up the use of this restorative treatment until thoroughly restored to health.

The rosy cheeks and healthful appearance of people who have used Dr. Chase's Nerve Food is its strongest recommendation, and accounts for its ever-increasing popularity.

DR. CHASE'S MEDICINES are sold by all Druggists and Dealers in St. John's and in the Outports. Wholesale quotations from GERALD S. DOYLE, Sole Agent, Water Street, St. John's.
