EPIDEMIC OF INFLUENZA IN EUROPE

The most Illustrious Personage of the World has just succumbed to its dreadful attacks.

This dreadful epidemic is now reported in New York, where it is making daily progress, with the same fatal results as in 1918.

Municipal, provincial and federal Health authorities in Canada advise to use the utmost care so as to prevent the eventual infection of our country. Be extremely careful.

There is only one remedy and that is

DR. J. O. LAMBERT'S SYRUP

which was recommended by medical authorities and rendered unequalled service during the appalling epidemic of 1918.

A strong dose morning and evening will prevent such attacks. Do not delay, get a bottle immediately.

Let every one in the Home use it daily.

Prevention is better and cheaper than cure.

DR. J. O. LAMBERT'S SYRUP

is absolutely pure, and free from any noxious drugs, as well as alcohol. We guarantee it absolutely.

Elderly persons, adults, children and infants will find equal relief

DR. J. O. LAMBERT'S SYRUP is for sale everywhere and pos-
