AFRIKANDER WON SUBURBAN.
New York, June 18. — For the first time in the score of years of its history the Suburban handicap, the greatest of American turf events, was won by a three-year-old, today. Africander finished first in a splendid field of fifteen, to thirteen of which he was giving weight. His victory was marred by a claim of foul made by Geo. Odom, rider of Herbert, the second horse, but the judges decided that the winner had earned his prize, and let the race stand as run. Charles Dwyer and Simeon Deeml, proprietors of the Hampton stable, in whose colors Africander services.

What The People Have Found Out.

When Malta-Vita was first brought out, a laboring man was heard to say, "It tastes good and I like it but I want something substantial. I don't mind if I do feel a lump in my stomach after a meal, I must have something solid that will help me to lift big stones and that will put steam behind my hammer," But—there's always a "but"—experience has shown the fallacy of his first conclusion and to-day thousands of laboring men find that Malta-Vita, eaten twice a day, gives abundant strength for the heaviest work.

The office man said—"I think that I must eat meat to give me life. I have to think quickly and my brain must be alert. Meat, I believe, will give a man stamina and grit. I know I feel heavy and sleepy after my meals but"—that but again-"that wears off after a while." After eating Malta-Vita for breakfast and supper for a week, he said to his wife, "Do you know, I find I feel brighter and can do more work on Malta-Vita than I can when eating anything else."

Malta-Vita contains all the food properties of wheat, combined with the tonic and digestive qualities of barley malt. It is palatable and nourishes both body and brain.

No work, no heat, just cream—then eat.
