Provincial Premiers Approve of Plan Proposed by Dominion Government.

Ottawa, Jan. 29.-Desirous of furthering by every means in their power the movement looking to the establishment of a system of technical education adequate to the needs of Canada, the Government propose to appoint a commission not only to inves-ion, but to visit other countries with the view of ascertaining the methods of industrial training pursued in those countries. An announcement to this effect was made in the House of Comvesterday mons yesterday by Hon. Mackenzie King. Following the announcement, the minister of labor, in reply to a Police Court Statistics for the Past question put by Mr. Hugh Guthrie was about to lay before the House the views of the premiers of the several provinces who had been communicated with, when members of the Opposition objected, and the information had to juvenile court in 1909 than there was
