The Toronto Police Commissioners on Tuesday afternoon deliberated for some time over the action which should be taken in consequence of the recent judgment given by Mr. Justice Falconbridge, regarding the searching of prisoners in the police station. A copy of the judgment was laid before the board, and it was decided to issue orders to the officers on the lines indicated by the judgment. According to this judgment the searching of a prisoner was made consequent upon his condition, language and conduct when brought into the station. If he were violent and abusive, and gave reason to imagine that he had a dirk in his pocket, or that there were equally good reasons for relieving him of what he might have in his possession, it was quite proper for the officers to do so. In other cases it was not. In the opinion of Chief Grasett the judgment was most unfortunate for the public. It meant that the more respectable a prisoner was the more probable it was that he would not be searched, and then he would be sent to the cells, where other less respectable prisoners were confined, who might rob him of any money he had. For this, of course, the police could not be held responsible.

St. Thomas Times:—"Messrs. Hunt and Cameron, of London, again met the sub-committee on Tuesday night and discussed the electric railway question. The matter was thoroughly gone over and there is now virtually only four points on which the company and committee differ. The company will not allow the city to participate in the earnings of the road. The company won't allow the city to fix the price to be charged for light, heat, or power. The company will not undertake to provide any material or to go to any expense to make any asphalt, brick or other pavement on track allowance which requires concrete foundation. The company insist on using T rails. The company ask the city to state what annual sum per track mile they will accept and maintain the track allowance."

Windsor Record:—"Frank E. Marcon, jr., of the Inland Revenue Department, Walkerville, has received notice that his services will be required at London. Mr. and Mrs. Marcon have lived in Windsor all their lives, and their removal from the city will occasion much regret from a wide circle of friends. In sporting circles Mr. Marcon will be especially missed. He has always had the credit of being the best all-round cricketer in Windsor, and as a ball player he had no superiors here, either."

Rev. J. C. Tolinie, of Windsor, is nothing, if not startling and original. At a tea meeting in Chatham on Monday evening, and in the course of his remarks on the ideal church, the reverend gentleman took occasion to score the preachers, the hearers, the choir, in fact, all connected with the churches. He advocated introducing into the church a gymnasium, a smoking room, billiard tables, and various other innovations. Mr. Tolinie is a Presbyterian, too.

The Chatham Banner says:—"Geo. Graham of London, one of the principal promoters of the electric road for Chatham, has notified the local pushers of the enterprise that it will be impossible for him to leave London until Friday. The promoters will consequently meet that day. An effort will be made, it is understood, to get as much Chatham money as possible behind the scheme, that it may not be entirely in the hands of outsiders."

Mr. F. C. Curtis is at present in Western Ontario in the interests of the State Agricultural College, Ames, Iowa, assisted by Mr. Herbert Wright, and has made a number of important purchases. He purchased several Lincoln sheep from Messrs. Gibson and Walker, of Denfield, and a Suffolk pig from Mr. R. Gibson, of Delaware, besides other stock from prominent breeders.

Chatham Planet:—"The city of London, after having let the street watering contract for several years, has wisely determined to do its own work. The city of Chatham, after having had a most satisfactory service under the corporation direction for the last few years, is contemplating going back to the old and unsatisfactory contract system."

Mrs. E. J. Parke, the Misses Parke, Miss Graydon, Miss Gamon, Messrs. A. O. Graydon, George Macbeth, Fred. Laing and George A. Toller drove to St. Thomas on Tuesday night and witnessed the tableaux at the Opera House there. They were quartered at the Grand Central Hotel, and drove home after the performance.

On Sunday morning next the Bishop of Huron will preach in the Church of the Advent, Blenheim; at 3 p. m. in Union Hall, con. 6, Raleigh, and at 7.30 p. m. he will hold confirmation in the Mission Hall, con. 8, Raleigh.

Grand Chancellor McWhinney, of this city, will pay Rathbone Lodge, No. 12, Knights of Pythias, at St. Thomas, an official visit on the 12th prox. It is likely a number of London Pythians will accompany him thither.

A grand concert will be given in St. James' Church school room this evening. The programme will be furnished by some of the best London talent and strangers.

Mr. Hugh Hyndman, of Palmerston, is visiting here.

A very important engagement will be that of Mr. Samuel Edwards at the Grand to-night, inasmuch as it will not only serve to introduce Mr. Edwards to the people of London as a star, but the famous humorist, Max O'Rell, as a playwright. The comedy, for such it is called, "A Cat's Paw." The success that has greeted all former presentations will no doubt be duplicated here.

Among the notable artists aside from the star, Mr. Samuel Edwards, in the cast of "A Cat's Paw," Max O'Rell's latest comedy, are Dwight Smith, Mr. Arthur Giles, Frederick Maynard, Wm. H. Post, H. Willmarth, Miss Goldie Edwards, Anna Bodden, Miss Lydia Knott, C. Blanche Rice and Edith Crane.

Brandon Sun:—"The rumored promotion of Mr. Butt, of the Bank of British North America, to London, Eng., is apparently without foundation, as Mr. Butt has no knowledge of any such removal."

***Mr. Lawyer, of Petrolia, has bought the stock of Lockhart & Co., grocers, Toronto, and the creditors will be paid 100 cents on the dollar.
