A SUMMER IN THE ROCKIES

Mr. A. O. Wheeler, E. R. G. S., Director of the Alpine Club of Canada, has just returned to Vancouver from a summer spent in the Canadian Rockies in the vicinity of the Yellowhead Pass, and is greatly impressed with his trip.

In an interview with Mr. Wheeler, he stated "It has been the general impression that the Rocky Mountains of Canada are their greatest average height—very far north of the Robson, which dominates the region of Yellowhead Pass, but the population was that there was not a single peak in the neighborhood of the Yellowhead Pass, and that the Grand Trunk Pacific would pass through a region of little interest from a point of view of the tourist mountaineer.

There was no mistake about Mount Robson. It is without doubt, as was stated by one of the most travelled and skilled mountaineers of the day, Dr. Norman Collie, one of the most magnificent mountains in the world, which has been seen from the south, he view the in most familiar, or from beautiful Berg lake, it still stands supreme. In the hundred-mile circuit of the great massif on all sides we found mighty snow-clad peaks, widepread snowfields, huge ice falls, rushing torrents, waterfall-flower-clad meadows and vast stretches of dark Pine forest. Many of the peaks were named by the surveyors, but they are legion, and it will be many years before they are familiarly known as individual mountains."

In speaking of the Robson Glacier, which lies on the east side of the monstrous mountain Mr. Wheeler said: "It struck us dumb with amazement that any-

G. T. P. APPRECIATED

The Grand Trunk Pacific are in receipt of a letter from a prominent traveller in Eastern Canada, who has just returned from a trip to the West and which included a journey on the Grand Trunk Pacific from Winnipeg to Wainwright and return.

He states—"I must say it is one of the pleasantest experiences in a long life of travel. Having seen the road in the making, and being aware of the high standard set up, I was prepared for a good roadbed, and was not disappointed, for we rode as smoothly as between outland to Toronto. The sleeping cars are models of comfort, and the service on them as well as the dining cars, couldn't be better. The Grand Trunk are setting the pace for general excellence in Western Canada."

ESTATE SALE

Notice is hereby given that I will sell at public auction on Tuesday the twenty-first day of November next, at two o'clock in the afternoon, in front of the office of W. A. Trueman, Barrister-at-law, at the town of Dalhousie, in the county of Restigouche, the following described lands and premises, namely:

First, all that lot piece or parcel of land bounded and described in a certain deed bearing date August sixth, A. D. 1886 as Number 3293 on pp. 72 and 73 in Book "Y" of the Records of the county of Restigouche, made between James S. Morse of Dalhousie in the county of Restigouche, Barrister at Law, of the one part, and James S. Harquail of the same place, of the other part, "All and singular that certain lot or parcel of land and premises situate, lying and being on the east side of Brunswick street in the town of Dalhousie, being part of lot known and distinguished on the town plat of Dalhousie aforesaid as lot number seventy-one (71), commencing at a point sixty feet (60) distant from the corner of Brunswick and William street and running along Brunswick street south forty feet (40) until it meets the side line of lot owned by Mrs. Hayes, thence along the same back fifty feet (50) thence north parallel with Brunswick street forty feet (40) and thence west to the place of beginning."

Second, all that lot, piece or parcel of land bounded and described in a certain other deed bearing the county of Restigouche on December twelfth, A. D. 1907, as Number 11, 337 on pp. 520, 521 and 522, in Book "Y" of the Records of the said County, bounded and described as follows: "commencing at a spruce tree standing on the western shore of the Bay Chaleur and at the eastern angle of lot number twenty (20) granted to Paul Devereaux, thence running by the magnet south forty-two degrees and thirty minutes west, one hundred and fifteen chains, four poles each, crossing a reserved road, thence south, forty-seven degrees and thirty minutes east, four chains and thirty-five links, thence north thirty-five degrees and thirty minutes east, one hundred and fifty chains to the western shore of the Bay Chaleur, before mentioned, and recrossing the reserved road in that distance, and thence along the shore in a Northwesterly direction to the place of beginning, containing fifty acres more or less."

The said lots will be sold separately. The said sale is being made under and by virtue of a license therefor granted by the Probate Court of Restigouche county on the twenty-first day of August, A. D. 1911, for the purpose of paying the debts of the deceased, his personal estate being insufficient for that purpose.

Dated the sixteenth day of October, A. D. 1911.

ANOTHER LIFE SAVED.

Weak Lungs Restored by Morrissy's "No. 10."

ST. JOHN, N. B., Nov. 17, 1910.

"I had Pleuro-Pneumonia, and was taken to City Hospital to have my lungs tapped. After this was done I seemed to get worse, and never expected to walk again. In fact, I was given up and wanted to be taken home from the hospital, I was in a terribly rundown condition and felt that I was going right into consumption, and for six months was just a shadow. I tried every means to get well, but there was no cure for me until I began taking your No. 10 Lung Tonic, of which I used 22 bottles in all. It was not long after returning home that I surprised my neighbors by gaining in strength and health, and now I am in good health, and feel my duty to publish it everywhere, as I am living to-day saved from the grave by your wonderful prescription. You may publish this letter if you wish, for I am willing to let the world know what this medicine did for me, and I cannot praise it too highly."

Mrs. John S. Barber.

The above prescription is not a "Cure-All" or so-called patent medicine. Dr. Morrissy prescribed it for 44 years, and it cured thousands after other doctors failed.

\$3,600 in Cash Prizes for Farmers

When you enter the Canada Cement Prize Contest, your dealer will assist you. Consult him in reference to conditions of the contest. Refer all questions of doubt to him to decide. Confer with him when his experience and advice and his knowledge of our plant would be helpful.

Don't hesitate about doing this. We have requested him to assist to the best of his ability any farmer in his locality competing in this contest—whether the contest be the contest of the cement or how to go about it—so that he may be able to win one of these prizes! There are four for each Province, as follows:

Prize No. 1 will be given to the greatest number of bags of CANADA Cement. Prize No. 2 will be given to the farmer who has used the greatest number of bags of CANADA Cement in his farm in the past year.

Prize No. 3 will be given to the farmer who has used the greatest number of bags of CANADA Cement in his farm in the past year.

Prize No. 4 will be given to the farmer who has used the greatest number of bags of CANADA Cement in his farm in the past year.
