It says—

By the arrival of a French Steamer, eight days from Montevideo, we are informed of the raising of the blockade at Buenos Ayres, the total failure of the raising and the recommencement of hostilities by Rosas's army After the termination of the armistice, General Caibe blazed away again. It is well for American vessels that wish to enter at Buenos Ayres, not to touch at Montevideo, on account of their petty deersea.

The first roasting ears of Corn that we have seen this season, were offered for sale on Saturday last; the corn crop promises to be an abundant one, this season, and the same may be said of the out-grop; but we fore, rather than close his business, or perpetitor, rather than close his

LATE FROM BRAZIL .- By the arrival of the brig CRUSH the MAN, when unable to make his THE VERY LATEST FROM EUROPE.

Saturday evening, Boric ck.

A Cabinet Council was head at the Foreign

Office this morning. All the Ministers were present. The evening appers say warrants.

The steamer Admiral vesterday morning. expect not ordinary, but the honest payment of an honest debt. The question then,—and both the people—is, after alluding to the stoppage of factories, and drawal of processes. We understand that the James Mill, in this It is really difficult to understand how any town, will take advantage of the degression proprietor of a newspaper can assist in di-of business at the present time, and stop for a recting the current of public opinion, write recting the current of public opinion, write tigorously, combine facts, and reduce them After than eight hundred hands have been to newspaper paragraphs, maintaining his discharged from the mills under the agency personal or business independence, while the personal or business independence, while the nearest release from such a state is to be found in an occasional glimpse at hundreds of names of NEGLECTING FRIENDS, in all that remains to him of what was once substantial a subscription book. As the Press is the worth the taking, it is worth the paying.

> FORGERY .- We deeply regret to learn that forgeries, to the amount of £1400 or £1500,

unable to obtain adminance. The meeting was addressed by the very Rev. Mr. Conolly, Win. Hackett, Esq., and Messrs. Condon and TRANCE.

After about a quarter of an hour the grand explosion took place, which tore away the sides and place to the schooner, when the week sunk.

Paris, of yesterday evening, from which we glean the following items of intelligence:

There are at present confined in the prisons of Paris' implicated in the insurrection of June last, \$990 human beings, of whom \$8.815 are men, and \$175 women.

Of those, the largest river steamer ever hold.

After about a quarter of an hour the grand explosion took place, which tore away the sides and bottom of the schooner, when the week sunk.

A Great Transes.—A splendid steamer is to be launched at New York some time exit week. She is four hundred feet in length; an enormous size even in this age of monster boats. The Herald gives the following description of her:

"She is the largest river steamer ever hold.

ST. John and Shedia and the very Rev. Mr. Conolly, Wm. Hackett, Esq., and Messrs, Condon and Morricy, and appropriate resolutions passed, with enthusiasm and unanimity. About £200 was subscribed in aid of the League following description of her:

"She is to be launched at New York some time in the prismance."
