THE WEEKLY MONITOR, BRIDGETOWN, WEDNESDAY, NOVEMBER 5 1919

Surburban notes MELVERN SQUARE

Miss Sarah Ruggles was the guest of her friend Miss Mina 'Pierce quite recently. Mrs. J. P. Morse attended the U. B. W. M. Convention held Wolfville a short time ago. Miss Lilla Gates returned fron a few weeks' visit with friends in Bridgetown and vicinity. Miss Maud Walker, of Kingston spent Sunday, the 26th inst, with her sister. Mrs. Earl Palmer. Messrs L. L. and Otis Chute are away on a moose hunt, the favorite sport at this season of the year. Mrs. McGibbon, of Fredericton, N B., is the gnest of her sister Mrs. Fred Paker, for a few weeks, Mr. and Mrs. Elias. Piggott. made a business trip Melvern Square, on Friday Oct 24th. Arthur, S. Forrest, of was a guest at the home of and Mrs. J. Abner Phinney last week

Martin and child-Mrs Blo the week end at Williamston the guest of her father Mr. W. H. Banks. Miss Flo Brown, of Kentville

was a recent guest of her friend Miss Georgie VanBuskirk, Hillside Farin, Melvern Square. Mrs. Fred Gilliatt is spending at the home of her few weeks father, Colonel Spurr before going to Annapolis Royal, where she

to reside in the future. Guests at the home of Lt Col and Mrs. E. F. McNeil on Oct 26th were: Mr. and Mrs. K. H. McNeil, Miss Bingay, Mr. Young and Mr Moore, of Kentville and Mr. and Mrs. E. R. Power and children and Mr. Karl Cleveland, of Middleton. Apple picking has been the order of the day for some time past every spare moment being utilized in gathering the large crops! Some orchards were somewhat damaged

listen! Cold attacks the lungs and the breathing passages. To cure it you need to get at these organs direct. Ordinary cough mixtures and syrups do not touch the lungs, but go direct to your stomach, which is not ailing. Peps, on the contrary, go direct to the very seat of the trouble. Peps are tablets containing essences and medicinal ingredients so prepared that when placed upon the tongue they immediately turn into vapor, and are breathed down the inflamed air passages

to the lungs direct. Peps medicine takes the form of healing vapor, and cures colds, coughs, bronchitis and lung troubles, just as living in Pine woods and breathing Pine-lader air prevents consumption and cures chest weakness. Tightness cures chest weakness. Fightness across the chest, pain between the shoulders, hacking cough, sore throat, asthma and bronchitis are the ailments which, in particular, Peps have been designed to cure. Peps will soon end your bad cold.

Agriculture Some Results from One Application of Ground and Deep Sea Weed (Experimental Farms Note)

When, on account of war conditions and the consequent scarcity of German potash, efforts were being made to secure potash from other sources the Experimental Farms made a test of the use of sea-weed a source of potash. To put this material into a portable and commercial form it had to be dried and ground. This work was done in an experimental way on the Nova Scotia coast and some of the product was sent to the Fred-·ericton Station for test. Both field and plot tests were

made with potatoes -In the field test an area with an application of 1000 lbs. of a 4-10

fertilizer per acre and no seaweed gave 178 bushels per acre. A similar area with the same amount of the same fertilizer and 1500 lbs. of ground seaweed gave 230 bushels per acre. A third area with 18 tons stable manure and 750 lbs. seaweed per acre gave 242 bushels

per acre, and a fourth area with 18 tons per acre of stable manure alone gave 232 bushels per acre. Green mountain potatoes were grown and it was noticed that the plants on the sea-weed area stood up greener later in the season than where no potash was applied.

Calculating the cost of the seaweed at \$15.00 per ton, for which it was stated it could be landed at Fredericton, there was a credit of 52 bushels of the 1500 lbs. of sea-

Cake" which greatly weed used where only commercial tracted the attention of the young fertilizer was applied. As the seaweed cost but \$11.25 and the extra

folks Numerous little gifts were left as potatoes were worth at least \$1.00 token of remembrance of this per bushel this test showed a to make preparation for next Held under the auspice of the Rural splendid profit from the use of the season. pleasant occasion.

of superiority are responsible for Zam-Buk's wonderful and worldwide reputation. 1. ZAM-BUK IS ANTISEPTIC .---

Applied to a sore or wound it destroys all germs, and acts as a protection, thus preventing festering and blood-poisoning. 2. ZAM-BUK IS SOOTHING .-

This property makes it indispensable for irritated and inflamed conditions of the skin, as well as for skin injuries. It ends irritation, stops pain and draws out soreness. A mother's first thought, when a child is hurt, is to end the pain. Nothing does this like Zam-Buk. 3. ZAM-BUK HEALS .-- Finally, having antiseptically cleansed a sore place and ended all pain and soreness, the healing essences of Zam-Buk promote the quick growth

of new tissue. Sores soon disappcar where Zam-Buk is appled. It is the best known remedy for eczema, pimples, ulcers. blood-polsoning, cuts and burns.

If You Want DELICIOUS of the day for the last two or three weeks and from the number of fine heads brought in the lovely moose do not seem to be on the decline. A larger number of American sporting parties have visited our back woods
