IF YOU WANT THE BEST

—ASK FOR—

NORWEGIAN EMULSION

This is the only Emulsion containing 50 per cent. of Purest Norwegian Cod Liver Oil with Hypophosphites of Lime and Soda.

Every physician in Vancouver has endorsed Norwegian Emulsion. Why? (1) Because Norwegian Emulsion contains 18 per cent. more oil than any other emulsion made. (2) Because Norwegian Emulsion is made fresh daily, in Vancouver, and does not stand for months before you get it. (3) Because in Norwegian Emulsion, the oil globules show under the microscope only 1-5 the size of those in any other Emulsion, therefore it is the most easily digested. The children all like it. (4) Because Norwegian Emulsion is the most perfect, purest and most palatable Emulsion yet produced.

SOLD BY ALL DRUGGISTS
