BEEOTON, ONTARIO, DECEMBER 23RD, 1885

Dr. Thom will please excuse the omission of his name as author of "Notes for November" page 585, present volume.

The Convention report takes nearly all our space this week. We have lots of other interesting matter waiting space.

Subscribers are coming in apace—and are even in excess of last week's record.

The Binders for the C. B. J. are moving out rapidly—the price is very low. Reports of those received by subscribers are flattering.

## HONEY MARKET.

CHICAGO.

Without any material change. White comb honey in one pound frames brings 16 cents; very fancy 17 cents. Dark is slow sale. Extracted honey 6 to 8 cents per pound. Beeswax 25 to 26 for yellow, market steady.

R. A. BURNETT.

Chicago, Nov. 27, 1885

CINCINNATI.

There is a very slow demand from manufacturers for extracted honey, with a large supply in the market, while the demand is very good for clover honey in square glass jars. Prices for all qualities are low and range from 4 to 8 cents a pound on arrival. Supply and demand is fair for choice comb honey in small sections, which bring from 12 to 15 cents per pound on arrival. Good yellow beeswax is in good demand and arrivals are fair. It brings 20 to 22 cents on arrival.

BOSTON.

Honey is selling very well but prices are very low, and we are often obliged to shade our prices in order to make rates. We quote 1 lb. comb, 14 to 16 cents. 2 lb. comb, 12 to 14 cents. Extracted, 6 to 8 cents.
