To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure.

AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

"Commercial Plan of Life Insurance."

This plan of Life Insurance is simply confined to collecting the COST OF INSURANCE with a fixed moderate yearly fee for expenses. It is founded upon the same scientific basis as the ordinary plans tested for generations. Mortuary Premiums for this cost are payable quarterly, on the 5th days of March, June, September, and December in each year, and increase gradually with the age. This gradual increase enables the Company safely to omit collecting from the insured the reserve part of the Ordinary Premium.

As paid, 50 per cent of all Mortuary Premiums will be credited to the Mortuary Fund to be used solely for paying losses, and 20 per cent. to a Special Contingent Fund to equalize the cost of Insurance, and divide among those whose policies are kept up for 15 years, and thereafter every five years. At such division the policy-holder may withdraw his share of that Fund, in cash, or let it remain to reduce his future payments.

Under the Company's Policy the holders incur no liability whatever.

CHEMICAL LABORATORY, DALHOUSIE COLLEGE,

Halifax, N.S., Jan. 30th, 1885.

I have made analysis of samples of the Emulsion of Cod Liver Oil, prepared by the Putnam Emulsion Co., and they have explained to me the details of their process. The ingredients used and the mechanical processes to which they are successively subjected, enable this Company to prepare a permanent Emulsion, without the use of acids or alkalies. This preparation has been known to me for many years, and when carefully prepared is certainly a great improvement upon the Crude Cod Liver Oil, not only being milder in flavour, but having the more substantial advantage of being in the best form for digestion and assimilation.

AYER'S Sarsaparilla

Is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier that can be used. It invariably expels all blood poisons from the system, enriches and renews the blood, and restores its vitalizing power. It is the best known remedy for Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Itch, Tumors, and Eruptions of the Skin, as also for all disorders caused by a thin and impoverished, or corrupted, condition of the blood, such as Rheumatism, Neuralgia, Rheumatic Gout, General Debility, and Scrofulous Catarrh.
