Extract of a Letter from Fredericton, dated Augt 27:—"I have been enjoying the Cathedral Services very much. It is a noble building. The site of it disappointed me at first, as it is rather difficult to associate the word Cathedral with a good sized parish Church at home; but on reflection and examination it is really a magnificent work for a place like this, which must have a mighty influence upon the architectural taste in this country, and tend greatly to refine and heighten the devotional feeling of those who worship within its gorgeous walls, every foot of which is a witness to some portion of truth. It was especially pleasing to learn that the long and foolish opposition to the Bishop's great and good work, has vanished, and that the people here would be very sorry to go back to the old system. Judging from the full congregations, attended even by dissenters, and from the 2000 communicants in one year, they seem no longer to see the Pope, or any such phantoms, in the beautiful and touching symbols which adorn and embellish the building, or in the heavenly music of its large and most respectable choir, which is, as it should always be, composed of the very first classes in the capital of New Brunswick, the venerable Bishop himself taking the greatest pains in it, and being soon practising among them on week-day evenings, handing round the music, and keeping all in order.

"To day is the Visitation of the Diocese, and all the clergy are here of course. I wish I was writing after the Bishop's Charge had been delivered, as I would attempt a short description of it."

We are glad to learn that the large sum of £230 was realized at the Bazaar in Newport, in aid of the funds for erecting a new church at that place. We are pleased to find that others than Churchmen took a great interest in the Bazaar, and that the Messrs. Northup of this city, many of whose connections are in Newport, contributed in a great degree by their gratuitous exertions to the success of the undertaking.

We are glad to learn by Telegraph from New York, of the arrival of the R. M. Steamship Arabia at Liverpool, in the remarkably short passage of seven days from this port.

FACTS, WITHOUT COMMENT.

THE PUBLIC SHOULD KNOW THEM.

New York, October 10, 1856.

Mrs. Hardy, No 116 Suffolk street, writes us that she has been troubled with worms for some three years, and that she used one-third of Dr. M'Lane's Celebrated Vermifuge, prepared by Fleming Bros., Pittsburgh, Pa., which brought away over fifty large worms. Her usual good health immediately returned.

Mrs. Quid, No 183 Essex street, New York, under date of November 23, 1856, writes us that she had a child which had been unwell for better than two months. She procured a bottle of M'Lane's Vermifuge, and administered it. The child passed a large quantity of worms, and in a few days was as hearty as ever it had been. Parents, with such testimony before them, should not hesitate when there is any reason to suspect worms, and lose no time in procuring and administering Dr. M'Lane's Vermifuge. It never fails, and is perfectly safe.

Purchasers will be careful to ask for Dr. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores.—None genuine without the signature of FLEMING BROS.

Sold in Halifax by Wm. Langley and John Naylor.

HOLLOWAY'S PILLS will cure any disease of the Liver and Stomach after all other remedies have failed.—There is no medicine in the world which enjoys such an extensive sale as these invaluable Pills, and none which deserve it—the myriads of individuals who have been restored to health after every other remedy has failed, is the chief and deserved cause of their popularity—they have been introduced into every country of the world, and been found signally efficacious in all disorders incidental to the human frame, liver and stomach complaints are quickly carried off by their use, and their virtues in severe cases of dropsy, are the most extraordinary ever witnessed by man.
