STEPHEN'S ELASTIC ENAMELS.

These are unsurpassed for touching up about a house. 18 beautiful shades for painting Bird Cages, Flower Pots, Fancy Tables and Chairs, Brackets, Bedroom Sets, etc.; 40c. per tin.

WOOD STAINS.

Mahogany, Oak, Walnut, Rosewood and Cherry, when covered with a coat of oil and varnish, make a beautiful finish for rooms. Try them.

ALABASTINE.

Have you ever used Alabastine for walls and ceilings. If not, try it this spring. It is not made from glue and whiting like common Kalsomine, which has to be washed every year in order to make a good job, but each coat of Alabastine adds to the permanency of the wall to which it adheres like a coat of cement.
