

KING'S COLLEGE.

(To the Editors of the Church Guardian.)
Sirs,—I am happy to see that you are intending to notice "X. Y.'s" letter on the subject of King's College. May I ask you to comment especially upon the paragraph, beginning "Many clergymen neither know nor care anything about the College," which is but too true? What is the meaning of "the Church life knows it not?" He says that, if the College will do certain things, "soon every clergyman will be a missionary for it." If these words have any meaning, all of us, who are interested in the welfare of the Church and its Institutions, ought to unite in urging the authorities to adopt the course which is to be so beneficial; but we cannot approach them until we know what we mean, and can point out what steps should be taken to place the College in the desired position. We cannot doubt that they wish it to be the "great educational institution of the Church" for this and the adjoining Province, but can we tell them how this is to be accomplished? How the clergy, or the members of the Church of England are to be induced to take the personal active interest in Church work, which as "X. Y." truly says, Baptists and Methodists take in their institutions? Why do not they enrol themselves among the Alumni who elect their governors? Why do not they attend the annual meetings at Windsor, and hear and see with their own ears and eyes, and use their legitimate influence in suggesting and pressing improvements?

AN ALUMNUS.

[The above letter came after our editorial had been set up.—EDS.]

WICKED FOR CLERGYMEN.

"I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article is made up of common valuable remedies known to all, and that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends; firmly believing there have no equal for family use. I will not be without them."

BOOK NOTICES, REVIEWS, &c.

We are indebted to those enterprising publishers and booksellers, of New York, Messrs. Anson D. F. Randolph & Co., for the April No. of the HOMILETIC QUARTERLY, which is published both in England and America, having an editor in each country, with many of the leaders of Religious thought in both lands as regular contributors. It is a work of great value to the hard-worked Pastor, giving him in small compass the carefully prepared results of other men's scholarship, and containing much that will prove suggestive and useful in the preparation of sermons. The contents of the present number are so varied and all of so practical a character, we feel sure that, placed in the hands of our country Clergy, it would be looked upon as a valuable addition to their ordinary reading, and its future arrival anticipated with pleasure. \$2 a year, single numbers 60 cts. A. D. F. Randolph & Co., 900 Broadway, New York.

We owe our thanks to the same firm for a volume of selected sermons by the late lamented Rev. Dr. Francis E. Lawrence, for twenty years rector of the Church of the Holy Communion, New York City, who died June 10th, 1879, at the comparatively early age of fifty. While a resident of New York for some months in 1868, we had frequent opportunities of hearing and seeing Dr. Lawrence, and the perusal of the introductory sketch of his life which prefaces these sermons confirms the views we then formed of him. His was a life lovely above other lives; simple and unaffected, earnest and devoted, faithful even unto death. No wonder his ministry was successful, or that his death was so much mourned. Among the good works and benevolent designs of his active busy life, he established the following Parochial Organizations, viz.: a Parish Dispensary; an Employment Society, a Working Men's Club, Bible Classes for Working Women; Mother's Meetings; Ladies' Missionary Society; Home for Convalescents and Shelter for Respectable Girls, and a Day Nursery and Babies' Shelter. The volume embraces thirty-six Sermons on the Christian Year, from Advent to Trinity, and are all written in that simple, loving, earnest style which arrests attention and wins respect. The success of Dr. Lawrence lay in his undoubted belief in all he uttered. What he preached that he believed himself in all its fulness without any reservation whatever. It was this implicit, childlike faith which touched other hearts, and which kindled in them the love he bore his Saviour. We heartily recommend these Sermons not only to our brethren of the Clergy, but also to the devout and sober-minded Laity. They cannot but do good to all who read them.

A HANDSOME PAPER.—The Illustrated Scientific News for May is before us, looking handsomer, if possible, than any of the preceding issues. Since its change of publishers last January, this magazine has improved with each succeeding number. The present number of the Illustrated Scientific News is overflowing with handsome engravings and interesting and instructive matter. Among the various subjects illustrated in this issue is a superb specimen of cut glass ware; an exhaustive article on asphaltum and its use in streets and pavements; a new and ingenious hand-car, shown in operation; a new steel steamer for use in shallow rivers; the new Jobert telescope, and an interesting paper on physics without apparatus, also fully illustrated. Every number contains thirty-two pages full of engravings of Novelties in science and the useful arts. To be had of all news dealers, or by mail of publishers, MUNN & Co., 37 Park Row, New York; at \$1.50 per annum; single copies 15 cents.

IT IS WORTH A TRIAL.

"I was troubled for many years with Kidney Complaint, Gravel, &c., my blood being thin; I was dull and inactive; could hardly crawl about, and was an old, worn out man all over, and could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth the trial."—(Father.)

To Holman Pad Co., Halifax:

GENTLEMEN,—I suffered with a cough for years, upon which no other remedies seemed to have the slightest effect, and which so reduced me that I thought nothing could save me. As a "forlorn hope," I was induced to try the Holman Pad Remedies. Your treatment has made an entirely new man of me. My cough has entirely disappeared; Rheumatism nearly all gone, and I am gaining flesh rapidly. I hear of numbers who are praising your remedies, and I also confidently recommend them, even where everything else has failed.

Yours, very truly, JOHN LITTLE.

INFLUENZA AND CATARRH (Commonly known as Cold in the Head)

There is perhaps, no disease that is more prevalent—in fact, has become an EPIDEMIC And if cured or arrested will produce diseases of a more serious character. It has been said that

Puttner's Emulsion

has proved itself a specific and cure, and its results have been most remarkable in arresting and curing these diseases.

BLOOD TONIC.

It is said an acknowledged by the highest medical authorities that IRON is a constant and necessary constituent of the body, and must be regarded as an important food, and as

Puttner's Emulsion

contains this essential constituent, in connection with other valuable adjuncts makes it more valuable than any other compound of the kind, in cases of IMPROVERISHED BLOOD, ANEMIA, in weak pale and DELICATE FEMALES and YOUNG CHILDREN.

NERVE TONIC

There is no Substitute for Puttner's Emulsion

It is an exceedingly valuable remedy for Nervous Diseases, and especially useful in Neuralgia, Nervous Dyspepsia, Lassness of Spirit, and to Clergymen, Students and Business Men, who are habitually overworked, and subject to severe mental strain derive much benefit from its use.

The Trade says

the demand for PUTTNER'S EMULSION is larger and gives better satisfaction, than all the other preparations of the kind put together, and they must keep it, which is another proof of its intrinsic worth.

PRICE, 50 CENTS. SEE YOU GET Puttner's Emulsion.

OUR CHILDREN.

Why compel them to take those vile and nauseating medicines, when PUTTNER'S EMULSION is so palatable and nice, and produces better results than any other. Most astonishing reports are daily recorded in favor of its cures, where other preparations of the kind have failed, and then been cast aside in disgust.

FOR DELICATE WOMEN, who are suffering from Anemia and Weakness, caused from Over-Nursing, PUTTNER'S EMULSION is just what is required to give tone to the system, and will immediately build them up in health and strength.

THE COMMON EXPRESSIONS, "I feel so dragged," "My Food don't Digest," "I don't feel fit for anything," which we so often hear during the Spring and early Summer months, are conclusive evidence that the majority of people require at that season especially a RELIABLE medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution.

HANINGTON'S "QUININE WINE AND IRON," taken according to directions, produces buoyancy of spirits, vigor of mind, and gives lasting strength to the whole system.

MOTHERS! MOTHERS! MOTHERS!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases; and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle.

Rest and Comfort to the Suffering.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago, any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal as its acting power is wonderful." Brown's Household Panacea, being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family for use when wanted, as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds, and is for sale by all Druggists at 25 cents a bottle.

GATES' INVIGORATING SYRUP

To Clear the Voice.

Messrs. C. Gates, Son & Co: GENTLEMEN,—I have been afflicted for a number of years with a sick headache, caused by a morbid state of the liver. About three years ago I was recommended by a friend to try your medicine. I did so and found great relief from using your INVIGORATING SYRUP. I can cheerfully recommend it to others afflicted as I was. I can also recommend it highly for hoarseness. I use it constantly for my voice, and believe that I derive more benefit from its use than any other medicine I have taken. I am acquainted with several families who keep it in their house as a family medicine and speak of it in the highest terms.
