Tenders will be received for the whole quantity above specified or for the quantities required in each institution. An accepted check for \$500, payable to the order of the Hon. the Provincial Secretary, must be furnished by each tenderer as a guarantee of his bona fides, and two sufficient sureties will be required for the due fulfilment of each contract. Specifications and forms and conditions of tenders may be obtained from the Inspectors of Prisons and Public Charities, Parliament buildings, Toronto, or from the Bursars of the respective institutions. The lowest or any tender not necessarily accepted. Newspapers inserting this advertisement without authority from the Department will not be paid for it.

J. R. STRATTON,

Provincial Secretary.

Parliament Buildings, Toronto, May 12, 1902.

Mercantile Summary.

THE Montreal Street Railway Company have decided to extend a line to Longue Point, along the river front.

At the annual sale of the drift drive logs, held in Indiantown last week, the prices realized were exceptionally high. Spruce sold at \$11.30 per thousand, hemlock at \$4, cedar at \$9.25, and pine at \$6 per thousand.

RESIDENTS of Wakefield village and vicinity are agitating to have an iron bridge built across the Gatineau river at that point. Another party favors the erecting of such a bridge at a site between Wakefield and Upper Wakefield, which they claim possesses superior advantages.

It is announced that Mr. A. J. Moxham has resigned the vice-presidency and directorate of the Dominion Iron and Steel Co. The latter vacancy has been filled by the appointment of Hon. L. J. Forget, who becomes a director, while Mr. James Ross has been named vice-president.

THERE appears to be a strange state of affairs reigning at the Chatham Binder Twine Company's factory, which at present lies idle. The other day a meeting was called to elect directors, and new officers were elected, but the old ones refused to retire. Legal talent takes opposite sides on the question as to which board has legal right.

THE Vancouver Province reports the manufacture last week of what is probably the largest single casting ever made in the province. It was made at the Albion Iron Works in that city, and was the bed plate for a log haul to be used in the woods. Six more are to be made in the same pattern. Over six tons of molten iron were used.

THE Toronto Junction council has passed an agreement with the Humber Power and Light Company, whereby the latter will supply the town with energy for its electric lighting system at 10c. per night for five years. The company has also contracted to furnish the Union Stock Yards with light at the same rate. The franchise is not an exclusive one.

FIFTEEN or sixteen years ago, L. H. & Noah Timmons started a general store in Mattawa, under the style of L. H. Timmons & Brother, but were not successful. They granted credits too freely, and lost thereby; they suffered loss by fire, which crippled them, and they assigned in Aug., 1897, owing \$25,000. This debt was compromised by paying one-fourth of the amount. Then their wives purchased the stock and continued the business under the brothers' management, which ended in disaster, and another assignment is made.—A furniture dealer, named C. A. Powell, succeeded Charles Cummings at Hamilton in November, 1899, paying \$1,500 for the stock. Owing to competition with bankrupt stocks, etc., he was obliged to assign. A meeting of creditors was held yesterday, but we have not learned what transpired.
