

ANNEX TO ARTICLE IV

I. DECLARATIONS OF CHEMICAL WEAPONS

A. The declaration by a State Party of the aggregate quantity
[,location], 1/ and detailed composition of chemical weapons under its
jurisdiction or control shall include the following:

1. The aggregate quantity of each chemical declared.

[2. The precise location of each declared storage site of chemical
weapons, expressed by:

- name;

- geographical co-ordinates.] 1/

3. Detailed inventory for each storage facility:

(1) Chemicals defined as chemical weapons in accordance with Article II:

(a) Chemicals shall be declared within the schedules specified in the
Annex to Article VI. 2/

(b) For a chemical not listed in the Schedules in the Annex to
Article VI, 2/ the information required for possible assignment of the
chemical to one of the proper schedules shall be provided, including the
toxicity of the pure compound. For a precursor chemical, the toxicity and
identity of the principal final reaction product(s) shall be provided.

(c) Chemicals shall be identified by chemical name in accordance with
current IUPAC (International Union of Pure and Applied Chemistry)
nomenclature, structural formula and Chemical Abstracts Service registry
number, if assigned. For a precursor chemical, the toxicity and identity of
the principal final reaction product(s) shall be provided.

(d) In cases involving mixtures of two or more chemicals, all such
components shall be identified and the percentage of each component shall be
provided, and the mixture shall be declared under the category of the most
toxic chemical.

(e) In cases involving multi-component munitions, devices, bulk
containers, and other containers, the quantity of each chemical component
shall be provided, as well as the projected quantity of the final principal
reaction product obtained. Such items shall be declared under the category of
the [key precursor] [key component].

1/ One delegation reserved its position on this question.

2/ A view was expressed that in the context of Article IV,
consideration should be given to the development of schedules applicable to
chemical weapons declared under the Article.
