

PUBLIC INFORMATION ACTIVITIES

IDN recognizes its responsibility to carry out public information activities. Such activities have included:

- the launching of a Web site on October 23, 1997 (<http://www.dfait-maeci.gc.ca/nndi-agency/>) (the Web site includes texts and summaries of key relevant national and international documents);
- the production of a public information brochure on the Agency;
- the production of an outreach report; and
- participation in public fora.

The Agency heads the interdepartmental Advisory Group on Nuclear Energy and Safety. Recently, the Advisory Group has encouraged concrete steps to improve the effectiveness of public information.
