

National Housing Act

In the field of construction it is private industry that has made the changes and introduced the new ideas. Private industry has encountered much difficulty in getting these new concepts approved by Central Mortgage and Housing.

With regard to low rental housing, again I know the minister means well and wants more limited dividend housing loans. In this regard you must again work through C.M.H.C.

Mr. Deputy Speaker: Order, please.

BUSINESS OF THE HOUSE

Mr. Macdonald (Rosedale): Mr. Speaker, I thought it might be useful to confirm to the house that tomorrow we will have an opposition allotted day, and on Friday we will con-

tinue with the debate in progress. I believe the hon. member for Winnipeg North Centre (Mr. Knowles) might have some further information about the subject matter for the allotted day tomorrow.

Mr. Knowles (Winnipeg North Centre): Mr. Speaker, that is an invitation one can hardly resist. We have filed notice of a motion for tomorrow which will be moved by the hon. member for York South dealing with the subject of takeovers of Canadian resources, industry and financial institutions by foreign corporations.

Mr. Deputy Speaker: Order. It being six o'clock this house stands adjourned until tomorrow at 2 p.m.

At six o'clock the house adjourned, without question put, pursuant to standing order.
