Dr. Cyrus Macmillan,  
Arts Building.

Dear Dr. Macmillan:-

I wish to thank you for the help you were to Dr. Nicholson in preparing the material used in the introduction of candidates for the Honorary Degree. I think everyone was much impressed with the conciseness and excellence of the wording of the introduction.

I wish to thank you also for the trouble which you had taken in arranging for the Pageant. It was really too bad that you were not able to stage it. I believe it would have been much appreciated by everyone.

Yours faithfully,

Principal.
