East in Calm Mood

Parkdale Ready To Enter Finals

Dispose of Harbord at Trinity College Campus—Rugby News and Gossip.

Parkdale College Institute defeated Harbord C.I. yesterday at Trinity College campus in the deciding game of the western section of the intercollegiate hockey tournament. The winners led at half time, 3 to 0. Only one goal was scored on each side, and there was a field goal by each. Harbord had the better defence, but this was more than offset by Parkdale's trick plays and attack line. Parkdale plays off with Technical, the eastern winners, for the championship.

Hugh Gall and Warren Corry will handle the Hamilton Rowing Club-T.R. & A.A. game, and a good clean game is expected.

The black and white squad had a rattling good workout last night with all the material out. Bickle failed to put in an appearance, but is expected in town today. Hal DeGruchy is ready to go to the Ottawa game, and T.R. & A.A. will have their strongest team out.

An Ottawa dispatch says: Tigers are coming. Just once a year this festive occasion crops up and it is always one of the most interesting of the fall. Statistics of Hamilton money deposited in Ottawa since 1908, points to this town being the greatest clearing house in the country. Out of seven starts down here, Tigers have had one ticket and that one being a 1 to 50 chance. Last year Hamilton beat the Senators for the first time in history in Ottawa, but not a nickel was bet on the game. The previous six clashes when Tigers had a real team, the wagering was done in thousands of dollars and in some instances Hamilton laid the odds. It looks like Wall Street is going to take this year with barrels of dough in sight. The contest bids fair to be one of the most spectacular ever staged at Lansdowne Park. It is expected that the Senators will be on the edge of the most spectacular ever staged at Lansdowne Park. It is expected that the Senators will be on the edge of the most spectacular ever staged at Lansdowne Park.

Ralph Patterson, president of the Western Canada Rugby Union, received a wire from President Pearson of the Alberta Union objecting to the Bears Club report that the Union was planning to play the Bears Club in the final of the Hugo Ross Cup on Saturday. Mr. Patterson asked for a ruling on the question, and President Pearson ruled that the Bears Club was not eligible to take part in the game.

It is found necessary for the Tigers to do without Lally for the game with Harbord, as Lally is going into the States. Fisher, playing at outside wing and Eddie planned to place Frank Miles at centre. A position he has occupied for some time, and with which he is quite familiar. Just what will be done is not yet known, although it is being held out that Ireland will be able to jump into the game.

Knowing full well that they must win the next contest from the T.R. & A.A. the Hamilton Rowing Club are holding their ground. The Bears Club, and judging from the one held last evening, the Hamilton squad will just about be in a position to down the Toronto contingent. The absence of the laurels that looked like Toronto's until Saturday last, in the absence of Manager Gibson, who left for Pittsburgh, a well-known coach is looking after the team. The Bears Club is going to put through a stiff drill. The evening practice was held at the home of the Bears Club, and the Bears Club is going to put through a stiff drill. BRIDGON CUP REPLAY. Uster v. Sun. 24. Clair and Weston took a kick-off at 2.30. Uster will be without the services of Thomas Clark, who has been misfortunate to lose eight fingers. He is a good soccer player and will be greatly missed by his team mates and followers, who hope to see him in the line up for the next season. Note: Players be on hand early.

Ireland's Out

Tigers Hit Hard

Will Be Unable to Play in the Next Game—Bengals Hard at Work—Notes.

The Tigers received a body blow when they were informed that George "Snootie" Ireland had been taken suddenly ill, and according to the latest reports, he will be unable to play in the next game. Ireland has proved to be one of the best men on the Tiger team this season, for in the three games already played he has been an important factor in the scores. The club doctor has been called and he is suffering from an attack of the grippe, which would likely keep him in bed for the next three days.

A Hamilton dispatch says: With the exception of Alex. McParlane, every regular and spare was on hand at the H. usual two-hour grind was indulged in after which Coach Marriott gave the boys a short talk on the tactics that he adopted in the next struggle. If condition and confidence count for anything, the local amateurs will see nothing but pink of condition, and are nothing but a Tiger victory. Norman Clark, who suffered a twisted ankle in the Montreal game, was in uniform last evening, and, although feeling the effects of his injury, went through the drill with the rest of the squad, and by Saturday will be in perfect condition. Coach Marriott is another man confident of victory, and is not too far from being right. The local club is not blowing his horn too loud, and he is not too far from being right. The local club is not blowing his horn too loud, and he is not too far from being right. The local club is not blowing his horn too loud, and he is not too far from being right.

If confidence will win, Tigers already have the game clinched. They are paying little or no attention to the reports that the frog Shag formation will surely win them, and are hopeful of winning forward to a hard game—but they cannot win by defeat can be their lot.

Harbord Midgets beat the Model School yesterday by 25 to 0, chiefly owing to the clever following up and lack of Dewitt, Wood and McKislock.

RUMORS OF PEACE STIR UP GOTHAM

One Club Owner Sure That Giants Will Pass Into Federal League Hands.

NEW YORK, Oct. 27.—From Chicago emanated a story that peace between organized baseball and the Federal League would be established in the very near future. This news dispatch tended to confirm published rumors that the compromise would entail an elimination of the financial lions of the outcast cause to buy their way into the National League. This Chicago story carried unusual interest for New York, as it said that the New York National League club was one of several who had agreed to the control of Federal League operators. The insinuation was that the controlling interests of the John T. Brush estate, as represented by President Harry M. Hempstead, would be transferred to Harry P. Sinclair, owner of the Newark Federal League club, and that the latter would be installed as king of the National League.
