

The Right Honourable Sir Wilfrid Laurier, P.C., G.C.M.G., K.C., Prime Minister of Canada, Honorary President of the Canadian Forestry Association, says:

*"It is not fair to the country—it is not fair to us who are living, and still less it is fair to the generations to come after us—that we should allow the destruction of the forest to go on year by year by the cutting down of the trees, and make no effort whatever to replace what is thus taken away."*—Forestry Convention, 1906.

Mr. R. L. Borden, K.C., M.P., leader of the Opposition in the House of Commons, says:

*"Of all our wonderful natural resources none are more important than the forests. Their conservation is undoubtedly more vital to our future than is generally realized."*
