## SECTIONS READY TO RELAY.

The three sections of the intake pipe  
which were raised and landed at the  
John-dock, have been repaired and  
are now ready for relaying. These  
damaged sections totalled 477 feet in  
length.The section of the pipe lying between  
the gap and the intake itself, has been  
placed in perfect condition. The sand  
has also been removed from it.If the weather clears for a few days  
a whole pipe and intake will be re-  
placed and the city will be drawing  
its entire water supply from a point  
2100 feet south of the island shore.Some idea of the size of the job that  
the waterworks department has been  
up against may be gathered from the  
fact that since February Superintendent  
Randall and his men have examined  
and cleared 3200 feet of pipe, over  
2000 feet of this being under the island.FORMOSA is a dainty toilet vinegar,  
not a powder which fills the pores

Lack of Brick Delays Trunk Sewer

Work on the low level sewer is being  
delayed, says a reliable authority, by  
lack of sufficient supply of brick and  
lime. The department has been  
forced to use inferior material, and  
this has caused the delay. The  
work is now under construction.  
Four-fifths of the high-level sewer  
are completed and the whole sewer  
will be in operation in November.

## BIG INFANT MORTALITY

Half of Deaths Recorded Children  
Under Four Years.More than fifty per cent. of all the  
deaths registered at the city hall yester-  
day were those of children. The to-  
tal deaths returned were 32—of children  
under four years of age 17.Five children were stillborn, 6 were  
under one year, and the others were  
under four years of age.One child, Margaret Maccaffrey, of  
71 Ulster-st., was returned as  
caused by heat. She had reached the  
advanced age of 89 years. Another oc-  
currence, the death of a child, was re-  
turned as caused by a fracture of the neck  
of her thigh bone.

## FIRE VICTIMS BURIED.

GALT, Ont., July 17.—The remains  
of Mr. and Mrs. D. McQueen, who  
were killed in the forest fire at Por-  
cupine, arrived here today for burial.  
The double funeral took place this after-  
noon at Mountview Cemetery. At the  
regular meeting of the town council  
this evening a grant of \$200 was  
made towards the relief fund for the  
sufferers by the recent fires in Por-  
cupine, Cochrane and Pottsville.

## The Big Gates on the Highlands.

The big gates on the Yonge-street  
side of the Alexander Gardens are be-  
ing duplicated on the Bathurst-street  
side, and a casual visitor will find that  
within a very short while many im-  
provements are being made in the  
residential district "on the highlands  
of Toronto." It is interesting to note  
that to take a car to Stop 19 on the  
Metropolitan line and visit this pretty  
residential spot if he has an idea of a  
new home for himself.

## Smallpox at Montreal.

MONTREAL, July 17.—A new case  
of smallpox has been discovered, the  
victim being a sailor named Malcol-  
me, 19 years of age, a native of Port Ma-  
cabe, Ont., who arrived on the grain-  
steamer, the "Rosa," from Boston, and  
was removed to the civil isolation hos-  
pital on Moreau-street.The vessel carried a crew of 19 men,  
four being vaccinated. The civil au-  
thorities immediately vaccinated the  
entire crew, fumigated the vessel and  
let her sail.

## Chinaman Ran Amuck.

At 9 o'clock this morning the residents  
of Gladstone-avenue were startled by  
loud shouting and shrieks as Lem Jow,  
a Chinese laundryman, came crazy with  
the heat of the recent hot spell, dashed  
out of his washery at No. 618, yelling  
blue murder in Chinese. He was col-  
lared by Policeman Smith (284), who  
took him to the Ossington-avenue police  
station, where he told a terrible tale  
of the plottings of his two brothers,  
who, with whom he has been laundering,  
had been plotting to murder him. The  
brothers soon appeared upon the scene,  
and Lem is held upon a charge of  
murder. The brothers have been com-  
mitted to the asylum.

## Robert D'Esterre's Funeral.

The funeral of the Robert D'Esterre,  
the popular college institute student,  
who lost his life in the Porcupine fire,  
will be held this afternoon at three  
o'clock from his mother's residence,  
11 East Charles-street.

## A Long Record.

STRATFORD, July 17.—George Brown,  
the famous politician, has returned  
from a visit to the fourth division  
office as clerk in the fourth division  
office for over forty years. He has  
never been known to miss a court.  
Mr. Brown has been postmaster for 31 years.  
He also held the Great Northwestern  
Telegraph agency for over 40 years.

## Street Car Fatality.

MONTREAL, July 17.—Another street  
car fatality occurred to-night, when  
Pier, a 14-year-old boy, was killed  
by a car at the corner of St. James  
and St. Catherine streets, West  
Montreal.

Profit by Lesson.Sarah Cable, 17 years, 2261 St. Clair,  
and Agnes Bushy, 18 years, 52  
Hook-avenue, were arrested yesterday  
by Detective Coates, charged with  
being the two girls who ran away from  
their homes with two men who visited  
the city two weeks ago. Their  
money took them as far as Grimsby,  
from which place the quartet walked  
to Niagara Falls.The girls were turned back at the  
border while the men, being Ameri-  
can citizens, were allowed to pass on.  
The girls were then returned to the  
city. Since their return, the girls have  
not been at their homes, and their arrest  
was made upon a warrant taken out  
by the police. The girls' parents are  
also requested their arrest.

## WORK OF INCENDIARY

Terrible Forest Fire Raging in West-  
ern Port of Amherst County, N. S.AMHERST, N.S., July 17.—A terrible  
forest fire has been raging in the  
western portion of this county for the  
last week. The fire originated on the  
lumber property owned by Messrs.  
Cochrane and Sohier, at Fort George,  
and has since spread rapidly, and the  
work of an incendiary, and that fires  
were set in three places, including  
their property and on portions of it not  
visited by either hunters or fishermen.  
So far the fire has run thru valuable  
timber lands for eighteen miles, and  
has burned a swath from six to eight  
miles wide.From one hundred to two hundred  
men employed by the different lum-  
bermen in this section of the country have  
been fighting the fire for the past six  
or eight days, with little success.  
To-day the conflagration is raging as  
fiercely as ever, and clouds of smoke  
are being driven up the valley of the  
Fundy coast, and thru the River  
Herbert Valley.

Wilfrid Laurier and Hon. W. S. Field-

ment contribute to the local fund for  
the fire sufferers.The premier intimated that the govern-

of tents to the scene of the disaster.  
The question of a money grant was

REAL ESTATE BOOM

At Points Along Proposed Route of  
Hudson Bay Railway.OTTAWA, July 17.—That the pro-  
posed construction of the Hudson Bay  
Railway has given origin to a real  
estate boom at various points along  
the route that rivaled that which Win-  
nipeg experienced at its inception was  
attested by the fact that the W. S. Field-  
ing, superintendent of forestry,  
who has just returned from a  
month's visit of inspection for the  
site of a railway which at present  
exists only on paper would appear  
to be a real estate man, according to  
Mr. Campbell.There is a big real estate boom  
going on there, he said, and a Canadian  
Press correspondent. "Everywhere  
where there is a chance of opening up  
at all is getting a big boom. The  
land itself is where speculation is busiest,  
as a big lumber mill that gives em-  
ployment to a large number of men  
has been erected there. The buying  
of land is being mostly done by  
Winning dealers, and lots are chang-  
ing hands rapidly."

American Immigration.

OTTAWA, July 17.—In the early part  
of the year the figures representing  
American immigration to the west in-  
dicated a slight falling off which was  
attributed to false reports as to the  
state of the Canadian crops. For the  
six months ended June 30, however, a  
small increase is shown and the expecta-  
tions are that it will grow considerably.

ROSY CROP REPORTS.

OTTAWA, July 17.—Crop reports  
from the outlying districts of the Ot-  
tawa Valley are of a most rosy char-  
acter. An enormous harvest is ex-  
pected, and the condition of the  
grain is said to be excellent. Notwith-  
standing the fact that it was generally  
believed that the blighting of the su-  
per part of July would cause havoc  
with wheat, oats and barley, it is now  
said that no great damage has been  
done.

SAM CHARTERS BETTER.

Sam Charters, M.L.A. for Peel, who  
underwent an operation on Saturday,  
is making progress towards recovery  
at his home in Brampton.

MONTREAL, July 17.—Another street  
car fatality occurred to-night, when  
Pier, a 14-year-old boy, was killed  
by a car at the corner of St. James  
and St. Catherine streets, West  
Montreal.

## FIRST SOD OF NEW CHURCH

Rev. Dr. Turnbull Piled Spade at  
Pleasant Function.Before a large gathering of mem-  
bers and friends of West Presbyterian  
Church, who had collected on the new  
church lot at College-street and Mont-  
rose-avenue last evening, Rev. Dr. J.  
A. Turnbull, the pastor, turned the  
first sod of the excavation for the new  
house of worship. The spade was hon-  
ored by J. B. Hay, chairman of the  
building committee, with appropriate  
remarks, and smilingly, the doc-  
tor turned to his task. "Praise God  
from whom all blessings flow," closed  
the service.The other members of the building  
committee present were: John Dods,  
A. Humphrey, James Gow, John Web-  
ster, Norman Somerville, A. McCaul,  
and H. Eccles. At the conclusion of  
the service, the committee arranged for  
the clearing of the lot, and for the  
immediate work on the excavation.  
It is expected that the church will be  
used for service by Christmas.  
The cost of the lot is \$40,000. The  
present church on Denison-ave-  
nue has been sold.
