By G. M. Henderson & Co.

87-89 King Street East

HAZELTON

British Columbia, the coming city of Northern B.C. Only 100 LOTS WILL BE OFFERED IN TORONTO. Terms—One-half cash, balance one year at 6 per cent. Title perfect, which will be produced on application of any purchaser.

A SUB-DIVISION OF LOT 103, CASSIOR DISTRICT—REGISTERED IN VICTORIA, FREE OF ALL ENCUMBRANCES, PLAN NO. 805. Parties desiring to pay cash can place their money in any chartered bank having a branch in Vancouver, B.C., and receive their deeds as per terms of agreement.

HAZELTON

HAZELTON like Winnipeg, another old Hudson Bay centre, will been with the coming of railroads, which are all heading that way. It is at the head of navigation on the Skeena, and at the junction of the Bulkly River, also navigable for large steamers.—What The Colonist, Victoria, Sept. 22, 1905. says about

HAZELTON "At the confluence of the Bulkly and Telqua, at Hazelton, over one hundred square miles of coal lands have been surveyed; on the Kispirx River are vast deposits of miles of coal lands have been surveyed; on the Kispirx River are vast deposits of Anthracite coal. The finds are mostly at the head waters Telqua, Morice and Copper Anthracite coal. The finds are mostly at the head waters Telqua, Morice and Copper Anthracite coal. The finds are mostly at the head waters Telqua, Morice and Copper Rivers, near Hazelton. Not only are the values wonderfully high, but the vast ex-Rivers, near Hazelton. Not only are the values wonderfully high, but the vast ex-Rivers, near Hazelton. Not only are the values will be the site of one of may seem large, and it is, yet there it is. Bulkly Valley rull be the site of one of may seem large, and it is pet the world; some values run \$100 and \$150, and others the greatest copper, silver and gold in relative proportions. The district is an ideal one for smelting, as all kinds of coal are very convenient, with iron and lime in abundance, furnishing any flux that may be required."

Since this article was printed the Gugginhlemers of New York, and Hintze, the Since this article was printed the Gugginhlemers of New York, and Hintze, the copper king of Montana, have invested several millions of dollars in this section above mentioned, and it is said they will commence this summer to develop their properties. With the entrance of transcontinental railroads and opening up of these rich mines, where the rich farming and grazing lands of the Bulkly Valley surround the town, where the rich farming and grazing lands of the Bulkly Valley surround the town, where the rich farming and grazing lands of the Bulkly Valley surround the town,

HAZELTON

THE CLIMATE

Hazelton is just far enough away from the coast to escape the dampness near the eccan in midsummer. It is warm without being sultry, while the winter is clear and bracing.

HAZELTON

The town site has a gradual raise from the Skeena and Bulkly Rivers; the lots are all high and dry; the surface dotted occasionally with only hazel bushes (hence the name Hazelton), and costs almost nothing to clear, ANOTHER WORD ABOUT HAZELTON

A. M. Beattle, a well-known business man of Vancouver, B.C., and having resided there for 20 years, will be at the sale as representative of the owner, having full power of attorney to sign and deliver agreements and impart any further information required. HAZELTON

MILLION BUSHELS BURN. Armour & Co.'s Grain Elevator in Chicago Totally Destroyed by Fire

Chicago, May 30 .- Fire early to-day destroyed Armour and Company's elevator "D" at Fisk-street. With the elevator were destroyed 1,000,000 bushels of wheat, corn and oats. Four men employed in the elevator were hurt, one fatally.

The loss was estimated roughly at between \$500,000 and \$1,000,000. Fifteen

cars, filled yesterday with grain, were on the tracks by the elevator, and were

TO SAVE TOWN FROM FIRE

in Toronto, Wednesday, Thursday and Saturday of next week, and at Lindsay on Friday, at the earnest request of the collegiate institute. The sale of the covered wooden bridge of the somerset Railroad between this town and Anson, which caught fire from a spark from a passing locomotive. The bridge, which was 600 feet long, spanned the
