

CRAMPS AND FEVER AND AGUE.

CROTON LANDING, N. Y., June 23d, 1888.

MESSRS. RADWAY & Co., 32 Warren St., N. Y.:

Gentlemen—Last season I employed about 150 men; during the season they bought of me sixteen dozen bottles of READY RELIEF, a large number of PILLS and RESOLVENT. They use it in their drinking water, ten to fifteen drops to a glass, to prevent cramps and keep off fever and ague; also for bruises, sore hands, rheumatic pains, sore throats.

If by any mischance we run out of any of them we have no peace until our stock is replaced. I myself take it before going out on the yard early in the morning, and am hardly ever troubled with fever and ague. This spring I was attacked with rheumatism and the Pills did me more good than any other medicine I took.

Yours truly,

S. HAMILTON, JR.

CONGESTION OF THE LUNGS.

If suddenly seized with Congestion or Inflammation of the Lungs, Pneumonia or Pleurisy, rub the chest and side, back and spine freely with Radway's Ready Relief, give the Resolvent in doses of a teaspoonful *every hour*, and take six or eight of Radway's Pills. In the most distressing forms, the patient will breathe free and easy. In a few minutes after the rubbing with the Relief, and swallowing the Resolvent, all danger will be passed as soon as the Pills operate; but it is well to continue the Resolvent and Pills in small doses for several days, and to wear around the body flannel soaked with Ready Relief. Even if epidemic, life will be preserved if this simple treatment in the above form is followed.

A REPUBLICATION OF GOOD ADVICE.

TRY IT TO-NIGHT,—“*You will Sleep Well and be Better in the Morning.*” You have caught cold! another cough; can't raise the phlegm; irritation of the throat; a heavy pressure on one of the lungs; breath short; if you could only raise up that matter that sticks so tight, you would feel easy; a sharp pain every once in a while troubles you near the heart and sometimes pains in the shoulders and back. As soon as you lie down you have a fit of coughing; this is the experience of thousands at this minute.

Now for Relief, Prompt, Quick, Immediate and Pleasant.

Take at once a dessert-spoonful of SARSAPARILLIAN RESOLVENT—ah, yes, the obstinate phlegm is loosened, good! that is right, up with it, it relieves you; well, you feel much easier; now, then, rub the chest well for five minutes with RADWAY'S READY RELIEF; very good; the skin becomes reddened; you begin to perspire freely, and the soreness and pain are gone; now rub the back and shoulders with READY RELIEF a few minutes; pain gone; good! you feel like sleeping; very well, take twenty drops of READY RELIEF in some water—pleasant, stimulating, and tonic; now take six of RADWAY'S PILLS—then go to sleep. Morning you look fresh; pleasant; no cough; have had a good, thorough operation, feel like eating a good hearty breakfast; no more cold, no sore throat or difficult expectoration. This treatment is simple, and sure to cure the worst colds between bed-time and breakfast. Try it to-night, all who have a cough from catching cold. Obstinate chronic coughs will in a few days be cured by this treatment.

CONSUMPTIVES, LOOK TO IT—New lungs cannot be made, but the SARSAPARILLIAN RESOLVENT will stop the decay and waste now going on, and repair the waste with new material, made from pure, strong blood. It will stop your cough, give you strength, and keep you alive.
