Just a Few of Many Furs

January is the greatest fur month, and for this reason we have planned, together with the clearing of all odd sets and pieces, a most comp lete stock of choice pieces. Every woman loves beautiful furs. Few understand how to tell a dyed from a natural fur, a pieced from a whole skin, a blended from an entirely natural fur. Nor are they always sure what constitutes a really good fur, whether the color should be light or dark, or the hair should be long or short. Most people know, in a general way, but the experts in our Fur Department know in a most particular way. It is wonderfully satisfying to go into the Fur Section and know that every single fur there has been individually selected and inspected, and is here because it is the very best fur possible at the price. Among the choice selected pieces are these:

Mink Muffs, barrel shape, in fine eastern skin s \$52.00, \$54.00 to \$80.00 Mink Pillow Muffs, in fine selected skins..... \$42.50, \$50.00 to \$70.00 Novelty Neckpieces in seal, showing large cap e style, in plain or trimmed with sable or fitch. Prices \$20.00 to \$72.00
