Baseball

No Retrenchment
In the Majors

BASEBALL AS USUAL IN MAJOR LEAGUES

Schedule, Player Limit and
Training Same as Before
the War.

Chicago, Dec. 14.—There will be no curtailment of the playing season, no limiting of the player limit, nor limitation of the training season in the major leagues next year. The club owners of the National and American Leagues decided at their joint meeting here today that there was no cause for alarm about baseball at present. They agreed that if the war forces them to retrench, it will be time enough to adopt a war policy when the actual conditions arise.

The two leagues decided to open the 1918 season on Tuesday, April 16, a week later than last year, and to play a 154-game schedule, which has been the program for years.

The National League agreed to the American League plan for the collection of the federal war tax. It was decided to collect only what the government imposes—three cents on bleacher seats, five cents on pavilion seats, eight cents on grand stand and ten cents on box seats. The leagues also decided to collect a ten-cent tax on every free admission. There is every indication that the plan for a new division of the world's series prize, which previously had been opposed by President Johnson of the American League, will be adopted. President Johnson and Arthur Hays Sulzberger, president of the Cincinnati Nationals, and chairman of the National Baseball Commission, were empowered to act on the advisability of adopting the plan, which provides that the four first division clubs in the two leagues shall share in the prize.

"I was much impressed with the thought," President Johnson said tonight, "I came from Mr. Hays, and I believe I shall vote for it. We purpose pooling the world's series money and also the receipts of city series, which will make a rich prize."

Chairman Haysmann believes the plan will produce a more spirited race in both leagues.

"There will be something for the second, third and fourth clubs to fight for if they are to share in the prize," Haysmann said. "Pennant races often are decided a month or so before the close of the season and interest in the clubs out of the fight usually lags. If the plan is adopted there will be no lagging."

"Basing my figure on the world's series receipts last season the players on one club finishing second will get approximately \$500 each. The members of the fourth club will receive something like \$300 each. It is proposed that the prize shall be divided on a sixty and forty basis. Sixty percent of the winning share will, of course, go to the champion.

Write for entry forms at once.

club. The balance will be divided among the other teams." President Johnson said the subject of paying the \$100,000 to backers of the New York and Baltimore teams of the National League was not brought up today. He said the issue probably will be settled by the individual leagues. The American League is ready to pay its share, \$55,000, any time, he said.

HOCKEY NOTES.

St. Patrick's trotted out seven men for their practice last night. Jack Dore, formerly of St. Michael's, and now a soldier, was a newcomer. Dore is a fast man and will be a big help to the Irish. Maxwell and McCulligan were the goalkeepers.

The Crescents, the new senior club, had one over the half dozen out. Crooks, Smith and Hill of last year's T. R. & A. team were in the squad. McCaffery, from Riverdale, Boyd and Fallow were the others.

The St. Patrick's Hockey Club met yesterday and elected their officers for the season as follows: Honorary president—A. Richard; honorary vice-president—C. Tetley; president—Leut. A. H. Potts; secretary—George O'Donoghue.

ONE GOAL VICTORY FOR THE DENTALS

Extended to the Limit to Beat
Hamilton at the
Arena.

Those fans who stayed away from the Arena last night, expecting the exhibition game between Dentals and Hamilton to be a listless affair, missed a bet. While the Dentals were 5-4, it was a rip-roaring contest from bell to bell, and the players could not have put a bigger effort into the game if it had been the O.H.A. final.

The six-man game made a hit with the fans. The play was much faster, and there was none of that tiresome bunching in the early stages that Hamilton had conditioned and team play on the Allan Cup hockey, and the Dentals had put everything into the contest to pull out a victory. In the final ten minutes Manager Jerry Lafamme donned his skates and got into the fray. It was a battle after Jerry's style, and he enjoyed it. Hamilton showed a nicely-balanced team, and if they stay in the intermediate ranks, we are willing to put our dollar on them to again capture the honors. Reese and Parker, the big, husky defence men, played sterling hockey. It was their rushing that put ginger into the game, and they checked like fiends at all times. Boyd was the pick of the forwards. His work was clean-cut and clever. Hamilton's only fault seemed to be a tendency to get rid of the puck too quickly when they struck the defence. The follow-in style of play might have won the game for them.

Dentals made many shifts to give their men a chance. They had a better system of attack than the visitors, but were shy of attack and team play. Another practice or two will fix this. Bill Box and Shaddon relieved the pressure time after time with rushes, and the forwards checked in that style that wins games. Milan was a honest at centre, and his work was pretty to match. J. Stewart was the big goal-getter with that wicked shot of his from close quarters. He was a tireless worker and fitted in smoothly to any team play that was attempted. Charlie Stewart must be handsomely paid. He was the pressure man, marvelous, and he turned them aside, not once, but several times, after the opposing forwards were clean thru. Olson checked well and has speed, but was like a find. His shooting, Kengle looks like a willing worker, but was not on long enough to show his real worth. It took Hamilton some time to get their feet under them. The Dentals rushed things in the first period and ran in the first fifteen minutes. Boyd finally

got one for Hamilton with a low shot from outside the defence.

The fun started in the second period. The players started to check in earnest, and it was one rush after another up the ice. Two minutes after the start, Boyd beat Stewart with a low shot from the side. The Dentals tried rush after rush, but the Dentals drove them out. Reese rushed up alone and shot one between Boyd's legs and into the net. This left Hamilton only one down, and they worked like beavers to even it up. The bell stopped the fun. Hamilton tried to within striking distance time after time, but neglected to have a man in centre to take the pass. Just before the bell rang Box broke away and was thru alone on the side, only to have Reese throw his stick and spoil it. Reese was rightly benched. Olson missed the net three times in a row.

Box opened the third session with a lone rush, that carried him right thru, but McPhail came out to stop it. Hamilton tied it up four minutes after the period opened. Bishop got a pass at the side, when he had the defence beaten, and netted it. It went from end to end, with the play getting more furious every minute. Hamilton stood the pace better. The Dentals got a pretty three-man combination working, and it resulted in the winning goal being scored. J. Stewart scored it after Milan had passed to Box and Bill gave it to Stewart when he had only the goalies to beat.

Jerry Lafamme then got into the game and enjoyed the excitement. Hamilton had two or three chances to tie it up, but the grand work of Stewart in the last few days. It ended 5 to 4 for Dentals. About 600 turned out for the game. General Logie faced the puck.

The summary—Dentals (5)—Goal, C. Stewart; defence, Stedals, Box, Centre, Milan; right, Smylie; left, J. Stewart.

Hamilton (4)—Goal, McPhail; defence, Parker, Reese, centre, Boyd; right, Bishop; left, Murray.

Referee—Sergeant Davis, Brampton.

ST. MICHAELS HOLD
INITIAL WORK-OUT

Good Practices at the Arena
—Box Not Ready to
Answer.

St. Michael's College held their first practice at the Arena yesterday afternoon, and had out a squad of twenty. Many of these are untried players, and it will take a practice or two to weed them out. Travers of De La Salle last year was out with the Saints, and was about the best man on the ice. O'Brien, a former Peterboro goalie, looks good. Beaudont, who hails from Midland, is a likely-looking boy. McIntosh, Cornwall, brother of the former C.C.C. player, and Leberg of Valleyfield College are good boys on the first work. Stan Brown, the former St. Patrick's defence man, was a bright, shining light of the practice.

St. Andrews showed about fifteen men for their second work. All the men who were out on Wednesday again took a whirl at it, and a half-dozen other good boys practised. Boyd and Scott from Cornwall, Thomson of Dundas, Sturtevant of Petrolia and Louis of Sherbrooke were a few of the new ones noticed.

Charlie Querre seems to have decided on Reg Noble for the centre position on his Toronto pro team. Noble was again in centre ice at yesterday's practice, and showed in great fashion. Harry Treacy again displayed a lot of speed, and, in fact, the whole squad showed the sharpest work of the season. Every man

is showing his best, and Manager Querre has a big job ahead of him picking the regulars.

Upper Canada had a dozen out for their second workout. They were the same candidates as performed on Wednesday and worked well together.

Manager Charlie Querre of the Toronto pro team, Wilbur (Bill) Box, a hardy, some offer to desert the amateur ranks since returning from Detroit and seven weeks ago. He asked a few days to think it over, and it will be about the middle of next week before he gives the Toronto manager his answer. Box would make a great man for the pros.

KNOWN THE WORLD OVER

Ladies' Cigars

"Does your wife pick your clothes?
No—only the pockets."

When the time-worn gag, about the wife who picked the neckties and bought the cigars, finally died, this old joke came to life.

Today, she can give away cigars and be certain that brother, husband, sweetheart will enjoy them.

For, such is the fame of ARABELA Cigars that she can get them at any tobacconist's, round any corner, in boxes of 10, 25 or 50 cigars.

As they contain only the finest blend of Havana tobaccos, they will please any discriminating smoker. They are mild, mellow and of delicate aroma.

For forty long years they have been a boon and a blessing to men, and, as Charlie says, "ARABELA today is not merely the good old ARABELA, but a better cigar than ever."
