"Of the troops which have volunteered for service overseas there still remain in Canada approximately 50,000. It is necessary that the country should not be left without an adequate force for home defence in case of emergency.

Canada has every reason to be proud of her sons who have taken such a noble part in winning the war, and their deeds of valor have been recounted time and time again, and now, when the British Empire is struggling to maintain its existence and to secure Liberty and Justice for the world, it is Canada's duty to do still more.

In order that the 50,000 troops of the Canadian Expeditionary Force, at present serving in Canada, may be released for active warfare, an appeal is now made to the manhood of Canada for an equal number of men to volunteer for home defence by joining the active militia. An opportunity, is, therefore, now afforded to those who have been prevented from undertaking service overseas to join this movement of active service for home defense."

SIR EDWARD KEMP,

Minister of Militia and Defence

The men of the Canadian Expeditionary Forces held in Canada as an adequate safeguard, are needed NOW in France for what Sir Robert Borden says is "the most critical period of the war".

To release them Canada calls for men, physically fit, who for any reason cannot go Overseas, but are willing to serve at home.

Enlistment in the Canadian Defence Force is for One Year-or for the period of the war and six months after if required. Clothing, equipment and rations provided as in the C. E. F. Pay the same as that for Militia on active service, with Separation Allowance for married men.

Here is your opportunity to add one to the strength of our army at the Front by enlisting for service here at home. For full particulars enquire at Armories of the Regiments listed below.

#### MEN STILL REQUIRED FOR OVERSEAS IN THE CANADIAN EXPEDITIONARY FORCES.

Fairbairn, general passenger agent of the C.N.R., from J. H. Clarke, of Montreal, United States immigration officer-general, Canadian troops in uniform can now cross the border. This will facilitate the movement of troops, as they can now be sent over the portion of the C.N.R. line that runs thru the United States. Sir Edward Kemp, minister of militia, who was returning to Ottawa last night after spending Easter with his family, said that he was glad to hear of the embargo having been lifted.
