New York, Sept. 10.—Believing that Mrs. Rose Zellar was murdered and her helpless body left in the kitchen of her apartment in West 103rd street, the coroner today caused the arrest of Albert Zellar, the dead woman's husband and Mrs. Zellar's sister of Mrs. Zellar. The husband was charged with homicide. Zellar reported the case to the police as a suicide, but Mrs. Zellar said that Mrs. Zellar was infatuated with Dr. Jacob Hochman, who formerly employed her as a housekeeper. The St. Vincent the Largest and Heaviest Battleship Ever Built for the British Navy—Placed in Water.

Portsmouth, Sept. 10.—The St. Vincent, the largest and heaviest battleship ever built for the British navy, was launched today. The ship was built for the government. A copy of the report will also be sent to Mayor Bullock. The result of the work is said to be most satisfactory, as nowhere has such a large vessel been built in this country. The ship is 250 feet long and 35 feet deep. It is the largest vessel of the Dreadnought type to be launched in this country. The Admiralty has expressed its satisfaction with the construction of the ship. It is believed that some additional weight of the St. Vincent is to be accounted for by her heavier armament for protection against torpedoes, and by improvements giving greater security to those controlling the movement of the ship while in action. A number of foreign naval attaches attended the launching on the invitation of the Admiralty. The St. Vincent was laid down in December of last year. She is supposed to be of about 12,000 tons and her cost has been given at \$2,500,000.

Rutherford, premier of Alberta, who is now in Toronto, in an interview. Mr. Rutherford added that he could see no reason, so far as his knowledge of the country was concerned, for any foundation to the pretensions of the Conservative press that Sir Wilfrid Laurier would meet with defeat west of the Great Lakes. Speaking of the recent trip through the west of H. B. Ames, M.P., Mr. Rutherford said the Montreal member's campaign had accomplished nothing so far as interests of his party were concerned, for he had proved nothing.

If these characters are permitted to go abroad in this manner and the city council takes no action there will undoubtedly be a resort to the courts of the land. It is really an evidence of great forbearance that such action has not already been taken. It is stated on excellent authority that several estimable gentlemen were actually told last week that if they did not cease shouting and dancing on the public street they would be arrested. By what right does any man with manners conduct himself in this manner? Citizens say that unless the aldermen get rid of the policemen he will go out and canvass against every one in this free country is freedom of the subject to do what he likes. Jamesey is quite hot about it.

CASE AGAINST D. C. CLINCH UP ON THE CIRCUIT COURT

Capt. Morrissey of Wormworth, England, on Stand Swore He Sent Clinch \$9,000 to Buy United States Steel Stock and Got Neither Stock nor His Money Back.

The case of the King vs. D. Carleton Clinch, charged with theft of \$9,000 from Captain George Morrissey, occupied the day's session of the circuit court before Judge McLeod and jury. Attorney-General Hazen prosecuted and B. M. Baxter defended. Captain Morrissey, the only witness for the crown, said he was residing at Wormworth, Eng. He told of instructing the Bank of Liverpool to forward \$9,000 to W. H. Goody & Co., brokers and agents of D. C. Clinch, doing business at 74 Broadway, New York City at Mr. Clinch's request. The \$9,000 was to be invested by Mr. Clinch in United States steel stock preferred.

Mr. Baxter objected to the statement sent the sending of the amount by the bank to the Goody concern. Mr. Baxter objected to any correspondence between Goody and Morrissey being allowed in evidence. A copy of the original cable was shown, which directed the Bank of Liverpool to forward W. H. Goody at New York the amount specified. The witness received a communication from Clinch acknowledging receipt of the money, but stating that he had not made a purchase of the stock, as he considered the price unreasonable.

In a later communication the accused wrote Mr. Morrissey, stating the United States Steel Corporation preferred stock shares were selling at 92 7/8, but as he expected to buy soon at 88 he allowed the matter to stand in abeyance, and if he (Morrissey) would not get impatient, everything would go all right, as he was waiting for the stock to come up. The witness called Clinch shortly after as follows: "D. C. Clinch, St. John." "Buy steel preferred and cable amount,"—Morrissey.

A letter written on Jan. 29 was not passed in evidence by the absence on objection by Mr. Baxter, as a discussion of the proper mode of investing the money was the contents of the missive. On Jan. 29, Clinch wrote to Morrissey the following letter: "Dear Sir: I received your two cables the first asking if I bought the steel stock to which I replied no, not yet. A second cable on the same day stated that the Clinch had purchased the stock at 92 1/2 and was mailing certificates later. He had sent me a check for \$9,000, but as he had securities which would bring him enough to make compensation. To Mr. Hazen, I wrote to Clinch requesting the certificates or money but received neither. On March 21, Clinch wrote to Morrissey: "The sheriff has attached part of my funds with my New York agents but, I will be able to send the certificates in a month." Do not be too hard on me. Remember that ten years ago I pulled out of a bad hole when I owed you a large amount. On June 2, Mr. Morrissey said he left Liverpool arriving in St. John on the 19th. He immediately went to Clinch's office where he asked for the steel certificates but the accused replied that he had not the time to do so he could not give them to him.

MULAI WILL TAKE HIS CUE FROM KAISER

New Sultan of Morocco Awaits German Advice Before Responding to the Franco-Spanish Note.

Paris, Sept. 10.—The Temps, in a cute spongy editorial, declares that the only explanation of Mulai Hafid's delay in responding to his proclamation as Sultan at Tangier, August 23, is that he is awaiting the counsel of Germany. The Temps repeats the German semi-official statements that the Mission of Dr. Vassel, the German counsel, who is on his way to Fez, is not political, and insists that the evidence is now conclusive that Dr. Vassel made a political declaration at 23 Ksar. It reveals the similarity between the German demands now and those made concerning the mission of Count Von Tattenbach, the former German Minister to Morocco, when he visited the Sultan in 1905, the political nature of which the white and yellow books later substantiated.

GREAT SOCIAL EVENT

St. Stephen, Sept. 10 (Special).—No social event of recent years has aroused more interest than that at the curing rink last evening, when Mr. Billy and Mr. Alf, supported by Mr. Twin and Mr. Dan, and Mr. Beth and another Mr. Billy were introduced and gave a most interesting and highly classical entertainment. The swings and jabs were greeted with delight, and the punches and sidesteps aroused great enthusiasm. When Mr. Twin swatted Mr. Dan on the mug the applause was deafening and when Mr. Billy handed Mr. Alf one in the broad-shoulder he received an ovation. Too much praise cannot be given to these gifted entertainers, and it is pleasing to be able to announce that the gate receipts were large. Every small boy in St. Stephen has his coat off today, and the general feeling freely expressed on all sides is that the town has been greatly benefited and highly honored.
